## THEY VISITED MACON.

President and Party Spent a Few Hours There Today.

LATER THEY LEFT FOR AUGUSTA.

President McKinley and some of the members of his party attended different churches at Savannah on Sunday. President visited a colored school.

MACON, Ga., Dec. 19.—President McKinley and party arrived here this morning and remained a few hours, leaving later for Augusta.

SAVANNAH, Dec. 19.—On Sunday President McKinley attended church at the Westmore Memorial Methodist church. Mrs. McKinley did not accompany him. She is suffering from a slight cold, and remained at the hotel. Her indisposition, however, does not amount to real illness, and in the afternoon she was able to take a carriage ride about the city.

The president was met at the door of the church by leading members of the congregation, who escorted him to the pew reserved for him. As he entered the congregation arose and remained standing until he had taken his seat. The sermon was by Rev. John A. Thompson, D. D. There was no reference to the distinguished presence during the service, beyond an invocation by the preacher for divine guidance for the president during the crisis which now confronted the country.

Secretary Alger and General Shafter attended the first Presbyterian church, and after the service held an informal levee in the aisles, many persons crowding around them to shake hands and bid them welcome.

General Joseph Wheeler and Secretary Wilson worshipped at the First Baptist. After the service they shook hands with several hundred persons.

Secretary Long attended St. John's Episcopal church and Secretary Smith the Independent Presbyterian. They also were greeted by many members of the congregations.

After dinner the president visited the Georgia State Agricultural and Mechanical College (colored), where he delivered an address. The route to the college took the president through the camp of the seventh army corps, and going and coming he stopped at the camp for a brief inspection and to speak words of appreciation and encouragement to the men.

Secretary Alger and General Shafter also visited the camps. Secretary Alger paid more attention to the camp than any other member of the party. He went through several of the regimental villages, from headquarters to kitchen, and made a critical examination. He also visited the hospital of the first division, where he spoke kindly to the sick men and made inquiries into their wants and how they were supplied. After his trip he expressed himself as very much gratified with the camp and the work of the hospital corps.

Postmaster General Smith, General Shafter and the newspaper correspondents with the presidential party were the guests of the officers of the Third Battalion, Third Georgia regiment, at the camp in the afternoon. An oyster dinner was served. Postmaster General Smith made a short address, during the course of which he paid a high tribute to the press for its integrity.

General Shafter made an impromptu, conversational talk to the men assembled, which was full of suggestiveness, and at once placed the general in touch with all of his hearers. After the dinner the party made an inspection of the camps. Without exception the visitors pronounced the arrangements excellent.

The members of the visiting party spent the evening in the parlors of the hotel until the time came for them to depart for Macon, for which place their train left about midnight. On the way to the depot the president was greeted with hearty cheers, as indeed he has been every time he has come within sight during his visit here.

At one point in his speech, at the banquet at the Desoto hotel, Saturday night, President McKinley said:

"It follows the clear precepts of duty, territory falls to us and the welfare of an alien people require our guidance and protection. Who will shrink from the responsibility, grave though it may be? Can we leave these people, who, by the fortunes of war and our own acts are helpless, without government, to chaos and anarchy, after we have destroyed the only government they have had?"

After destroying their government, it is the duty of the American government to provide for them a better one. Shall we distrust ourselves? Shall we proclaim to the world our inability to give kindly government to oppressed peoples, whose future, by the victories of war, is confided to us? We may wish it otherwise, but who will question our duty now?"

It is not a question of keeping the islands of the east, but of leaving them. Dewey and Merritt took them and the country instantly and universally applauded. Could we have brought Dewey away without universal condemnation at any time from the list of May, the day of his brilliant victory which thrined the word with its boldness and heroism?"

Was it right to order Dewey to go to Manila and capture or destroy the Spanish fleet and dispatch Merritt and his army to reinforce him? If it were duty to send them there and duty required them to remain there, it was their clear duty to annihilate the fleet, take the city of Manila and destroy the Spanish sovereignty in the archipelago.

Having done all that in the line of duty, it was his duty to remain there and give

to the inhabitants protection and also our guidance to a better government which will secure to them peace and order and security in their life and property and in the pursuit of happiness? Are we unable to do this?"

Are we to sit down in our isolation and recognize no obligation to a struggling people whose present conditions we have contributed to make? I would rather have the confidence of the poet Bryant, when he exclaims: "Thou, my country, thou shalt never fall! Seas and stormy air

Are the wide barriers of thy borders where. Among the gallant sons that guard thee well. Thou laughest at enemies. Who shall then declare

The date of thy deep founded strength, or tell How happy in thy lap the sons of men shall dwell?"

My fellow citizens, whatever covenants duty has made for us in the year 1898 we must keep.

## RIOTOUS CUBANS.

Wounded Street Car Passengers and Several Spanish Soldiers, Who Finally Fired Upon Them.

HAVANA, Dec. 19.—A crowd of Cubans of the lower class, firing shots into the air in celebration of the evacuation of Cerro, stopped street cars and compelled passengers to shout "Viva Cuba libre." Among the demonstrators were a number of butchers, who carried pistols and knives. Jose Gancedo and his cousin, Teodoro Huertas, who were on the curb, were wounded with knives. Gancedo died and Huertas will probably die.

Later the crowd met some engineers at the Esquina de Tejas and fired upon them, seriously wounding one. They returned the fire, wounding a street car conductor, a civilian, Osodoro Basols and John Leonard, a colored man.

The rioting continued, many shots being fired in front of the Casa de Socorro, where the wounded were assisted.

Spanish soldiers were ordered to the scene. While marching through Cerro they were fired upon by men concealed behind pillars. One Spanish soldier fell wounded and the battalion fired into the air to scare the rioters. On resuming their march they were again fired upon and another man was hit. The Spaniards then fired and dispersed the rioters.

Among the wounded was a colored woman, and it is also reported that there were several others.

## OUTLAWRY ABOUT SANTIAGO.

Man Murdered Not a Guerilla—Stabbings at Several Places.

SANTIAGO, Dec. 19.—It turned out that the man who was shot here Friday morning by a Cuban negro, after landing from a schooner hailing from Baracoa was not, as was at first supposed, Celesto Rodriguez, the guerilla, but a merchant from Baracoa, who had come here to purchase supplies. The assumption is that the crime was committed for the sake of robbery.

From Firmesa came a report that the alcalde has been attacked and stabbed with a machete and there has been another stabbing affray at Daiquiri. Although these affairs are probably minor, the authorities now feel compelled to police those places which heretofore have been unnecessary owing to the fact that a majority of the workmen were Spanish soldiers and under military discipline.

## U. S. CRUISER STRUCK A ROCK.

An Accident to the Cincinnati in Santiago Harbor.

SANTIAGO DE CUBA, Dec. 19.—While the United States cruiser Cincinnati was leaving port she ran full speed upon a rock clearly defined in the charts but not buoyed. Last September General Leonard Wood, considering that the absence of a buoy there might lead to some accident, anchored a small one, the first ever placed there, but the Bessie, on entering the harbor one night, carried it away, and since then there has been no buoy to mark the location of the rock.

The Cincinnati is probably not seriously damaged, as she is not making water. Attempts have been made to pull her off.

## HOBSON GOT HIS KISSES.

One Hundred and Sixty-Three Girls Bombarded Him at Chicago Auditorium.

CHICAGO, Dec. 19.—Lieutenant Hobson lectured on "The Sinking of the Merrimac" under the auspices of the Chicago Press club at the Auditorium, and after the lecture the members of the audience pressed forward for an impromptu reception.

There was much handshaking and applause, but more interesting than either were 163 kisses given the Merrimac hero by as many girls. The lieutenant met the attack bravely and even seemed to encourage it.

## Inspected by War Investigators.

NORFOLK, Va., Dec. 19.—Dr. P. S. Connor and General James A. Beaver of the war investigating commission came to Fort Monroe from Washington Sunday morning and returned there Sunday night. During the day they inspected the Josiah Simpson hospital and the Fort hospital and found everything satisfactory and in good shape.

## FUNERAL OF BRICE.

Services and Interment at Lima Today.

## THE PLACE IS IN MOURNING.

Many Railway Employees and Citizens Attended—President Thompson of Miami University Spoke of the Dead Man's Example, When Living, to Men.

LIMA, O., Dec. 19.—The funeral of the late Calvin S. Brice occurred here today.

The remains arrived Sunday morning, from New York. The special train bearing the body and the family pulled into the Chicago and Erie depot about 10:45 o'clock. Flags on all public buildings were at half mast in honor of the distinguished dead and many buildings were in mourning. There was a crowd of over 2,000 people at the depot when the train pulled in, and after the family were taken to the carriages, the procession moved with the G. A. R., U. V. U. and Lima lodge of Elks, which was the only secret order he belonged to, acting as escort.

The remains were taken to the Brice residence, where they remained until this morning, when they were taken to the Market Street Presbyterian church about 9 o'clock and lay in state until noon. The services occurred about 1 p. m. Rev. Dr. W. O. Thompson, president at Miami university, made a short address on the example set for young men by the deceased, and the pastor, Rev. R. B. Thompson, D. D., made the address. Rev. Hunter read the Scripture lesson and there were several selections by the choir. There was a suspension of business all over the city. Business houses closed at noon and all manufacturing establishments ran with as few hands as possible.

The Lake Erie and Western road, of which Mr. Brice was president, ran three special trains here for the accommodation of their employees, who wore badges of mourning. The floral tributes were most elaborate and represent an outlay of at least \$10,000. A carload arrived on the special train from New York city. Another carload came from Indianapolis and fully that many were from this city. The employees of this division of the Lake Erie and Western road presented an engine eight feet long, tender and two coaches ten feet long each made of white roses.

New York, Dec. 19.—The funeral of ex-Senator Calvin S. Brice of Ohio took place Saturday in the Fifth Avenue Presbyterian church. The church was crowded and a large number of persons prominent in society and in public life were present.

The body, in a cloth-covered casket, wholly black, was taken in a hearse from the family home to the church. The Rev. Dr. Wallace Radcliffe of Washington was in the pulpit when the body was taken in and the choir, which was in waiting, began to sing "Sun of My Soul" as the casket was borne up the main aisle. It was rested on a bier and partly covered with lines of the valley and carnation.

Dr. Radcliffe read from the Scriptures, after which the choir sang "Lead, Kindly Light."

At the close of the service the body was carried out before the congregation dispersed and while the choir sang "Abide With Me."

A large delegation of members of the Ohio society was present. Among the prominent persons in the church were Colonel Robert G. Ingersoll, Senator Mark Hanna, General C. H. T. Collins, General Anson G. McCook, H. H. Brockway, General Henry L. Burnett, George K. Sheldon, Colonel Arthur W. Soper and Richard Croker.

The body was taken to the Erie railroad terminus in Jersey City, where it was placed on a train for conveyance to Lima, O.

## BOY MURDERERS.

Two at Chillicothe, O., Found Guilty of Killing a Girl.

CHILlicothe, O., Dec. 19.—Two mere boys, Elmer and George Butler, aged respectively 20 and 13, were found guilty here of manslaughter and will serve a term in the penitentiary for the murder of Daisy Browner, a young girl. The crime was a heinous one, and in the trial it was proven that the girl had been shot from ambush for no cause whatever.

The defense made an attempt to prove that insanity ran in the Butler family, but the jury could not be convinced.

## New Castle Man Chosen.

CLEVELAND, Dec. 19.—The executive committee of the grand lodge of the Rod Mill Workers' association met here and accepted the resignation of Frank Pierce as president. Edward May of this city was elected to the vacancy and Fred F. Friederichs of New Castle, Pa., was chosen first vice president. It was also decided to change the date of the annual meeting from the second Saturday of January to the third Saturday of June.

## Rockefeller Offers \$100,000.

NEWARK, O., Dec. 19.—John D. Rockefeller, the Standard oil multi-million-

aire, proposes to give the endowment fund of the Denison university \$100,000, provided the trustees raise \$150,000 by the close of this century, one year hence. The trustees are already designing plans by which the friends of the school all over the country may be successfully appealed to.

## Edward G. Mason Dead.

CHICAGO, Dec. 19.—Edward G. Mason, one of Chicago's most prominent and successful lawyers, died at his home, aged 59, of Bright's disease, aggravated by an injury to the head received in a fall. Recently he has been frequently mentioned as the candidate of the western alumni to succeed Timothy Dwight as the president of Yale college.

## TAKEN SPAIN'S WAR.

General Shafter Said We Would Hear More of the Insurgents in Cuba.

SAVANNAH, Dec. 19.—At the collation of the officers of the Third Georgia regiment to Postmaster General Smith and the newspaper correspondents, General Shafter had some interesting things to say about Cuba and the Cubans. He did not make a speech, but in a conversational way expressed himself.

"It seems to me," said General Shafter, "that a great many persons have an erroneous idea respecting our relations with the Cubans. As I view it, we have taken Spain's war upon ourselves. We shall in all probability hear a good deal more of the 'insurgents.'"

"How about self-government for the Cubans?" General Shafter was asked.

"Self-government," the general repeated. "Why, those people are no more fit for self-government than gunpowder is for h—ll."

In the same line General Shafter went on to tell why the United States would, in his opinion, be obliged to remain in the island for some time, and govern the territory by military force.

## KING OSCAR ILL.

Ruler of Sweden and Norway Suddenly Taken Sick and Confined to His Bed.

LONDON, Dec. 19.—The Copenhagen correspondent of The Daily Mail says that King Oscar II. of Sweden and Norway has been suddenly taken ill and is now confined to his bed.

King Oscar, who is the great grandson of Napoleon's famous General

KING OSCAR II.

Bernadotte, was born Jan. 21, 1829, and succeeded to the throne on April 18, 1872, on the death of Charles XV. He married in June, 1857, the Princess Sophia of Nassau, daughter of the late Duke Wilhelm of Nassau.

From this union there are four sons—Gustav, Duke of Wermland, born in June, 1858, now heir apparent to the throne; Oscar, Duke of Gottland, born in November, 1859, and who married Miss Libba Munck, daughter of Colonel Munck, renouncing at the time of his marriage all right to succeed to the throne; Carl, Duke of Westergottland, born in February, 1861, and Eugene, Duke of Nerike, born in August, 1865.

## GENERAL BROOKE ILL.

May Have to Stay in Savannah a Week, Where He Went to See the President.

SAVANNAH, Dec. 19.—Major General Brooke, who was appointed as military governor of Cuba, arrived in the city Sunday afternoon. He had a conference with the president and Secretary Alger last evening shortly after his arrival. After the conference Secretary Alger said General Brooke was on his way to Havana province and had come to Savannah upon telegraphic orders for a conference with the president and secretary relative to affairs on the island.

General Brooke is suffering from a cold and fever. It was said that the fever was high and that probably he would not be able to leave the city for a week.

## Brought Back Shipwrecked People.

NEW YORK, Dec. 19.—The British steamer Pawnee, which arrived from Mediterranean ports, brought ten shipwrecked people, eight men and two women, who were taken from the disabled schooner Deer Hill of St. John, N. B., in midocean.

## AGAINST EXPANSION.

Less Than 2,000 Signed Petitions to the Senate.

## THESE ARE FROM 21 STATES.

Senator Platt to Commence an Answer to Vest in the Senate Today—The Peace Treaty Likely to Be Ratified at This Session.

WASHINGTON, Dec. 19.—Senator Platt of Connecticut is expected to begin a reply today to the speech of Senator Vest on expansion, made last Monday, and as he has given very careful attention to the extension of our territorial area no little interest is manifested among senators in his presentation of the matter, and it is not improbable, unless the Nicaragua bill prevents, that the speech will precipitate a more or less general debate upon this question. Whether it does or not a number of speeches on the same subject will be made after the Christmas holidays preparatory to the consideration of the peace treaty.

It is hoped that the treaty will be taken up for discussion early in January. Already there is talk of the probability of disposing of the treaty during the present session, and the impression favorable to this result is growing. A few senators manifest a disposition to debate the treaty at length, and some profess unalterable opposition, but the feeling is so strong against an extra session and in favor of the postponement of the settlement of the disposition of the Philippines after they come into our possession, that it now seems that even the minority will consent to the treaty's ratification without material delay.

The friends of the treaty, who are giving attention to the closest details of opposition as they develop themselves, have taken the pains to have enumerated the names of the signers to the memorials against annexation which have reached the senate, and they find that there are fewer than 2,000 of them, distributed among the states as follows:

Massachusetts, 1,435; West Virginia, 101; Indiana, 74; Ohio, 50; Florida, 47; New York, 45; Virginia, 39; Vermont, 29; Maryland, 16; Pennsylvania and Illinois, 15 each; Rhode Island, 12; New Hampshire, 6; California and Missouri, 3 each; Wisconsin and Tennessee, 3 each; and Maine, Colorado, Iowa and Nevada, 1 each.

## Colonel Carlos Garcia Arrived.

NEW YORK, Dec. 19.—Colonel Carlos Garcia, eldest son of the late General Garcia, arrived here on the Ward line steamer Santiago. Colonel Garcia was in command of a division of the army in Santiago province at the time of his father's death. He will stay in this city for a day or two, and will then go to Washington and later to Thomasville, Ga., to visit his mother.

## TWO DRUNKS.

Were Given the Usual Dose by Mayor Bough Today.

What has been termed as a hoodoo to the police has at last been broken, and several arrests on charges of intoxication were made Saturday night. The mayor has been unusually busy since Saturday, and business has become very brisk.

Saturday night James McGee, who lives near the power house, was arrested by Officer McMillan. He was taken to jail and a charge of intoxication was placed against him. He was released last evening by Chief Johnson by placing a forfeit of \$10 with the authorities, and this morning pleaded guilty to the charge and was fined \$9.60. This is the second time he has been before Mayor Bough, he being in last May.

William Farrish was seen in Sixth street at 2 o'clock this morning by Officer White and as he was very drunk was told to go home. Later the same officer found him sleeping near the china works, and as it was getting cold he was gathered in and taken to jail in the patrol. This morning he pleaded guilty to the charge and was fined \$5 and costs, amounting to \$9.60. He made arrangements to pay and was released.

Several women called on the mayor since Saturday night and all had tales of woe to tell. As a matter of fact the gentleman would not say anything about their visits. It is very probable that several arrests will be made during the week as a result of the visits.

The crime was a heinous one, and in the trial it was proven that the girl had been shot from ambush for no cause whatever.

The defense made an attempt to prove that insanity ran in the Butler family, but the jury could not be convinced.

## New Castle Man Chosen.

CLEVELAND, Dec. 19.—The executive committee of the grand lodge of the Rod Mill Workers' association met here and accepted the resignation of Frank Pierce as president. NEWARK, O., Dec. 19.—John D. Rockefeller, the Standard oil multi-million-

## TAKEN SPAIN'S WAR.

General Shafter Said We Would Hear More of the Insurgents in Cuba.

SAVANNAH, Dec. 19.—At the collation of the officers of the Third Georgia regiment to Postmaster General Smith and the newspaper correspondents, General Shafter had some interesting things to say about Cuba and the Cubans. He did not make a speech, but in a conversational way expressed himself.

"It seems to me," said General Shafter, "that a great many persons have an erroneous idea respecting our relations with the Cubans. As I view it, we have taken Spain's war upon ourselves. We shall in all probability hear a good deal more of the insurgents."

"How about self-government for the Cubans?" General Shafter was asked. "Self government," the general repeated. "Why, those people are no more fit for self-government than gunpowder is for a bullet."

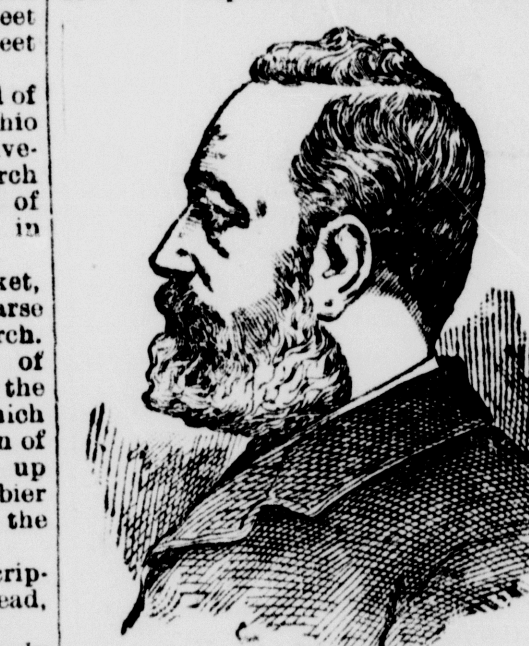

In the same line General Shafter went on to tell why the United States would, in his opinion, be obliged to remain in the island for some time, and govern the territory by military force.

## KING OSCAR ILL.

Ruler of Sweden and Norway Suddenly Taken Sick and Confined to His Bed.

LONDON, Dec. 19.—The Copenhagen correspondent of The Daily Mail says that King Oscar II. of Sweden and Norway has been suddenly taken ill and is now confined to his bed.

King Oscar, who is the great grandson of Napoleon's famous General

KING OSCAR II.

Bernadotte, was born Jan. 21, 1829, and succeeded to the throne on April 18, 1872, on the death of Charles XV. He married in June, 1857, the Princess Sophia of Nassau, daughter of the late Duke Wilhelm of Nassau.

From this union there are four sons—Gustav, Duke of Wernland, born in June, 1858, now heir apparent to the throne; Oscar, Duke of Gottland, born in November, 1859, and who married Miss Lilla Munck, daughter of Colonel Munck, renouncing at the time of his marriage all right to succeed to the throne; Carl, Duke of Westergottland, born in February, 1861, and Eugene, Duke of Nerike, born in August, 1865.

## GENERAL BROOKE ILL.

May Have to Stay in Savannah a Week, Where He Went to See the President.

SAVANNAH, Dec. 19.—Major General Brooke, who was appointed as military governor of Cuba, arrived in the city Sunday afternoon. He had a conference with the president and Secretary Alger last evening shortly after his arrival. After the conference Secretary Alger said General Brooke was on his way to Havana province and had come to Savannah upon telegraphic orders for a conference with the president and secretary relative to affairs on the island.

General Brooke is suffering from a cold and fever. It was said that the fever was high and that probably he would not be able to leave the city for a week.

## AGAINST EXPANSION.

Less Than 2,000 Signed Petitions to the Senate.

## THESE ARE FROM 21 STATES.

Senator Platt to Commence an Answer to Vest in the Senate Today—The Peace Treaty Likely to Be Ratified at This Session.

WASHINGTON, Dec. 19.—Senator Platt of Connecticut is expected to begin a reply today to the speech of Senator Vest on expansion, made last Monday, and as he has given very careful attention to the extension of our territorial area no little interest is manifested among senators in his presentation of the matter, and it is not improbable, unless the Nicaragua bill prevents, that the speech will precipitate a more or less general debate upon this question. Whether it does or not a number of speeches on the same subject will be made after the Christmas holidays preparatory to the consideration of the peace treaty.

It is hoped that the treaty will be taken up for discussion early in January. Already there is talk of the probability of disposing of the treaty during the present session, and the impression favorable to this result is growing. A few senators manifest a disposition to debate the treaty at length, and some profess unalterable opposition, but the feeling is so strong against an extra session and in favor of the postponement of the settlement of the disposition of the Philippines after they come into our possession, that it now seems that even the minority will consent to the treaty's ratification without material delay.

The friends of the treaty, who are giving attention to the closest details of opposition as they develop themselves, have taken the pains to have enumerated the names of the signers to the memorials against annexation which have reached the senate, and they find that there are fewer than 2,000 of them, distributed among the states as follows:

Massachusetts, 1,435; West Virginia, 101; Indiana, 74; Ohio, 50; Florida, 47; New York, 45; Virginia, 39; Vermont, 29; Maryland, 16; Pennsylvania and Illinois, 15 each; Rhode Island, 12; New Hampshire, 6; California and Missouri, 3 each; Wisconsin and Tennessee, 3 each; and Maine, Colorado, Iowa and Nevada, 1 each.

## Colonel Carlos Garcia Arrived.

NEW YORK, Dec. 19.—Colonel Carlos Garcia, eldest son of the late General Garcia, arrived here on the Ward line steamer Santiago. Colonel Garcia was in command of a division of the army in Santiago province at the time of his father's death. He will stay in this city for a day or two, and will then go to Washington and later to Thomasville, Ga., to visit his mother.

## TWO DRUNKS.

Were Given the Usual Dose by Mayor Bough Today.

What has been termed as a hoodoo to the police has at last been broken, and several arrests on charges of intoxication were made Saturday night. The mayor has been unusually busy since Saturday, and business has become very brisk.

Saturday night James McGee, who lives near the power house, was arrested by Officer McMillan. He was taken to jail and a charge of intoxication was placed against him. He was released last evening by Chief Johnson by placing a forfeit of \$10 with the authorities, and this morning pleaded guilty to the charge and was fined \$9.60. This is the second time he has been before Mayor Bough, he being in last May.

William Farrish was seen in Sixth street at 2 o'clock this morning by Officer White and as he was very drunk was told to go home. Later the same officer found him sleeping near the china works, and as it was getting cold he was gathered in and taken to jail in the patrol. This morning he pleaded guilty to the charge and was fined \$5 and costs, amounting to \$9.60. He made arrangements to pay and was released.

Several women called on the mayor since Saturday night and all had tales of woe to tell. As a matter of fact the gentleman would not say anything about their visits. It is very probable that several arrests will be made during the week as a result of the visits.

14TH YEAR. NO. 163.

EAST LIVERPOOL, O., MONDAY, DEC. 19, 1898.

## THEY VISITED MACON.

President and Party Spent a Few Hours There Today.

LATER THEY LEFT FOR AUGUSTA.

President McKinley and Some of the Members of His Party Attended Different Churches at Savannah on Sunday. President Visited a Colored School.

MACON, Ga., Dec. 19.—President McKinley and party arrived here this morning and remained a few hours, leaving later for Augusta.

SAVANNAH, Dec. 19.—On Sunday President McKinley attended church at the Westmore Memorial Methodist church. Mrs. McKinley did not accompany him. She is suffering from a slight cold, and remained at the hotel. Her indisposition, however, does not amount to real illness, and in the afternoon she was able to take a carriage ride about the city.

The president was met at the door of the church by leading members of the congregation, who escorted him to the pew reserved for him. As he entered the congregation arose and remained standing until he had taken his seat. The sermon was by Rev. John A. Thompson, D. D. There was no reference to the distinguished presence during the service, beyond an invocation by the preacher for divine guidance for the president during the crisis which now confronted the country.

Secretary Alger and General Shafter attended the first Presbyterian church, and after the service held an informal levee in the aisles, many persons crowding around them to shake hands and bid them welcome.

General Joseph Wheeler and Secretary Wilson worshipped at the First Baptist. After the service they shook hands with several hundred persons.

Secretary Long attended St. John's Episcopal church and Secretary Smith the Independent Presbyterian. They also were greeted by many members of the congregations.

After dinner the president visited the Georgia State Agricultural and Mechanical college (colored), where he delivered an address. The route to the college took the president through the camp of the Seventh army corps, and going and coming he stopped at the camp for a brief inspection and to speak words of appreciation and encouragement to the men.

Secretary Alger and General Shafter also visited the camps. Secretary Alger paid more attention to the camp than any other member of the party. He went through several of the regimental villages, from headquarters to kitchen, and made a critical examination. He also visited the hospital of the first division, where he spoke kindly to the sick men and made inquiries into their wants and how they were supplied. After his trip he expressed himself as very much gratified with the camp and the work of the hospital corps.

Postmaster General Smith, General Shafter and the newspaper correspondents with the presidential party were the guests of the officers of the Third Battalion, Third Georgia regiment, at the camp in the afternoon. An oyster dinner was served. Postmaster General Smith made a short address, during the course of which he paid a high tribute to the press for its integrity.

General Shafter made an impromptu, conversational talk to the men assembled, which was full of suggestiveness, and at once placed the general in touch with all of his hearers. After the dinner the party made an inspection of the camps. Without exception the visitors pronounced the arrangements excellent.

The members of the visiting party spent the evening in the parlors of the hotel until the time came for them to depart for Macon, for which place their train left about midnight. On the way to the depot the president was greeted with hearty cheers, as indeed he has been every time he has come within sight during his visit here.

At one point in his speech, at the banquet at the Desoto hotel, Saturday night, President McKinley said:

"Following the clear precepts of duty, territory falls to us and the welfare of an alien people require our guidance and protection. Who will shrink from the responsibility, grave though it may be? Can we leave these people, who, by the fortunes of war and our own acts are helpless, without government, to chaos and anarchy, after we have destroyed the only government they have had?

After destroying their government, it is the duty of the American government to provide for them a better one. Shall we distrust ourselves? Shall we proclaim to the world our inability to give kindly government to oppressed peoples, whose future, by the victories of war, is confided to us? We may wish it were otherwise, but who will question our duty now?

It is not a question of keeping the islands of the east, but of leaving them. Dewey and Merritt took them and the country instantly and universally applauded. Could we have brought Dewey away without universal condemnation at any time from the 1st of May, the day of his brilliant victory which thrust the world with its bosom and heroism?

Was it right to order Dewey to go to Manila and capture or destroy the Spanish fleet and dispatch Merritt and his army to reinforce him? If it were duty to send them there and duty required them to remain there, it was their clear duty to annihilate the fleet, take the city of Manila and destroy the Spanish sovereignty in the archipelago.

Having done all that in the line of duty, is there any duty to remain there and give

to the inhabitants protection and also our guidance to a better government which will secure to them peace and order and security in their life and property and in the pursuit of happiness? Are we unable to do this?

Are we to sit down in our isolation and recognize no obligation to a struggling people whose present conditions we have contributed to make? I would rather have the confidence of the poet Bryant, when he exclaims: "Thou, my country, thou shalt never fall! Seas and stormy air

Are the wide barriers of thy borders where, Among the gallant sons that guard thee well, Thou laugh'st at enemies. Who shall then declare The date of thy deep-founded strength, or tell How happy in thy lap the sons of men shall dwell?"

My fellow citizens, whatever covenants duty has made for us in the year 1898 we must keep.

## RIOTOUS CUBANS.

Wounded Street Car Passengers and Several Spanish Soldiers, Who Finally Fired Upon Them.

HAVANA, Dec. 19.—A crowd of Cubans of the lower class, firing shots into the air in celebration of the evacuation of Cerro, stopped street cars and compelled passengers to shout "Viva Cuba libre." Among the demonstrators were a number of butchers, who carried pistols and knives. Jose Gancedo and his cousin, Teodoro Huertas, who were on the curb, were wounded with knives. Gancedo died and Huertas will probably die.

Later the crowd met some engineers at the Esquina de Tejas and fired upon them, seriously wounding one. They returned the fire, wounding a street car conductor, a civilian, Osodoro Basols and John Leonard, a colored man.

The rioting continued, many shots being fired in front of the Casa de Socorro, where the wounded were assisted.

Spanish soldiers were ordered to the scene. While marching through Cerro they were fired upon by men concealed behind pillars. One Spanish soldier fell wounded and the battalion fired into the air to scare the rioters. On resuming their march they were again fired upon and another man was hit. The Spaniards then fired and dispersed the rioters.

Among the wounded was a colored woman, and it is also reported that there were several others.

## OUTLAWRY ABOUT SANTIAGO.

Man Murdered Not a Guerilla—Stabbings at Several Places.

SANTIAGO, Dec. 19.—It turned out that the man who was shot here Friday morning by a Cuban negro, after landing from a schooner hailing from Baracoa was not, as was at first supposed, Celesto Rodriguez, the guerilla, but a merchant from Baracoa, who had come here to purchase supplies. The assumption is that the crime was committed for the sake of robbery.

From Firmesa came a report that the alcalde has been attacked and stabbed with a machete and there has been another stabbing affray at Daiquiri. Although these affairs are probably minor camp rows, the authorities now feel compelled to police those places which heretofore have been unnecessary owing to the fact that a majority of the workmen were Spanish soldiers and under military discipline.

## U. S. CRUISER STRUCK A ROCK.

An Accident to the Cincinnati in Santiago Harbor.

SANTIAGO DE CUBA, Dec. 19.—While the United States cruiser Cincinnati was leaving port she ran full speed upon a rock clearly defined in the charts but not buoyed. Last September General Leonard Wood, considering that the absence of a buoy there might lead to some accident, anchored a small one, the first ever placed there, but the Besiege, on entering the harbor one night, carried it away, and since then there has been no buoy to mark the location of the rock.

The Cincinnati is probably not seriously damaged, as she is not making water. Attempts have been made to pull her off.

## HOBSON GOT HIS KISSES.

One Hundred and Sixty-Three Girls Bombarded Him at Chicago Auditorium.

CHICAGO, Dec. 19.—Lieutenant Hobson lectured on "The Sinking of the Merrimac" under the auspices of the Chicago Press club at the Auditorium, and after the lecture the members of the audience pressed forward for an impromptu reception.

There was much handshaking and applause, but more interesting than either were 163 kisses given the Merrimacher by as many girls. The lieutenant met the attack bravely and even seemed to encourage it.

## Inspected by War Investigators.

NORFOLK, Va., Dec. 19.—Dr. P. S. Connor and General James A. Beaver of the war investigating commission came to Fort Monroe from Washington Sunday morning and returned there Sunday night. During the day they inspected the Josiah Simpson hospital and the Fort hospital and found everything satisfactory and in good shape.

## FUNERAL OF BRICE.

Services and Interment at Lima Today.

## THE PLACE IS IN MOURNING.

Many Railway Employees and Citizens Attended. President Thompson of Miami University Spoke of the Dead Man's Example, When Living, to Men.

LIMA, O., Dec. 19.—The funeral of the late Calvin S. Brice occurred here today.

The remains arrived Sunday morning, from New York. The special train bearing the body and the family pulled into the Chicago and Erie depot about 10:15 o'clock. Flags on all public buildings were at half mast in honor of the distinguished dead and many buildings were in mourning. There was a crowd of over 2,000 people at the depot when the train pulled in, and after the family were taken to the carriages, the procession moved with the G. A. R., U. V. U. and Lima lodge of Elks, which was the only secret order he belonged to, acting as escort.

The remains were taken to the Brice residence, where they remained until this morning, when they were taken to the Market street Presbyterian church about 9 o'clock and lay in state until noon. The services occurred about 1 p. m. Rev. Dr. W. O. Thompson, president at Miami university, made a short address on the example set for young men by the deceased, and the pastor, Rev. R. B. Thompson, D. D., made the address. Rev. Huntley read the Scripture lesson and there were several selections by the choir. There was a suspension of business all over the city. Business houses closed at noon and all manufacturing establishments ran with as few hands as possible.

The Lake Erie and Western road, of which Mr. Brice was president, ran three special trains here for the accommodation of their employees, who wore badges of mourning. The floral tributes were most elaborate and represent an outlay of at least \$10,000. A carload arrived on the special train from New York city. Another carload came from Indianapolis and fully that many were from this city. The employees of this division of the Lake Erie and Western road presented an engine eight feet long, tender and two coaches ten feet long each made of white roses.

New York, Dec. 19.—The funeral of ex-senator Calvin S. Brice of Ohio took place Saturday in the Fifth Avenue Presbyterian church. The church was crowded and a large number of persons prominent in society and in public life were present.

The body, in a cloth-covered casket, wholly black, was taken in a hearse from the family home to the church. The Rev. Dr. Wallace Radcliffe of Washington was in the pulpit when the body was taken in and the choir, which was in waiting, began to sing "Sun of My Soul" as the casket was borne up the main aisle. It was rested on a bier and partly covered with lilies of the valley and carnation.

Dr. Radcliffe read from the Scriptures, after which the choir sang "Lead, Kindly Light."

At the close of the service the body was carried out before the congregation dispersed and while the choir sang "Abide With Me."

A large delegation of members of the Ohio society was present. Among the prominent persons in the church were Colonel Robert G. Ingersoll, Senator Mark Hanna, General C. H. T. Coils, General Anson G. McCook, H. H. Brockway, General Henry L. Burnett, George R. Sheldon, Colonel Arthur W. Soper and Richard Croker.

The body was taken to the Erie railroad terminus in Jersey City, where it was placed on a train for conveyance to Lima, O.

Samuel Conkle was arrested at 4:45 Saturday afternoon at the home of his father at the corner of Third and Monroe streets by Officer McMillan on a charge of keeping a gambling house. The charge was filed against him by Officer McMillan.

During the afternoon Mayor Bough obtained information about a gambling room from a Lisbon contractor whom it is said had been playing in the room and lost \$20 as a result. Officers McMillan and White Saturday afternoon attempted to gain an entrance to the room through a stairway leading from the bar room to the cellar. They intended to raid the place, and as no one would take the lock from the door the officers were somewhat puzzled. They broke another door and upon entering the room found it unoccupied. They then went to Conkle's home and placed him under arrest. He was taken to jail and left a forfeit of \$125 for his appearance at 2 o'clock this afternoon. The room entered is under Morrow's saloon in Sixth street.

Owing to the brief time given the defendant it was thought this morning that a postponement would be asked.

The state of Ohio, its officers and all institutions, will observe Monday, Dec. 26 as Christmas, and Monday, Jan 2 as New Year.

The law deals specifically with the matter, chiefly upon negotiable paper and other financial and business documents, specially naming January 1, February 22, May 30, July 4 and December 25. Thus, paper dated as due on Sunday or Monday, at the holiday times named, would really be due Saturday, as the first preceding business day is regarded as the day of payment when an instrument falls due on Sunday, but the law names Monday.

**MR. TAYLER OBJECTED**

To Being Recorded as Voting Against Immigration Restriction.

When the immigration restriction bill was before congress last Wednesday, Hon. R. W. Tayler was reported in the Congressional Record as voting against the taking up the bill.

When the house convened the next day Mr. Tayler, immediately after the journal had been read, stated that he was present when the vote was cast and voted for the taking up of the bill on the first roll call. He asked to have the correction made in the Record, and Speaker Reed ordered it done.

**BURNED HIS HAND**

**Because the Street Car Handle Was Heavily Charged.**

There is a great deal of complaint because the handles of the new street cars are charged with electricity.

Saturday evening a young man attempted to get off a moving car at the corner of Fourth street, and the shock was so great when his foot touched the ground that he was thrown headlong and a blister was burned on his finger. An accident of like nature occurred last evening in Second street, and many other cases could be reported.

**Became Suddenly Ill.**

**WANTS BALLOT REFORM**

Suggestions Made by the Secretary of State of Pennsylvania.

HARRISBURG, Dec. 19.—David Martin, secretary of the commonwealth, has transmitted to Governor Hastings his biennial report for the past two fiscal years. During the two years ended Dec. 1 last the department received as fees for letters patent and for the filing of corporation papers, \$61,519, and from commissions and other miscellaneous sources, \$13,325.51. There was collected since the close of the last session of the legislature \$1,056,981.47 as bonus upon charters and increases in capital stock. There was a raising off in the corporation receipts of the department during the period covered by the report and an increase in all other branches of the office.

Mr. Martin suggested that the legislature should pass an entirely new and complete ballot reform bill covering the whole subject and embodying the best results of ballot reform in other states. He thinks the Massachusetts law has much to commend it, but there are many places in which it could be improved. He believes the legislature should specifically define which columns are entitled to the circles and which are not and that such legislation will be enacted on this question as to remove every obstacle in the way of the full exercise of the right of suffrage, render fraud impossible and provide a simple and complete form of ballot.

Mr. Martin says the objection to duplication of columns on the ballot could be largely removed by assembling all the candidates for each office to be filed in groups in a single column. He thinks there should be a legislative declaration as to what constitutes a political party entitled to nominate a state ticket to appear on the ballot in all the counties.

**GENERAL MERRITT BACK AGAIN.**

Said the American Commission Did a Great Work.

NEW YORK, Dec. 19.—Major General Wesley Merritt, late commander of the United States military forces in the Philippine islands, from which post he was called to Paris to consult with the American peace commissioners, reached this city Saturday on board the steamer Lucania from Queenstown. With General Merritt were his bride, her mother, Mrs. Norman Williams, and Norman Williams, Jr., of Chicago and Captain L. H. Strother, aide-de-camp on the staff of General Merritt. He said in part:

It is some time since I left the Philippine islands and all that I can say about the situation there when I left is contained in official reports which I made to the government and the peace commission, and there is no use of my going over those subjects again. I can say, however, that there is no foundation for the report that Admiral Dewey's health has broken down as a result of his wonderful work in Manila harbor on May 1 last. He was in fine physical condition when I left him and he was then over the strain of the naval fight. Talking with leading Filipinos I told them the United States had no promises to make, but they might be assured that the government and people of this country would treat them fairly. Purposely we did not give the insurgents notice of our attack on Manila, because we did not need their cooperation and did not propose to have it. We feared they might loot and plunder, and Aguinaldo himself wrote a complaining letter saying that the insurgents had been denied their share of the booty, whatever he may have meant by that.

The American peace commissioners had a hard task to make the Spaniards understand that the colonies were lost forever to Spain. They accomplished the job well and signed a treaty which is a credit to them.

General Merritt, when asked when he would report his return to the secretary of war, said: "I will wait until President McKinley returns to Washington."

NEW YORK, Dec. 19.—At a business meeting of the members of the Plymouth church, Brooklyn, the report of the advisory committee, recommending acceptance of the resignation of Rev. Dr. Lyman Abbott as pastor, was adopted with a few dissenting votes. A deputation of members called on Dr. Abbott's physician last week and were informed that they should not insist on his holding the pastorate. Dr. Abbott will continue to fill the pulpit at Plymouth church until May 1. He will, after that date, give his time exclusively to his editorial work.

A telegram expressing sympathy with the effort was received from Lord Rosebery. Among the letters read by the chairman from prominent people was one sent by Lord George Hamilton, secretary of state for India, who wrote advocating "an Anglo-Russian understanding of which the czar's rescript ought to be the foundation."

A resolution in accordance with the objects of the conveners of the conference was adopted unanimously.

**ONE MAN KILLED.**

Cars Smashed on a Trestle on an Indiana Railroad.

INDIANAPOLIS, Dec. 19.—On the Indiana, Decatur & Southwestern railroad, about 52 miles west of Indianapolis, near Guion station, the Indianapolis express southbound left the tracks west of a high trestle and passed over the trestle, which was 60 feet long, with seven coaches off the rails and bumping along the ties.

The rear car had just left the trestle when a spreading of the rails ahead of the baggage car piled the seven cars into a heap. The baggage car and smoker were ground almost into splinters and all of the cars were badly wrecked.

T. M. Wells, superintendent of the schools of Douglas county, Ill., who lived at Arcola, was killed. Eight people were injured.

**May Sue For Old Sugar Taxes.**

COLUMBUS, Dec. 19.—Suits will probably be commenced within a short time in every county in the state against the American Sugar Refining company of New York and the Franklin Sugar Refining company of Philadelphia, to collect back taxes for the five years preceding 1898. It is claimed that during these years the companies evaded taxation by refusing to sell their goods direct to the merchants, but by appointing them as agents. The amount may reach over \$8,000,000.

**Dubbs Requested of Murder.**

STREUBENVILLE, O., Dec. 19.—The Dubbs murder trial was given to the jury Saturday evening and a verdict of acquittal was given. Fifteen hundred people were in the courtroom when Prosecuting Attorney Lewis insisted upon his rights to close the argument. Judge Mansfield refused him permission until an apology was made to the court. After some quibbling it was made and accepted, and he closed the arguments. Strong pressure will be brought to have Dubbs confined in an imbecile asylum.

**Manufacturers Would Not Settle.**

MARLBORO, Mass., Dec. 19.—The joint council of the boot and shoe workers' union issued a statement in which it is stated that, at the suggestion made at the recent cerymen's meeting, a committee of employees of the shoe manufacturers waited upon the different firms with a view of adjusting the labor difficulties, but the manufacturers declared that they stood by their original notice.

**OF KEEPING A GAMBLING HOUSE**

Samuel Conkle Was Arrested at the Home  
of His Father After Officers McMillan  
and White Had Entered What They  
Thought Was a Gambling Den.

Samuel Conkle was arrested at 4:45  
Saturday afternoon at the home of his  
father at the corner of Third and Mon-  
roe streets by Officer McMillan on a  
charge of keeping a gambling house.  
The charge was filed against him by  
Officer McMillan.

During the afternoon Mayor Bough  
obtained information about a gambling  
room from a Lisbon contractor whom it  
is said had been playing in the room  
and lost \$20 as a result. Officers Mc-  
Millan and White Saturday afternoon at-  
tempted to gain an entrance to the room  
through a stairway leading from the bar  
room to the cellar. They intended  
to raid the place, and as no one would  
take the lock from the door the officers  
were somewhat puzzled. They broke  
another door and upon entering the  
room found it unoccupied. They then  
went to Conkle's home and placed him  
under arrest. He was taken to jail and  
left a forfeit of \$125 for his appearance  
at 2 o'clock this afternoon. The room  
entered is under Morrow's saloon in  
Sixth street.

Owing to the brief time given the de-  
fendant it was thought this morning  
that a postponement would be asked.

sylvania. The command is company  
B, and is in charge of Captain Watson.

Tomorrow evening the captain will  
speak at Washington, the home of Col-  
onel Hawkins and a number of other  
officers of the regiment. Company H.  
Captain Porter, is also from Washing-  
ton. Wednesday evening Captain Pal-  
mer will lecture at Waynesburg, Pa.,  
the home of Company K, Captain  
Crago.

Captain Palmer speaks at these places  
to carry out promises given his com-  
rades before he left Manila, to let their  
friends know the particulars of their  
life and the stirring events which  
marked their career in the Philippines.

**NOT TOMORROW**

Will Manufacturing Potters Go to New  
York

The published statement that manu-  
facturing potters would tomorrow go to  
New York for the purpose of attending  
a meeting of the stockholders of the  
trust, is pronounced a canard by several  
well known manufacturers today. They  
know nothing of it. On the other hand  
they believe it will be some time before  
a meeting will be called.

The law deals specifically with the  
matter, chiefly upon negotiable paper

February 22, May 30, July 4 and Decem-

Sunday or Monday, at the holiday times  
named, would really be due Saturday, as  
the first preceding business day is  
regarded as the day of payment when  
an instrument falls due on Sunday, but  
the law names Monday.

**WANTS BALLOT REFORM**

Suggestions Made by the Secretary of  
State of Pennsylvania.

HARRISBURG, Dec. 19.—David Martin,  
secretary of the commonwealth, has  
transmitted to Governor Hastings his  
biennial report for the past two fiscal  
years. During the two years ended  
Dec. 1 last the department received as  
fees for letters patent and for the filing  
of corporation papers, \$61,519, and from  
commissions and other miscellaneous  
sources, \$13,225.51. There was collected  
since the close of the last session of the  
legislature \$1,056,981.47 as bonus upon  
charters and increases in capital stock.  
There was a falling off in the corpora-  
tion receipts of the department during  
the period covered by the report and an  
increase in all other branches of the  
office.

Mr. Martin suggested that the legis-  
lature should pass an entirely new and  
complete ballot reform bill covering the  
whole subject and embodying the best  
results of ballot reform in other states.  
He thinks the Massachusetts law has  
much to commend it, but there are  
many places in which it could be im-  
proved. He believes the legislature  
should specifically define which columns  
are entitled to the circles and which are  
not and that such legislation will be en-  
acted on this question as to remove  
every obstacle in the way of the full  
exercise of the right of suffrage, render  
fraud impossible and provide a simple  
and complete form of ballot.

Mr. Martin says the objection to du-  
plication of columns on the ballot  
could be largely removed by assembling  
all the candidates for each office to be  
filed in groups in a single column. He  
thinks there should be a legislative de-  
claration as to what constitutes a politi-  
cal party entitled to nominate a state  
ticket to appear on the ballot in all the  
counties.

**GENERAL MERRITT BACK AGAIN.**

Said the American Commission Did a  
Great Work.

NEW YORK, Dec. 19.—Major General  
Wesley Merritt, late commander of the  
United States military forces in the  
Philippine islands, from which post he  
was called to Paris to consult with the  
American peace commissioners, reached  
this city Saturday on board the steamer  
Lucania from Queenstown. With Gen-  
eral Merritt were his bride, her mother,  
Mrs. Norman Williams, and Norman  
Williams, Jr., of Chicago and Captain  
L. H. Strother, aide-de-camp on the  
staff of General Merritt. He said in  
part:

It is some time since I left the Philippine  
islands and all that I can say about the situa-  
tion there when I left is contained in official  
reports which I made to the government and  
the peace commission, and there is no use of  
my going over those subjects again. I can say,  
however, that there is no foundation for the  
report that Admiral Dewey's health has  
broken down as a result of his wonderful  
work in Manila harbor on May 1 last. He was  
in fine physical condition when I left him and  
he was then over the strain of the naval fight.  
Talking with leading Filipinos I told them  
the United States had no promises to make,  
but they might be assured that the govern-  
ment and people of this country would treat  
them fairly. Purposely we did not give the  
insurgents notice of our attack on Manila, be-  
cause we did not need their co-operation and  
did not propose to have it. We feared they  
might loot and plunder, and Aguinaldo him-  
self wrote a complaining letter saying that  
the insurgents had been denied their share of  
the booty, whatever he may have meant by  
that.

The American peace commissioners had a  
hard task to make the Spaniards understand  
that the colonies were lost forever to Spain.  
They accomplished the job well and signed a  
treaty which is a credit to them.

General Merritt, when asked when he  
would report his return to the secretary  
of war, said: "I will wait until Presi-  
dent McKinley returns to Washington."

For His Appearance to Answer  
the Charge

OF KEEPING A GAMBLING HOUSE

Samuel Conkle Was Arrested at the Home  
of His Father After Officers McMillan  
and White Had Entered What They  
Thought Was a Gambling Den.

Samuel Conkle was arrested at 4:45  
Saturday afternoon at the home of his  
father at the corner of Third and Mon-  
roe streets by Officer McMillan on a  
charge of keeping a gambling house.  
The charge was filed against him by  
Officer McMillan.

During the afternoon Mayor Bough  
obtained information about a gambling  
room from a Lisbon contractor whom it  
is said had been playing in the room  
and lost \$20 as a result. Officers Mc-  
Millan and White Saturday afternoon at-  
tempted to gain an entrance to the room  
through a stairway leading from the bar  
room to the cellar. They intended  
to raid the place, and as no one would  
take the lock from the door the officers  
were somewhat puzzled. They broke  
another door and upon entering the  
room found it unoccupied. They then  
went to Conkle's home and placed him  
under arrest. He was taken to jail and  
left a forfeit of \$125 for his appearance  
at 9 o'clock this afternoon. The room  
entered is under Morrow's saloon in  
Sixth street.

Owing to the brief time given the de-  
fendant it was thought this morning  
that a postponement would be asked.

REMEMBERING SOLDIERS.

Captain Palmer Will Talk to Friends of  
the Tenth.

Captain and Mrs. Palmer left today  
for New Brighton where the captain  
will this evening address the friends of  
the soldier boys of that place who are  
now in Manila with the Tenth Penn-  
sylvania. The command is company  
B, and is in charge of Captain Watson.

Tomorrow evening the captain will  
speak at Washington, the home of Col-  
onel Hawkins and a number of other  
officers of the regiment. Company H,  
Captain Porter, is also from Washing-  
ton. Wednesday evening Captain Pal-  
mer will lecture at Waynesburg, Pa.,  
the home of Company K, Captain Orago.

Captain Palmer speaks at these places  
to carry out promises given his com-  
rades before he left Manila, to let their  
friends know the particulars of their  
life and the stirring events which  
marked their career in the Philippines.

NOT TOMORROW

Will Manufacturing Potters Go to New  
York

The published statement that manu-  
facturing potters would tomorrow go to  
New York for the purpose of attending  
a meeting of the stockholders of the  
trust, is pronounced a canard by several  
well known manufacturers today. They  
know nothing of it. On the other hand  
they believe it will be some time before  
a meeting will be called.

MONDAY THIS YEAR

Will the State of Ohio Observe as Christ-  
mas and New Year.

The state of Ohio, its officers and all  
institutions, will observe Monday, Dec.  
26 as Christmas, and Monday, Jan 2 as  
New Year.

The law deals specifically with the  
matter, chiefly upon negotiable paper  
and other financial and business docu-  
ments, specially naming January 1,  
February 22, May 30, July 4 and Decem-  
ber 25. Thus, paper dated as due on  
Sunday or Monday, at the holiday times  
named, would really be due Saturday, as  
the first preceding business day is  
regarded as the day of payment when  
an instrument falls due on Sunday, but  
the law names Monday.

MR. TAYLER OBJECTED

To Being Recorded as Voting Against  
Immigration Restriction.

When the immigration restriction bill  
was before congress last Wednesday,  
Hon. R. W. Tayler was reported in the  
Congressional Record as voting against  
the taking up the bill.

When the house convened the next  
day Mr. Tayler, immediately after the  
journal had been read, stated that he  
was present when the vote was cast and  
voted for the taking up of the bill on the  
first roll call. He asked to have the  
correction made in the Record, and  
Speaker Reed ordered it done.

BURNED HIS HAND

Because the Street Car Handle Was  
Heavily Charged.

There is a great deal of complaint be-  
cause the handles of the new street cars  
are charged with electricity.

Saturday evening a young man at-  
tempted to get off a moving car at the  
corner of Fourth street, and the shock  
was so great when his foot touched the  
ground that he was thrown headlong  
and a blister was burned on his finger.  
An accident of like nature occurred last  
evening in Second street, and many  
other cases could be reported.

fever. His condition today was some-  
what improved.

W. F. Crane, another buyer from the  
same city, is with Mr. Ramey.

Became Suddenly Ill.

William Wilson, of Chestnut street,  
while awaiting a prescription in a Sixth  
street drug store Saturday afternoon, be-  
came suddenly ill and was taken to his

Wilson was forbidden to leave his home

advice. Hence the result.

WANTS BALLOT REFORM.

Suggestions Made by the Secretary of  
State of Pennsylvania.

HARRISBURG, Dec. 19.—David Martin,  
secretary of the commonwealth, has  
transmitted to Governor Hastings his  
biennial report for the past two fiscal  
years. During the two years ended  
Dec. 1 last the department received as  
fees for letters patent and for the filing  
of corporation papers, \$61,519, and from  
commissions and other miscellaneous  
sources, \$13,325.31. There was collected  
since the close of the last session of the  
legislature \$1,056,981.47 as bonus upon  
charters and increases in capital stock.  
There was a falling off in the corpora-  
tion receipts of the department during  
the period covered by the report and an  
increase in all other branches of the  
office.

Mr. Martin suggested that the legis-  
lature should pass an entirely new and  
complete ballot reform bill covering the  
whole subject and embodying the best  
results of ballot reform in other states.  
He thinks the Massachusetts law has  
much to commend it, but there are  
many places in which it could be im-  
proved. He believes the legislature  
should specifically define which columns  
are entitled to the circles and which are  
not, and that such legislation will be en-  
acted on this question as to remove  
every obstacle in the way of the full  
exercise of the right of suffrage, render  
fraud impossible and provide a sim-  
ple and complete form of ballot.

Mr. Martin says the objection to du-  
plication of columns on the ballot  
could be largely removed by assembling  
all the candidates for each office to be  
filled in groups in a single column. He  
thinks there should be a legislative de-  
claration as to what constitutes a polit-  
ical party entitled to nominate a state  
ticket to appear on the ballot in all the  
counties.

GENERAL MERRITT BACK AGAIN.

Said the American Commission Did a  
Great Work.

NEW YORK, Dec. 19.—Major General  
United States military forces in the  
Philippine islands, from which post he  
was called to Paris to consult with the  
American peace commissioners, reached  
this city Saturday on board the steamer  
Lucania from Queenstown. With Gen-  
eral Merritt were his bride, her mother,  
Mrs. Norman Williams, and Norman  
Williams, Jr., of Chicago and Captain  
L. H. Strother, aide-de-camp on the  
staff of General Merritt. He said in  
part:

It is some time since I left the Philippine  
islands and all that I can say about the  
situation there when I left is contained in official  
reports which I made to the government  
and the peace commission, and there is no use of  
my going over those subjects again. I can say,  
however, that there is no foundation for the  
report that Admiral Dewey's health has  
broken down as a result of his wonderful  
work in Manila harbor on May 1 last. He was  
in fine physical condition when I left him and  
he was then over the strain of the naval fight.  
Taking with leading Filipinos I told them  
the United States had no promises to make,  
but they might be assured that the govern-  
ment and people of this country would treat  
them fairly. Purposely we did not give the  
insurgents notice of our attack on Manila, be-  
cause we did not need their co-operation and  
did not propose to have it. We feared they  
might loot and plunder, and Aguinaldo him-  
self wrote a complaining letter saying that  
the insurgents had been denied their share of  
the booty, whatever he may have meant by  
that.

The American peace commissioners had a  
hard task to make the Spaniards understand  
that the colonies were lost forever to Spain.  
They accomplished the job well and signed a  
treaty which is a credit to them.

General Merritt, when asked when he  
would report his return to the secretary  
of war, said: "I will wait until Presi-  
dent McKinley returns to Washington."

To Free a Soldier.

SAVANNAH, Dec. 19.—Prominent citi-  
zens have interested themselves in be-  
half of Moore, the Maine artilleryman  
who was the other day sentenced to pay  
a fine of \$500 or serve 60 days on the  
chain gang by Judge Norwood for at-  
tempting on the streets to hug the wife  
of a prominent citizen. A petition to  
the governor for pardon is being circu-  
lated.

Spanish Commission Reached Madrid.

MADRID, Dec. 19.—Senor Montero  
Rios and the other members of the  
Spanish peace commission, on reaching  
Madrid, were met by Senor Gamazo,  
leader of the dissenting Liberals, and  
by many other politicians and high offi-  
cials. Their arrival was not attended  
with special incident. The queen regent  
received Senor Montero Rios in audi-  
ence.

Accepted Abbott's Resignation.

NEW YORK, Dec. 19.—At a business  
meeting of the members of the Ply-  
mouth church, Brooklyn, the report of  
the advisory committee, recommending  
acceptance of the resignation of Rev.  
Dr. Lyman Abbott as pastor, was  
adopted with a few dissenting votes. A  
deputation of members called on Dr.  
Abbott's physician last week and were  
informed that they should not insist on  
his holding the pastorate. Dr. Abbott  
will continue to fill the pulpit at Ply-  
mouth church until May 1. He will,  
after that date, give his time exclu-  
sively to his editorial work.

To Make Locomotives.

PHILADELPHIA, Dec. 19.—The Bald-  
win Locomotive works has within the  
last few days received orders for 56 loco-  
motives, of which 16 are for the im-  
perial railway of China, making the  
second order received from that coun-  
try within ten months.

Weather Forecast.

For Western Pennsylvania—Increas-  
ing cloudiness and probably rain, or  
snow this afternoon; colder; fresh to  
brisk north winds.  
Ohio—Threatening weather and rain,

turning into snow and colder in north-  
east portion; light variable winds be-  
coming northeast.

HOSPITAL SHIP SAILED.

Took 300 Tons of Medical Supplies and  
a Hospital Corps.

SAVANNAH, Dec. 19.—The hospital  
ship Missouri sailed for Havana with  
300 tons of medical supplies for the  
troops in the island, and carrying the  
hospital corps of the Second division of  
the Seventh army corps—the division  
which has already gone forward with  
General Lee.

The Missouri, after distributing her  
supplies, will take sick soldiers from  
Havana and vicinity and bring them to  
this country, either to New York, Nor-  
folk or Savannah.

FAVOR CZAR'S DISARMAMENT PLAN.

A Meeting Representing Various Reli-  
gious Denominations Held In London.

LONDON, Dec. 19.—The venerable  
William MacDonald Sinclair, archdea-  
con of London and canon of St. Paul's  
cathedral, presided at a public confer-  
ence at St. James' hall, convened by  
the heads of the various religious de-  
nominations in favor of an interna-  
tional demonstration on behalf of the  
czar's disarmament proposals.

A telegram expressing sympathy with  
the effort was received from Lord Rose-  
bery. Among the letters read by the  
chairman from prominent people was  
one sent by Lord George Hamilton, sec-  
retary of state for India, who wrote  
advocating "an Anglo-Russian under-  
standing of which the czar's rescript  
ought to be the foundation."

A resolution in accordance with the  
objects of the conveners of the confer-

## YOU CAN SUE THE CITY

If You Fall and Are Hurt on an Icy Sidewalk.

### THE SUPREME COURT HAS SO DECIDED

A Woman Living in Circleville Did It, and After a Hard Fight the Judgment of the Lower Court Was Affirmed—Reasons Given For the Decision.

Among the decisions recently handed down by the supreme court of Ohio is one in the case of the city of Circleville against Ella M. Sohn. She slipped on an icy sidewalk there and broke her ankle. The accident she attributed to a depression in the sidewalk, and sued the city for \$10,000 damages. What the court has to say with reference to the affirmation of the judgment is of more than passing interest to Ohio municipalities, at this time, when a repetition of the mishap that befell Miss Sohn is apt to occur elsewhere. The court holds:

"The duty enjoined by statute on municipal corporations to keep their public ways open, in repair, and free from nuisance, is ministerial and mandatory, and requires the removal from such ways of all dangerous defects and obstructions, from whatever cause arising, when brought to the notice of the corporation.

"The corporation is liable for injuries caused by a dangerous defect or obstruction in a street or sidewalk under its control, after reasonable notice of its unsafe condition, though it arose from the construction or alteration of the street or sidewalk in conformity with a plan adopted by the municipal authorities."

The judgment was affirmed.

SUPREME COURT HAS SO DECIDED

A Woman Living in Circleville Did It, and After a Hard Fight the Judgment of the Lower Court Was Affirmed—Reasons Given For the Decision.

Among the decisions recently handed down by the supreme court of Ohio is one in the case of the city of Circleville against Ella M. Sohn. She slipped on an icy sidewalk there and broke her ankle. The accident she attributed to a depression in the sidewalk, and sued the city for \$10,000 damages. What the court has to say with reference to the affirmation of the judgment is of more than passing interest to Ohio municipalities, at this time, when a repetition of the mishap that befell Miss Sohn is apt to occur elsewhere. The court holds:

"The duty enjoined by statute on municipal corporations to keep their public ways open, in repair, and free from nuisance, is ministerial and mandatory, and requires the removal from such ways of all dangerous defects and obstructions, from whatever cause arising, when brought to the notice of the corporation.

"The corporation is liable for injuries caused by a dangerous defect or obstruction in a street or sidewalk under its control, after reasonable notice of its unsafe condition, though it arose from the construction or alteration of the street or sidewalk in conformity with a plan adopted by the municipal authorities."

The judgment was affirmed.

## YOU CAN SUE THE CITY

If You Fall and Are Hurt on an Icy Sidewalk.

### SUPREME COURT HAS SO DECIDED

A Woman Living in Circleville Did It, and After a Hard Fight the Judgment of the Lower Court Was Affirmed—Reasons Given For the Decision.

Among the decisions recently handed down by the supreme court of Ohio is one in the case of the city of Circleville against Ella M. Sohn. She slipped on an icy sidewalk there and broke her ankle. The accident she attributed to a depression in the sidewalk, and sued the city for \$10,000 damages. What the court has to say with reference to the affirmation of the judgment is of more than passing interest to Ohio municipalities, at this time, when a repetition of the mishap that befell Miss Sohn is apt to occur elsewhere. The court holds: "The duty enjoined by statute on municipal corporations to keep their public ways open, in repair, and free from nuisance, is ministerial and mandatory, and requires the removal from such ways of all dangerous defects and obstructions, from whatever cause arising, when brought to the notice of the corporation.

"The corporation is liable for injuries caused by a dangerous defect or obstruction in a street or sidewalk under its control, after reasonable notice of its unsafe condition, though it arose from the construction or alteration of the street or sidewalk in conformity with a plan adopted by the municipal authorities."

The judgment was affirmed.

### LOST A PRISONER.

A Train Jumper Escaped From Detective Moore.

J. F. Moore, of the Cleveland and Pittsburg detective force, Saturday afternoon arrested George Hammil, of Butler, Pa., for train jumping at Beaver, and took him before Squire Minor, who gave him 10 days to jail. Moore started over with his prisoner, and was within 150 feet of the jail when Hammil, who was not handcuffed, took to his heels, jumped over a high board fence and disappeared up an alley.

### A Balloon Club For Paris.

There is talk of founding a balloon club for Paris, as ballooning is becoming a popular sport. Among the society pioneers are Count Castillon de St. Victor and Count de la Vaux, who made with the professional aeronaut Maillet an ascent of 24 hours' duration. Rather in expensive sport, ballooning, but excitement is the one thing most ardently desired by the blasé rich folks of today.—New York World.

### THE ESPECIAL ADVANTAGES

Of Insuring in the Western and Southern Life Insurance Company Are:

It furnishes for the money paid larger benefits than any other similar company. It is located in Ohio, which is the only State requiring an official examination of its life companies to be made annually.

Its investments are required by law to be made only in government bonds, mortgages upon real estate worth double the amount loaned thereon, exclusive of buildings, and loans upon its own policies to the amount of the reserve value thereof. Companies of other States are allowed to loan upon a much wider and less safe class of securities.

It is required by State law to hold, for the protection of its policy holders, a reserve fund upon the basis of four per cent., the highest standard known in the United States.

Its policies are incontestable after three annual payments, except as to age or fraud.

Its stockholders, by State law are liable for double the amount of their stock.

Policies are issued upon either whole life or twenty years' endowment plan.

Policies issued by the Western and Southern are in immediate benefit, and provide for liberal paid-up values after having been in force five or more years.

Prompt payment of claims is absolutely guaranteed, \$100,000.00 being on deposit with the State Treasurer for the sole protection of policy holders.

Consult any of our agents for rates of Whole Life or Endowment Policies. Branch office 141st block.

## UNION PAPERS.

All Union papers of East Liverpool are known to the various craft and unions of the city by the printing of the above Union Labels at the head of their columns

THE arguments against expansion are not new, but it cannot be said they improve with age.

BEFORE you make your Christmas purchases consult the advertising columns of the NEWS REVIEW. It will pay you.

SOME Democratic senators, the story goes, are preparing to talk long and loud against expansion, but what will it profit them? Their speeches may cause some little breeze among their constituents, but an American who took any part in the Spanish war, or he who watched the struggle from start to finish, will not be anxious to turn down the deeds of bravery of the boys in blue because a senator takes up a few hours making a speech against them.

AN Alliance girl who was tried for burglary and acquitted after a five hours' tussle with the case by the jury on the ground that she is a kleptomaniac, will be sent to the asylum. That is right. People who are so constituted as to be unable to distinguish right from wrong, should be kept from the general public. If they are criminals, Ohio has provided jails and a first-class penitentiary; if they are of the other class there are suitable institutions awaiting them.

THE Republicans of Ohio want to vote next year for a gubernatorial candidate who is in every sense of the word a Republican. They do not care a rap about factional feeling, and have no desire to uphold the claims of any number of party leaders against any other number. They have seen enough of that in the past, and know it has been productive of no good. The candidate before the convention who declares he is simply a Republican will receive the support of the rank and file.

## OPPOSING THE PRESIDENT.

THE opposition developing in congress against President McKinley is no surprise. It was to be expected that his political enemies would make some move as soon as opportunity appeared. When there were no questions of moment beyond the tariff and silver matter they could do nothing, but with the war came the matters they had long sought. Perhaps they are honest in the belief that expansion is dangerous and the Republic is on the brink of destruction; but they have as yet advanced nothing to show they have the right side of the question. Experience, on the other hand, shows they are wrong. Their cry is one of calamity, differing only from what we heard before the second election of Mr. Cleveland in the fact that it is not so clearly developed. The mere fact that it has already connected with it the names of men who are seldom found on the right side goes to show how well the President's opponents are started on the road to defeat. If their cause is just the display of selfish interest so often made by its exponents, in and out of congress, seems at this time premature, to say the least.

# TEN HORSES PERISHED

When Charles Forster's Stable Was Burned Last Night.

## NO CAUSE HAS BEEN FOUND

Flames Suddenly Burst From the Building, and When Discovered by the Stable Boss the Fire Had Gained Such Headway That It Could Not Be Extinguished.

The stable, stock and fixtures belonging to Charles N. Forster, successor to the East Liverpool Coal company, were totally destroyed by fire last night. It involved a loss of at least \$10,000. The origin of the fire is unknown.

John R. McKinnon, residing at 111 Washington street and employed as stable boss for Forster, was seen this morning and told the story of the fire:

"I was standing at the corner of Second street and happened to look toward the river and noticed a light in the northwest corner of the barn. I immediately turned in an alarm and the department soon arrived. Before their arrival I went to the stable thinking I could save the horses. I opened the door, but the flames blocked the way. A door in the east side of the building is opened from the inside and before this was opened by the firemen the horses were down, which made it impossible to save them. There were stored in the barn 10 tons of hay, five tons of straw, 1,100 pounds of chop, a lot of picks, shovels and scrapers. There were 10 horses and three dogs in the stable, and all were burned to death."

The department did effective work on the building, but the flames gained such headway before they arrived that the building is a total loss.

The exact loss cannot be given at present. The horses were valued at about \$250 a team, and the value on the building and feed was not placed today. A chest of fine tools and three dogs which were lost were owned by Mr. McKinnon. He placed his loss at \$250 with no insurance.

The stable of the East Liverpool Coal company was burned three years ago which caused a loss of \$3,000. All the stock was burned, and the stable was so damaged that it was rebuilt entirely.

## HAD A PENSION

But She Died In the Infirmary After Nine Years' Residence.

LISBON, Dec. 19.—[Special]—Mary Bowles, an inmate of the infirmary, died last night. She was 60 years old, came from Middleton township, and has been at the infirmary nine years. She drew a pension of \$8 per month, which was used to aid in paying her expenses.

O. H. Bates has been appointed administrator of the estate of Christian Betz, Salem township; bond, \$11,020.

Joshua Jenkins has been appointed guardian for Martha G. Phillis, an imbecile of Butler township; bond \$2,500.

Edmond P. Barnett secured judgment by default for \$604.20 against M. J. Child, and Sheriff Gili was ordered to sell real estate to pay the judgment.

## THE HOLIDAY RUSH

Four Liverpool Couples Were Licensed to Wed.

LISBON, Dec. 19.—[Special]—Marriage licenses were granted today to T. W. Capestack and Anna Wedgwood, G. R. Myers and Luella McKinnon, A. Clifford Dawson and Adelia Salsbery, Henry B. ## IN THE CHURCHES.

Sermons Were Heard by Large Congregations Yesterday.

Rev. Dr. Kane, who occupied the pulpit at the First Presbyterian church yesterday, preached to large congregations. He reduced his text in the evening to "Godliness is useful in this world of affairs, and the Godly man has advantages over any other." The gentleman delivered a strong sermon, showing that the man who puts trust in a power greater than himself is the successful man.

Services were held at the Christian church yesterday morning, Prof. O. S. Reed occupying the pulpit. Because the work of remodeling the structure has not yet been completed, no services were held in the evening.

At the after meeting in St. Stephen's last night Rev. Edwin Weary talked on "Our Young People," giving them excellent advice.

Doctor Taggart preached last night at the First U. P. church on "The Use of the Law." The gentleman took occasion during his address to refer to the responsibility now resting on the nation in the matter of reaching out after new possessions.

"Hell and Duration of Punishment" was the subject of Reverend Swift's excellent sermon last night, it being another on the question of punishment. The church was crowded.

## VISITOR FROM CHINA

Delivered An Interesting Address on Sunday Night.

Miss Dr. Donahue, of the Woman's Foreign Missionary society, and who has been doing splendid service in China under the mercy of the Master, delivered an interesting address on Sunday night in the First M. E. church, in the presence of a large audience. The lady spoke of the habits of the Chinese, of the pitiable condition of the women, of the destruction of female infants, of the efforts being made to Christianize China, of the difficulty the male ministers had in carrying the gospel to the Flowery Kingdom, and of the great success attending the efforts of the noble women teachers sent over from the United States. Miss Donahue related a number of incidents connected with her work in that far off land, in order to illustrate the points she desired to make. She is an interesting talker, and received hearty congratulations at the close of her address. We have a noble band of Christian women in East Liverpool engaged in aiding the society, and we bespeak for them far more liberal contributions than they have been receiving in the past.

## A RICH TREAT.

You Missed a Gem by Not Being Present.

Rev. Charles Swift, pastor of the Methodist Protestant church of this city, delivered a thrilling address at the Young Men's Christian association hall on Sunday afternoon, taking as his topic the thought of directing the entire talent given you by God for one definite purpose. There was but a small audience present; but a sufficient number was there, under the providence of God, to pick up some of the rich seed, freely scattered about, and cause it to result in a harvest which will be garnered safe and sure in the day of final judgment.

On Sunday, December 4, the writer had the pleasure of being at the Young Men's Christian association hall when Reverend Crawford, pastor of the First M. E. church, this city, delivered an address which was teeming with good things, and out of which came an abundant harvest of grain, well fitted for home consumption.

Such addresses or short sermons, full of practical Christianity, dealing with current events, happenings and wickednesses in our midst, cannot but exercise a healthy moral influence upon the community at large, and the Young Men's Christian association hall should be packed each Sunday afternoon.

Open meetings, for both sexes, we would deem advisable for time being. There are many Christian ladies in East Liverpool who desire to attend these afternoon meetings, but are fearful of being considered intruders. Let the doors be thrown wide open, if possible, Secretary Platts, and make the association rooms such an attraction as cannot be resisted. God speed the good work.

Secretary Platts is a sweet singer, and he knows full well the power of music, vocal and instrumental. The Master should have the very best music in this city given unto His cause, and we believe that an earnest effort in this direction will result in the accomplishment of much good.

Saturday afternoon at the home of his  
father at the corner of Third and Mon-  
roe streets by Officer McMillan on a  
charge of keeping a gambling house.  
The charge was filed against him by  
Officer McMillan.

During the afternoon Mayor Bough  
obtained information about a gambling  
room from a Lisbon contractor whom it  
is said had been playing in the room  
and lost \$20 as a result. Officers Mc-  
Millan and White Saturday afternoon at-  
tempted to gain an entrance to the room  
through a stairway leading from the bar  
room to the cellar. They intended  
to raid the place, and as no one would  
take the lock from the door the officers  
were somewhat puzzled. They broke  
another door and upon entering the  
room found it unoccupied. They then  
went to Conkle's home and placed him  
under arrest. He was taken to jail and  
left a forfeit of \$125 for his appearance  
at 9 o'clock this afternoon. The room  
entered is under Morrow's saloon in  
Sixth street.

Owing to the brief time given the de-  
fendant it was thought this morning  
that a postponement would be asked.

REMEMBERING SOLDIERS.

Captain Palmer Will Talk to Friends of  
the Tenth.

Captain and Mrs. Palmer left today  
for New Brighton where the captain  
will this evening address the friends of  
the soldier boys of that place who are  
now in Manila with the Tenth Penn-  
sylvania. The command is company  
B, and is in charge of Captain Watson.

Tomorrow evening the captain will  
speak at Washington, the home of Col-  
onel Hawkins and a number of other  
officers of the regiment. Company H,  
Captain Porter, is also from Washing-  
ton. Wednesday evening Captain Pal-  
mer will lecture at Waynesburg, Pa.,  
the home of Company K, Captain Orago.

Captain Palmer speaks at these places  
to carry out promises given his com-  
rades before he left Manila, to let their  
friends know the particulars of their  
life and the stirring events which  
marked their career in the Philippines.

NOT TOMORROW

Will Manufacturing Potters Go to New  
York

The published statement that manu-  
facturing potters would tomorrow go to  
New York for the purpose of attending  
a meeting of the stockholders of the  
trust, is pronounced a canard by several  
well known manufacturers today. They  
know nothing of it. On the other hand  
they believe it will be some time before  
a meeting will be called.

PERFECT FITTING SHOES.

This is a very desirable feature.  
Ill-fitting shoes are a perfect  
torment to the wearer. Warner,

every clerk makes it a special

MONDAY THIS YEAR

Will the State of Ohio Observe as Christ-  
mas and New Year.

The state of Ohio, its officers and all  
institutions, will observe Monday, Dec.  
26 as Christmas, and Monday, Jan. 2 as  
New Year.

The law deals specifically with the  
matter, chiefly upon negotiable paper  
and other financial and business docu-  
ments, specially naming January 1,  
February 22, May 30, July 4 and Decem-  
ber 25. Thus, paper dated as due on  
Sunday or Monday, at the holiday times  
named, would really be due Saturday, as  
the first preceeding business day is  
regarded as the day of payment when  
an instrument falls due on Sunday, but  
the law names Monday.

MR. TAYLER OBJECTED

To Being Recorded as Voting Against  
Immigration Restriction.

When the immigration restriction bill  
was before congress last Wednesday,  
Hon. R. W. Tayler was reported in the  
Congressional Record as voting against  
the taking up the bill.

When the house convened the next  
day Mr. Tayler, immediately after the  
journal had been read, stated that he  
was present when the vote was cast and  
voted for the taking up of the bill on the  
first roll call. He asked to have the  
correction made in the Record, and  
Speaker Reed ordered it done.

BURNED HIS HAND

Because the Street Car Handle Was  
Heavily Charged.

There is a great deal of complaint be-  
cause the handles of the new street cars  
are charged with electricity.

Saturday evening a young man at-  
tempted to get off a moving car at the  
corner of Fourth street, and the shock  
was so great when his foot touched the  
ground that he was thrown headlong  
and a blister was burned on his finger.  
An accident of like nature occurred last  
evening in Second street, and many  
other cases could be reported.

fever. His condition today was some-  
what improved.

W. F. Crane, another buyer from the  
same city, is with Mr. Ramey.

Became Suddenly Ill.

William Wilson, of Chestnut street,  
while awaiting a prescription in a Sixth  
street drug store Saturday afternoon, be-  
came suddenly ill and was taken to his  
home in the patrol. Saturday morning  
Wilson was forbidden to leave his home  
by a physician and he did not heed the  
advice. Hence the result.

WANTS BALLOT REFORM

Suggestions Made by the Secretary of  
State of Pennsylvania.

HARRISBURG, Dec. 18.—David Martin,  
secretary of the commonwealth, has  
transmitted to Governor Hastings his  
biennial report for the past two fiscal  
years. During the two years ended  
Dec. 1 last the department received as  
fees for letters patent and for the filing  
of corporation papers, \$61,519, and from  
commissions and other miscellaneous  
sources, \$13,323.91. There was collected  
since the close of the last session of the  
legislature \$1,056,981.47 as bonus upon  
charters and increases in capital stock.  
There was a falling off in the corpora-  
tion receipts of the department during  
the period covered by the report and an  
increase in all other branches of the  
office.

Mr. Martin suggested that the legis-  
lature should pass an entirely new and  
complete ballot reform bill covering the  
whole subject and embodying the best  
results of ballot reform in other states.  
He thinks the Massachusetts law has  
much to commend it, but there are  
many places in which it could be im-  
proved. He believes the legislature  
should specifically define which columns  
are entitled to the circles and which are  
not and that such legislation will be en-  
acted on this question as to remove  
every obstacle in the way of the full  
exercise of the right of suffrage, render  
fraud impossible and provide a sim-  
ple and complete form of ballot.

Mr. Martin says the objection to du-  
plication of columns on the ballot  
could be largely removed by assembling  
all the candidates for each office to be  
filed in groups in a single column. He  
thinks there should be a legislative de-  
claration as to what constitutes a politi-  
cal party entitled to nominate a state  
ticket to appear on the ballot in all the  
counties.

GENERAL MERRITT BACK AGAIN.

Said the American Commission Did a  
Great Work.

NEW YORK, Dec. 19.—Major General  
Wesley Merritt, late commander of the  
United States military forces in the  
Philippine islands, from which post he  
was called to Paris to consult with the  
American peace commissioners, reached  
this city Saturday on board the steamer  
Lucania from Queenstown. With Gen-  
eral Merritt were his bride, her mother,  
Mrs. Norman Williams, and Norman  
Williams, Jr., of Chicago and Captain  
L. H. Strother, aide-de-camp on the  
staff of General Merritt. He said in  
part:

It is some time since I left the Philippine  
islands and all that I can say about the situ-  
ation there when I left is contained in official  
reports which I made to the government and  
the peace commission, and there is no use of  
my going over those subjects again. I can say,  
however, that there is no foundation for the  
report that Admiral Dewey's health has  
broken down as a result of his wonderful  
work in Manila harbor on May 1 last. He was  
in fine physical condition when I left him and  
he was then over the strain of the naval fight.

Talking with leading Filipinos I told them  
the United States had no promises to make,  
but they might be assured that the govern-  
ment and people of this country would treat  
them fairly. Purposely we did not give the  
insurgents notice of our attack on Manila, be-  
cause we did not need their cooperation and  
did not propose to have it. We feared they  
might loot and plunder, and Aguinaldo him-  
self wrote a complaining letter saying that  
the insurgents had been denied their share of  
the booty, whatever he may have meant by  
that.

The American peace commissioners had a  
hard task to make the Spaniards understand  
that the colonies were lost forever to Spain.  
They accomplished the job well and signed a  
treaty which is a credit to them.

General Merritt, when asked when he  
would report his return to the secretary  
of war, said: "I will wait until Presi-  
dent McKinley returns to Washington."

To Free a Soldier.

SAVANNAH, Dec. 19.—Prominent citi-  
zens have interested themselves in be-  
half of Moore, the Maine artilleryman  
who was the other day sentenced to pay  
a fine of \$500 or serve 60 days on the  
chain gang by Judge Norwood for at-  
tempting on the streets to hug the wife  
of a prominent citizen. A petition to  
the governor for pardon is being circu-  
lated.

Spanish Commission Reached Madrid.

MADRID, Dec. 19.—Senor Montero  
Rios and the other members of the  
Spanish peace commission, on reaching  
Madrid, were met by Senor Gamazo,  
leader of the dissenting Liberals, and  
by many other politicians and high offi-  
cials. Their arrival was not attended  
with special incident. The queen regent  
received Senor Montero Rios in audi-  
ence.

Accepted Abbott's Resignation.

NEW YORK, Dec. 19.—At a business  
meeting of the members of the P. Y.  
mouth church, Brooklyn, the report of  
the advisory committee, recommending  
acceptance of the resignation of Rev.  
Dr. Lyman Abbott as pastor, was  
adopted with a few dissenting votes. A  
deputation of members called on Dr.  
Abbott's physician last week and were  
informed that they should not insist on  
his holding the pastorate. Dr. Abbott  
will continue to fill the pulpit at Ply-  
mouth church until May 1. He will,  
after that date, give his time exclu-  
sively to his editorial work.

To Make Locomotives.

PHILADELPHIA, Dec. 19.—The Bald-  
win Locomotive works has within the  
last few days received orders for 56 loco-  
motives, of which 16 are for the im-  
perial railway of China, making the  
second order received from that coun-  
try within ten months.

Weather Forecast.

ing cloudiness and probably rain, or  
snow this afternoon; colder, fresh to  
brisk north winds.

HOSPITAL SHIP SAILED.

Took 300 Tons of Medical Supplies and  
a Hospital Corps.

SAVANNAH, Dec. 18.—The hospital  
ship Missouri sailed for Havana with  
300 tons of medical supplies for the  
troops in the island, and carrying the  
hospital corps of the Second division of  
the Seventh army corps—the division  
which has already gone forward with  
General Lee.

The Missouri, after distributing her  
supplies, will take sick soldiers from  
Havana and vicinity and bring them to  
this country, either to New York, Nor-  
folk or Savannah.

FAVOR CZAR'S DISARMAMENT PLAN.

A Meeting Representing Various Reli-  
gious Denominations Held in London.

LONDON, Dec. 19.—The venerable  
William MacDonald Sinclair, archdea-  
con of London and canon of St. Paul's  
cathedral, presided at a public confer-  
ence at St. James' hall, convened by  
the heads of the various religious de-  
nominations in favor of an interna-  
tional demonstration on behalf of the  
czar's disarmament proposals.

A telegram expressing sympathy with  
the effort was received from Lord Rose-  
bery. Among the letters read by the  
chairman from prominent people was  
one sent by Lord George Hamilton, sec-  
retary of state for India, who wrote  
advocating "an Anglo-Russian under-  
standing of which the czar's rescript  
ought to be the foundation."

A resolution in accordance with the  
objects of the conveners of the confer-  
ence was adopted unanimously.

ONE MAN KILLED.

Cars Smashed on a Trestle on an Indi-  
ana Railroad.

INDIANAPOLIS, Dec. 19.—On the Indi-  
ana, Decatur & Southwestern railroad,  
about 52 miles west of Indianapolis,  
near Guion station, the Indianapolis ex-  
press southbound left the tracks west  
of a high trestle and passed over the  
trestle, which was 60 feet long, with  
seven coaches off the rails and bumping  
along the ties.

The rear car had just left the trestle  
when a spreading of the rails ahead of  
the baggage car piled the seven cars  
into a heap. The baggage car and  
smoker were ground almost into splin-  
ters and all of the cars were badly  
wrecked.

T. M. Wells, superintendent of the  
schools of Douglas county, Ill., who  
lived at Arcola, was killed.  
Eight people were injured.

May Sue For Old Sugar Taxes.

COLUMBUS, Dec. 19.—Suits will prob-  
ably be commenced within a short time  
in every county in the state against the  
American Sugar Refining company of  
New York and the Franklin Sugar Re-  
fining company of Philadelphia, to col-  
lect back taxes for the five years pre-  
ceding 1898. It is claimed that during  
these years the companies evaded taxa-  
tion by refusing to sell their goods di-  
rect to the merchants, but by appoint-  
ing them as agents. The amount may  
reach over \$8,000,000.

Dubbs Acquitted of Murder.

STUBENVILLE, O., Dec. 19.—The  
Dubbs murder trial was given to the  
jury Saturday evening and a verdict of  
acquittal was given. Fifteen hundred  
people were in the courtroom when  
Prosecuting Attorney Lewis insisted  
upon his rights to close the argument.  
Judge Mansfield refused him permission  
until an apology was made to the court.  
After some quibbling it was made and  
accepted, and he closed the arguments.  
Strong pressure will be brought to have  
Dubbs confined in an imbecile asylum.

Manufacturers Would Not Settle.

MARLBORO, Mass., Dec. 19.—The joint  
council of the boot and shoe workers'  
union issued a statement in which it  
is stated that, at the suggestion made at  
the recent cerymen's meeting, a com-  
mittee of employees of the shoe manu-  
facturers waited upon the different  
firms with a view of adjusting the labor  
difficulties, but the manufacturers de-  
clared that they stood by their original  
notice.

Postmaster In Porto Rico.

CANTON, Dec. 19.—The appointment  
is announced here of Robert A. Miller  
of this city as postmaster at Ponce,  
Porto Rico. He will sail from New  
York Dec. 28. Mr. Miller is a son of  
Lewis Miller of Akron and has been  
prominent in Chautauqua affairs for a  
number of years. His family will join  
him in Porto Rico some time in Janu-  
ary.

Monument to Russians Unveiled.

CONSTANTINOPLE, Dec. 19.—The Rus-  
sian Grand Duke Nicholas, who arrived  
here on Friday on board a Russian  
steamer, unveiled Sunday, at Galatan,  
near San Stefano, where on March 3,  
1878, was signed the treaty of peace  
that terminated the Russo-Turkish war,  
a monument to the Russian soldiers  
who fell in that conflict.

Fire in Georgia Fern Hill.

SAVANNAH, Dec. 19.—Nearly the whole  
of the business part of the town of Tif-  
ton, in the center of the peach belt, was  
burned, an oil lamp in a boardinghouse  
having exploded. The Masonic hall  
and ten stores were destroyed and a  
hotel and large lumber mill were dam-  
aged.

Senator Kenney's Case.

WILMINGTON, Del., Dec. 19.—The  
jury in the Kenney case spent another  
day of fruitless discussion. Many ru-  
mors were abroad during the day, but  
from a well authenticated source it is  
learned that the jury stands ten to two  
for acquittal.

**WANTS BALLOT REFORM.**

He believes the legislature should specifically define which columns are entitled to the circles and which are not, and that such legislation will be enacted on this question as to remove every obstacle in the way of the full exercise of the right of suffrage, render fraud impossible and provide a simple and complete form of ballot.

Mr. Martin says the objection to duplication of columns on the ballot could be largely removed by assembling all the candidates for each office to be filed in groups in a single column. He thinks there should be a legislative declaration as to what constitutes a political party entitled to nominate a state ticket to appear on the ballot in all the counties.

**Said the American Commission Did a Great Work.**

NEW YORK, Dec. 19.—Major General Wesley Merritt, late commander of the United States military forces in the Philippine islands, from which post he was called to Paris to consult with the American peace commissioners, reached this city Saturday on board the steamer Lucania from Queenstown. With General Merritt were his bride, her mother, Mrs. Norman Williams, and Norman Williams, Jr., of Chicago and Captain L. H. Strother, aide-de-camp on the staff of General Merritt. He said in part:

It is some time since I left the Philippine islands and all that I can say about the situation there when I left is contained in official reports which I made to the government and the peace commission, and there is no use of my going over those subjects again. I can say, however, that there is no foundation for the report that Admiral Dewey's health has broken down as a result of his wonderful work in Manila harbor on May 1 last. He was in fine physical condition when I left him and he was then over the strain of the naval fight. Talking with leading Filipinos I told them the United States had no promises to make, but they might be assured that the government and people of this country would treat them fairly. Purposely we did not give the insurgents notice of our attack on Manila, because we did not need their cooperation and did not propose to have it. We feared they might loot and plunder, and Aguinaldo himself wrote a complaining letter saying that the insurgents had been denied their share of the booty, whatever he may have meant by that.

The American peace commissioners had a hard task to make the Spaniards understand that the colonies were lost forever to Spain. They accomplished the job well and signed a treaty which is a credit to them.

General Merritt, when asked when he would report his return to the secretary of war, said: "I will wait until President McKinley returns to Washington."

**To Free a Soldier.**

SAVANNAH, Dec. 19.—Prominent citizens have interested themselves in behalf of Moore, the Maine artilleryman who was the other day sentenced to pay a fine of \$500 or serve 60 days on the chain gang by Judge Norwood for attempting on the streets to hug the wife of a prominent citizen. A petition to the governor for pardon is being circulated.

**Spanish Commission Reached Madrid.**

MADRID, Dec. 19.—Senor Montero Rios and the other members of the Spanish peace commission, on reaching Madrid, were met by Senor Gamazo, leader of the dissenting Liberals, and by many other politicians and high officials. Their arrival was not attended with special incident. The queen regent received Senor Montero Rios in audience.

**Accepted Abbott's Resignation.**

NEW YORK, Dec. 19.—At a business meeting of the members of the Plymouth church, Brooklyn, the report of the advisory committee, recommending acceptance of the resignation of Rev. Dr. Lyman Abbott as pastor, was adopted with a few dissenting votes. A deputation of members called on Dr. Abbott's physician last week and were informed that they should not insist on his holding the pastorate. Dr. Abbott will continue to fill the pulpit at Plymouth church until May 1. He will, after that date, give his time exclusively to his editorial work.

**To Make Locomotives.**

PHILADELPHIA, Dec. 19.—The Baldwin Locomotive works has within the last few days received orders for 56 locomotives, of which 16 are for the imperial railway of China, making the second order received from that country within ten months.

**Weather Forecast.**

For Western Pennsylvania—Increasing cloudiness and probably rain, or snow this afternoon; colder, fresh to brisk north winds.

Ohio—Threatening weather and rain,

turning into snow and colder in north-east portion; light variable winds becoming northeasterly.

**HOSPITAL SHIP SAILED.**

**Took 300 Tons of Medical Supplies and a Hospital Corps.**

SAVANNAH, Dec. 19.—The hospital ship Missouri sailed for Havana with 300 tons of medical supplies for the troops in the island, and carrying the hospital corps of the Second division of the Seventh army corps—the division which has already gone forward with General Lee.

The Missouri, after distributing her supplies, will take sick soldiers from Havana and vicinity and bring them to this country, either to New York, Norfolk or Savannah.

**FAVOR CZAR'S DISARMAMENT PLAN.**

**A Meeting Representing Various Religious Denominations Held In London.**

LONDON, Dec. 19.—The venerable William MacDonald Sinclair, archdeacon of London and canon of St. Paul's cathedral, presided at a public conference at St. James' hall, convened by the heads of the various religious denominations in favor of an international demonstration on behalf of the czar's disarmament proposals.

A telegram expressing sympathy with the effort was received from Lord Rosebery. Among the letters read by the chairman from prominent people was one sent by Lord George Hamilton, secretary of state for India, who wrote advocating "an Anglo-Russian understanding of which the czar's undertaking ought to be the foundation."

A resolution in accordance with the objects of the conveners of the conference was adopted unanimously.

**ONE MAN KILLED.**

**Cars Smashed on a Trestle on an Indiana Railroad.**

INDIANAPOLIS, Dec. 19.—On the Indiana, Decatur & Southwestern railroad, about 52 miles west of Indianapolis, near Guion station, the Indianapolis express southbound left the tracks west of a high trestle and passed over the trestle, which was 60 feet long, with seven coaches off the rails and bumping along the ties.

The rear car had just left the trestle when a spreading of the rails ahead of the baggage car piled the seven cars into a heap. The baggage car and smoker were ground almost into splinters and all of the cars were badly wrecked.

T. M. Wells, superintendent of the schools of Douglas county, Ill., who lived at Arcola, was killed.

Eight people were injured.

**May Sue For Old Sugar Taxes.**

COLUMBUS, Dec. 19.—Suits will probably be commenced within a short time in every county in the state against the American Sugar Refining company of New York and the Franklin Sugar Refining company of Philadelphia, to collect back taxes for the five years preceding 1895. It is claimed that during these years the companies evaded taxation by refusing to sell their goods direct to the merchants, but by appointing them as agents. The amount may reach over \$8,000,000.

**Dubbs Acquitted of Murder.**

STREUVILLE, O., Dec. 19.—The Dubbs murder trial was given to the jury Saturday evening and a verdict of acquittal was given. Fifteen hundred people were in the courtroom when Prosecuting Attorney Lewis insisted upon his rights to close the argument, Judge Mansfield refused him permission until an apology was made to the court. After some quibbling it was made and accepted, and he closed the arguments. Strong pressure will be brought to have Dubbs confined in an imbecile asylum.

**Manufacturers Would Not Settle.**

MARLBORO, Mass., Dec. 19.—The joint council of the boot and shoe workers' union issued a statement in which it is stated that, at the suggestion made at the recent cerymen's meeting, a committee of employees of the shoe manufacturers walked upon the different firms with a view of adjusting the labor difficulties, but the manufacturers declared that they stood by their original notice.

**Postmaster In Porto Rico.**

CANTON, Dec. 19.—The appointment is announced here of Robert A. Miller of this city as postmaster at Ponce, Porto Rico. He will sail from New York Dec. 28. Mr. Miller is a son of Lewis Miller of Akron and has been prominent in Chautauqua affairs for a number of years. His family will join him in Porto Rico some time in January.

**Monument to Russians Unveiled.**

CONSTANTINOPLE, Dec. 19.—The Russian Grand Duke Nicholas, who arrived here on Friday on board a Russian steamer, unveiled Sunday, at Galatan, near San Stefano, where on March 3, 1878, was signed the treaty of peace that terminated the Russo-Turkish war, a monument to the Russian soldiers who fell in that conflict.

**Fire In Georgia Fought Out.**

SAVANNAH, Dec. 19.—Nearly the whole of the business part of the town of Tifton, in the center of the peach belt, was burned, an oil lamp in a boardinghouse having exploded. The Masonic hall and ten stores were destroyed and a hotel and large lumber mill were damaged.

**Senator Kenney's Case.**

WILMINGTON, Del., Dec. 19.—The jury in the Kenney case spent another day of fruitless discussion. Many rumors were abroad during the day, but from a well authenticated source it is learned that the jury stands ten to two for acquittal.

WELLSVILLE.

HE GOES TO INDIANA

Reverend Littell Announces His Future Abode.

HAD A NUMBER OF CALLS

For All Were Turned Down For a College Town Where the Church Over Which He Will Preside Is the Best In the Place--All the News of Wellsville.

At the close of the morning service, Sunday, Reverend W. A. Littell announced that he had accepted a call to the United Presbyterian church of Bloomington, Ind.

Bloomington is a city of 10,000 inhabitants and is the seat of the Indiana State University which has 1,000 students and over 60 professors. The city is 50 miles south of Indianapolis. The church is the leading church of that city. The president and vice president of the college and a number of the professors are members, and many of the students also attend. A coincidence in the case is that the very day and hour that the presbytery at Knoxville, December 6, dissolved the relationship between the Wellsville church and Reverend Littell, a unanimous and hearty call was being made out by the church in Bloomington.

This church last June gave their pastor, Reverend Lyons, to be the president of Monmouth college in Illinois. During the month of November a committee which had been elected by the church to select a pastor invited Reverend Littell to preach for them with a view to calling him as pastor, and during the same trip Reverend Littell also preached at the Park avenue church in Omaha, Neb. Elizabeth, Pa., and Portland, Ore., had both approached Reverend Littell by committees.

Reverend Littell will preach his farewell sermon Christmas day, and soon after will take his departure to his new field of labor. His new congregation have signified their willingness to give him a month or more of a vacation before he assumes his duties. Reverend Littell's friends outside of his own congregation are sorry to see him depart, but congratulate him on the pleasant field in which his labors will be.

CRITICS.

A Practical Man Speaks His Mind on an Important Question.

There is a class in our midst, mostly well educated men, who decry or try to run down the business college and its course of training.

These would-be critics say that you should have a high school or collegiate course before you enter the commercial college, which is a mistake. They are enemies of the commercial college because they realize that the commercial course is doing more for the general welfare of the young people of East Liverpool than the high school course.

They realize that the high school gives less practical training and bread winning education in its four years' course than the Ohio Valley Business college gives in one year.

During the past year the superintendent, principal, board of education and teachers, have turned their Gattling guns on this college. The children are told they must not go to school at the Ohio Valley Business college as the law will not permit them, which we all know is a mistake, for the law does not say where a child shall attend school, nor can anyone dictate where a child shall get his education, for this is a free country, and a teacher or any one else cannot compel children to go to the public school if they attend business college or any other private school.

The board of education, elected to promote the educational interests of our city, forbid our local stationer to sell stationery to the students of this college.

Is this doing their duty? Is this what they are elected to do? Try to tear down the educational advantages of our city. Instead of these men lending the president of this institution a helping hand, they have tried to hinder the progress of this college.

But, thank goodness, we have one man in our midst who is not afraid to stand up for the practical education, and give our young people the kind of an education that moves the world. The reason business men take their children out of the high school and public schools and place them in this college, to have them educated, is because they realize it is the place to get a bread winning education, and we are glad to know that the Ohio Valley Business College has a larger and more prosperous school now than ever. Long may it flourish and prosper.

"A PRACTICAL MAN."

Resolutions of Condolence.

At a special meeting of Osceola council, No. 8, Degree of Pocahontas, convened in the council room to take action on the death of our respected brother, Charles B. Allison, who departed this life Dec. 14, 1898, aged 67 years, a committee was appointed to draft a resolution of condolence expressive of the feelings of sympathy entertained by the members of the council for the bereaved children, and do thus publicly express their sense of the moral worth of their deceased brother. Therefore be it resolved.

WHEREAS, It has pleased the Great Spirit, the disposer of all human events, in his wisdom to take from our midst our respected brother by death, and, thereby not only making vacant his chair in the council but touching the hearts of all with whom he associated

WHEREAS, The relation existing between the deceased brother and all true sisters and brothers being of the most harmonious nature the council unanimously adopt the following:

Resolved, That the officers and members of Osceola council No. 8, esteem his moral attainments and also his affectionate disposition, and deeply mourn his loss as a member of our council and as a citizen of the community.

Resolved, That we tender to the bereaved children of our deceased brother our heartfelt sympathy, praying that our Great Spirit, the giver of every good and perfect gift, who has promised to be a father to the fatherless, will throw around them his everlasting arms of love and power, and protect them from danger and harm.

Resolved, That the chief of records furnish the family with a copy of these resolutions.

Resolved, That the charter be draped in mourning for 30 days.

# YOU CAN SUE THE CITY

If You Fall and Are Hurt on an Icy Sidewalk.

SUPREME COURT HAS SO DECIDED

A Woman Living in Circleville Did It, and After a Hard Fight the Judgment of the Lower Court Was Affirmed—Reasons Given For the Decision.

Among the decisions recently handed down by the supreme court of Ohio is one in the case of the city of Circleville against Ella M. Sohn. She slipped on an icy sidewalk there and broke her ankle. The accident she attributed to a depression in the sidewalk, and sued the city for \$10,000 damages. What the court has to say with reference to the affirmation of the judgment is of more than passing interest to Ohio municipalities, at this time, when a repetition of the mishap that befell Miss Sohn is apt to occur elsewhere. The court holds:

"The duty enjoined by statute on municipal corporations to keep their public ways open, in repair, and free from nuisance, is ministerial and mandatory, and requires the removal from such ways of all dangerous defects and obstructions, from whatever cause arising, when brought to the notice of the corporation.

"The corporation is liable for injuries caused by a dangerous defect or obstruction in a street or sidewalk under its control, after reasonable notice of its unsafe condition, though it arose from the construction or alteration of the street or sidewalk in conformity with a plan adopted by the municipal authorities."

The judgment was affirmed.

Moore started over with his prisoner, and was within 150 feet of the jail when Hammil, who was not handcuffed, took to his heels, jumped over a high board fence and disappeared up an alley.

## YOU CAN SUE THE CITY

If You Fall and Are Hurt on an Icy Sidewalk.

### SUPREME COURT HAS SO DECIDED

A Woman Living in Circleville Did It, and After a Hard Fight the Judgment of the Lower Court Was Affirmed—Reasons Given For the Decision.

Among the decisions recently handed down by the supreme court of Ohio is one in the case of the city of Circleville against Ella M. Sohn. She slipped on an icy sidewalk there and broke her ankle. The accident she attributed to a depression in the sidewalk, and sued the city for \$10,000 damages. What the court has to say with reference to the affirmation of the judgment is of more than passing interest to Ohio municipalities, at this time, when a repetition of the mishap that befell Miss Sohn is apt to occur elsewhere. The court holds:

"The duty enjoined by statute on municipal corporations to keep their public ways open, in repair, and free from nuisance, is ministerial and mandatory, and requires the removal from such ways of all dangerous defects and obstructions, from whatever cause arising, when brought to the notice of the corporation.

"The corporation is liable for injuries caused by a dangerous defect or obstruction in a street or sidewalk under its control, after reasonable notice of its unsafe condition, though it arose from the construction or alteration of the street or sidewalk in conformity with a plan adopted by the municipal authorities."

The judgment was affirmed.

### LOST A PRISONER.

A Train Jumper Escaped From Detective Moore.

J. F. Moore, of the Cleveland and Pittsburg detective force, Saturday afternoon arrested George Hammil, of Butler, Pa., for train jumping at Beaver, and took him before Squire Minor, who gave him 10 days to jail. Moore started over with his prisoner, and was within 150 feet of the jail when Hammil, who was not handcuffed, took to his heels, jumped over a high board fence and disappeared up an alley.

## NO CHANGE OF VENUE

Rev. Mr. Lee Is Not Anxious to Have It.

THINKS JUSTICE WILL BE DONE

Fought Here in Columbiana County—The Father of the Dead Colored Man Was Here Today in Conference With Prosecutor J. H. Brookes.

Benjamin H. Lee, father of Dudley Lee, the young colored man who met his death in this city several months ago, arrived in the city this morning from Allegheny. He went direct to the office of Attorney J. H. Brookes, and was closeted with that gentleman several hours. He left Wellsville at 12 o'clock for his former home in Cadiz.

When Mr. Lee alighted from the train he was met by a reporter for the NEWS REVIEW and in speaking of the case said: "No, I do not think the case will be taken to Jefferson county. I am very well satisfied with the manner in which the case is progressing, and I firmly believe that justice will be given here, and that nothing will influence the court when the facts are brought out."

## ATROCITIES BY FILIPINOS.

Alleged Ill Treatment of Ecclesiastics in the North of Luzon.

The City of Peking brings news to San Francisco of alleged terrible atrocities committed by the insurgents on a Spanish bishop and friars in the extreme north of the island of Luzon. According to the Manila correspondent of the Hongkong Daily Press of Oct. 15, who obtained his information from Spanish sources, General Leyba, who was sent to attack the cities and towns in the north of Luzon, reported to Aguinaldo that he had brought the district completely under the control of the insurgents. He mentioned the capture of 124 friars and lay brothers, many Spanish soldiers, with their arms and property, and silver and valuables to the amount of \$800,000.

It is in these operations that the atrocities are alleged to have been committed, but the allegations, of course, come from the Spanish side and are probably exaggerated. The inhabitants of the towns of Cagayan, Aparri and other places, in the absence of the Spanish troops, and relying upon the promise of the insurgent chiefs that the lives and property of persons of all classes would be respected, surrendered and received the invaders with music and the pealing of bells. The insurgents proved perfidious, however, stealing the money of Spanish civil officials and military officers and the more loyal natives, and sacking convents and churches.

A bishop was slapped in the face, beaten and subjected to the greatest insults, being despoiled even of his clerical robes, and the friars were subjected to almost incredible ill treatment, being beaten with sticks, kicked, hung up and placed in the sun for several hours in the time of greatest heat. The natives were forbidden to render them any assistance or to salute them. It is reported that two friars were savagely murdered. One, 60 years of age, was placed under a horse's saddle and jumped upon until blood poured from his mouth and nose. The other was obliged to put on a native rain coat, was carried in triumph for 200 yards, and then nudged to death amid savage cries. The nuns of the girls' school were stripped of their habits and treated infamously.

The Tagalos say they will teach the Cagayanes to despise the Spanish priests, bishops, friars and all things ecclesiastic. Notices have been posted in all the towns proclaiming freedom of belief, civil burial and prohibiting the taking of the sacrament, religious processions and church observances.—Special New York Tribune.

## SCANDALS OF SHOPPING.

Mrs. Henrotin Formulates Rules For Women at Christmas Time.

Mrs. Ellen M. Henrotin of Chicago, who was elected president of the Illinois Consumers' league, sent out a communication the other morning on what she calls "the scandal of Christmas shopping." This letter was addressed to

MRS. ELLEN M. HENROTIN

all the clergymen in Chicago, with the request that it be read from their pulpits. It was also sent to all the presidents of women's clubs in the city.

In this communication five simple rules are recommended, which if faithfully observed by the feminine shopper will lessen the labor of employees in the stores, whether men, women or children. These rules are:

1. Shop early in the day.
2. Shop with a carefully classified list.
3. Do no unnecessary shopping before Christmas.
4. Do not ask to have goods delivered the same day.
5. Refuse to receive goods delivered after 7 o'clock at night.

"In my economic investigations for the government," said Mrs. Henrotin the other afternoon, "I discovered a distinct trend among women to form co-operative associations. The position of women in the industrial world resolves itself more and more into that of the consumer, and her education should be based on a thorough knowledge of social economics. Having this in view, I identified myself with the Illinois Consumers' league. The action of this league in sending a letter to Chicago clergymen is for the purpose of calling attention to the scandal of shopping, entailing as it does untold hardship on employer and employee, both of whom must minister to the demands of the consumer. As the consumer is usually a woman she is expected to profit, particularly at this Christmas time, by the rules set forth by the league."

## UNION LABELS.

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others? The Union Label in every industry is a guarantee of fair wages, decent working hours, and union labor employed.

### PATRONIZE UNION CLERKS.

All members of the R. C. N. P. A. can show this card for it when making purchases.

Endorsed by the A. F. of L.

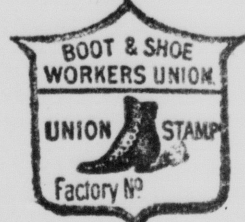

ONE-THIRD ACTUAL SIZE

COLOR IS CHANGED EACH QUARTER

Go to any printing establishment named in lower left hand corner and have properly signed, and STAMPED with the number of the Label.

### UNION MADE BOOTS AND SHOES

The Boot and Shoe Workers' union is the national head of the trade, and is a new combination of all the branches of boot and shoe workers. The above trade-mark when found on the sole or lining of a boot or shoe, is a guarantee that the same is made by union labor. Look for the above design stamped on the sole of every pair of boots or shoes you buy.

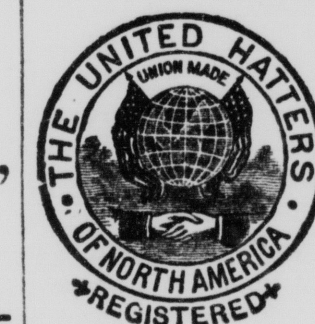

### CUSTOM TAILORS' LABEL.

The Journeymen Tailor's Label is to be found in the inside breast pocket of the coat, on the under side of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen.

### UNION MADE HATS.

This Label is about an inch and a half square, and is printed on best colored paper. It is placed on every union made hat before it leaves the workman's hands. If a dealer takes a hat from one hat and places it in another, or has any detached labels in his store, do not buy from him, as his labels may be counterfeit, and his hats may be the product of scab or non-union labor.

### UNION MADE CLOTHES.

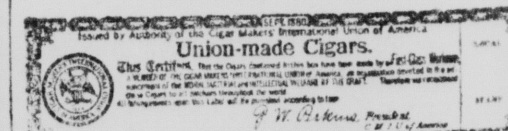

You will find the linen label attached to machine stitching to the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants.

### BICYCLE LABEL.

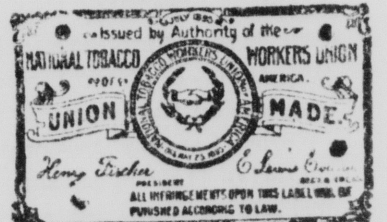

"Do unto others as ye would that others should do unto you." You will endorse the "Golden Rule" by buying and riding bicycles bearing this Label. The colors are as follows: The Union shield is in red, white and blue, on a background of green, bordered by gold. The Label will be placed on the upper front side of the seat that receives the seat post.

### BLUE LABEL CIGARS.

This label is printed in black ink on light blue paper, and is pasted on the cigar-box. Don't mix it up with the U. S. revenue label on the box, as the latter is nearly of a similar color.

### TOBACCO LABEL.

The above Label, printed on blue paper, and be found on all plug tobacco and on the wrappers of chewing tobacco manufactured in union tobacco factories.

### UNION BREAD AND CRACKERS

International This is a full size label of the Bakers' and Confectioners' union. It is printed on fine white paper and is pasted on each loaf of union-made bread. It is evidence that the bread is made under fair and wholesome conditions, and in clean and healthy bakehouses. Following is the confectioners' and crackers Label:

SOME Democratic senators, the story  
 goes, are preparing to talk long and  
 loud against expansion, but what will  
 it profit them? Their speeches may  
 cause some little breeze among their  
 constituents, but an American who  
 took any part in the Spanish war, or he  
 who watched the struggle from start to  
 finish, will not be anxious to turn down  
 the deeds of bravery of the boys in  
 blue because a senator takes up a few  
 hours making a speech against them.

AN Alliance girl who was tried for  
 burglary and acquitted after a five  
 hours' tussle with the case by the jury  
 on the ground that she is a klepto-  
 maniac, will be sent to the asylum.  
 That is right. People who are so con-  
 stituted as to be unable to distinguish  
 right from wrong, should be kept from  
 the general public. If they are crimi-  
 nals, Ohio has provided jails and a first-  
 class penitentiary; if they are of the  
 other class there are suitable institutions  
 awaiting them.

THE Republicans of Ohio want to vote  
 next year for a gubernatorial candidate  
 who is in every sense of the word a  
 Republican. They do not care a rap  
 about factional feeling, and have no de-  
 sire to uphold the claims of any num-  
 ber of party leaders against any other  
 number. They have seen enough of  
 that in the past, and know it has  
 been productive of no good. The can-  
 didate before the convention who de-  
 clares he is simply a Republican will  
 receive the support of the rank and file.

## OPPOSING THE PRESIDENT.

The opposition developing in congress  
 against President McKinley is no sur-  
 prise. It was to be expected that his  
 political enemies would make some  
 move as soon as opportunity appeared.  
 When there were no questions of mo-  
 ment beyond the tariff and silver mat-  
 ter they could do nothing, but with the  
 war came the matters they had long  
 sought. Perhaps they are honest in  
 the belief that expansion is dangerous  
 and the Republic is on the brink of de-  
 struction; but they have as yet ad-  
 vanced nothing to show they have the  
 right side of the question. Experience,  
 on the other hand, shows they are  
 wrong. Their cry is one of calamity,  
 differing only from what we heard be-  
 fore the second election of Mr. Cleve-  
 land in the fact that it is not so clearly  
 developed. The mere fact that it has  
 already connected with it the names of  
 men who are seldom found on the right  
 side goes to show how well the Presi-  
 dent's opponents are started on the  
 road to defeat. If their cause is just  
 the display of selfish interest so often  
 made by its exponents, in and out of  
 congress, seems at this time premature,  
 to say the least.

# TEN HORSES PERISHED

When Charles Forster's Stable  
 Was Burned Last Night.

## NO CAUSE HAS BEEN FOUND

Flames Suddenly Burst From the Build-  
 ing, and When Discovered by the Stable  
 Boss the Fire Had Gained Such Headway  
 That It Could Not Be Extinguished.

The stable, stock and fixtures belong-  
 ing to Charles N. Forster, successor to  
 the East Liverpool Coal company, were  
 totally destroyed by fire last night. It  
 involved a loss of at least \$10,000. The  
 origin of the fire is unknown.

John R. McKinnon, residing at 111  
 Washington street and employed as  
 stable boss for Forster, was seen this  
 morning and told the story of the fire:

"I was standing at the corner of Sec-  
 ond street and happened to look toward  
 the river and noticed a light in the  
 northwest corner of the barn. I  
 immediately turned in an alarm  
 and the department soon arrived.  
 Before their arrival I went to the stable  
 thinking I could save the horses. I  
 opened the door, but the flames blocked  
 the way. A door in the east side of the  
 building is opened from the inside and  
 before this was opened by the firemen  
 the horses were down, which made it  
 impossible to save them. There were  
 stored in the barn 10 tons of hay, five  
 tons of straw, 1,100 pounds of chop, a  
 lot of picks, shovels and scrapers. There  
 were 10 horses and three dogs in the  
 stable, and all were burned to death."

The department did effective work on  
 the building, but the flames gained such  
 headway before they arrived that the  
 building is a total loss.

The exact loss cannot be given at  
 present. The horses were valued at  
 about \$250 a team, and the value  
 on the building and feed was not  
 placed today. A chest of fine tools and  
 three dogs which were lost were owned  
 by Mr. McKinnon. He placed his loss  
 at \$250 with no insurance.

The stable of the East Liverpool Coal  
 company was burned three years ago  
 which caused a loss of \$3,000. All  
 the stock was burned, and the stable was  
 so damaged that it was rebuilt entirely.

# IN THE CHURCHES.

Sermons Were Heard by Large Congrega-  
 tions Yesterday.

Rev. Dr. Kane, who occupied the pul-  
 pit at the First Presbyterian church  
 yesterday, preached to large congrega-  
 tions. He reduced his text in the even-  
 ing to "Godliness is useful in this world  
 of affairs, and the Godly man has ad-  
 vantages over any other." The gentle-  
 man delivered a strong sermon, showing  
 that the man who puts trust in a pow-  
 er greater than himself is the successful  
 man.

Services were held at the Christian  
 church yesterday morning, Prof. O. S.  
 Reed occupying the pulpit. Because  
 the work of remodeling the structure  
 has not yet been completed, no services  
 were held in the evening.

At the after meeting in St. Stephen's  
 last night Rev. Edwin Weary talked on  
 "Our Young People," giving them ex-  
 cellent advice.

Doctor Taggart preached last night at  
 the First U. P. church on "The Use of  
 the Law." The gentleman took occa-  
 sion during his address to refer to the  
 responsibility now resting on the nation  
 in the matter of reaching out after new  
 possessions.

"Hell and Duration of Punishment"  
 was the subject of Reverend Swift's  
 excellent sermon last night, it being an-

## VISITOR FROM CHINA

Delivered An Interesting Address on  
 Sunday Night.

Miss Dr. Donahue, of the Woman's  
 Foreign Missionary society, and who  
 has been doing splendid service in  
 China under the mercy of the Master,  
 delivered an interesting address on Sun-  
 day night in the First M. E. church, in  
 the presence of a large audience. The  
 lady spoke of the habits of the Chinese,  
 of the pitiable condition of the women,  
 of the destruction of female infants, of  
 the efforts being made to Christianize  
 China, of the difficulty the male minis-  
 ters had in carrying the gospel to the  
 Flowery Kingdom, and of the great  
 success attending the efforts of the  
 noble women teachers sent over from  
 the United States. Miss Donahue re-  
 lated a number of incidents connected  
 with her work in that far off land, in  
 order to illustrate the points she desired  
 to make. She is an interesting talker,  
 and received hearty congratulations at  
 the close of her address. We have a  
 noble band of Christian women in East  
 Liverpool engaged in aiding the society,  
 and we bespeak for them far more  
 liberal contributions than they have  
 been receiving in the past.

## A RICH TREAT.

You Missed a Gem by Not Being  
 Present.

Rev. Charles Swift, pastor of the  
 Methodist Protestant church of this  
 city, delivered a thrilling address at the  
 Young Men's Christian association hall  
 on Sunday afternoon, taking as his  
 topic the thought of directing the en-  
 tire talent given you by God for one  
 definite purpose. There was but a small  
 audience present; but a sufficient num-  
 ber was there, under the providence of  
 God, to pick up some of the rich seed,  
 freely scattered about, and cause it to  
 result in a harvest which will be  
 garnered safe and sure in the day of  
 final judgment.

On Sunday, December 4, the writer  
 had the pleasure of being at the Young  
 Men's Christian association hall when  
 Reverend Crawford, pastor of the First  
 M. E. church, this city, delivered an ad-  
 dress which was teeming with good  
 things, and out of which came an  
 abundant harvest of grain, well fitted  
 for home consumption.

Such addresses or short sermons, full  
 of practical Christianity, dealing with  
 current events, happenings and wicked-  
 nesses in our midst, cannot but exercise  
 a healthy moral influence upon the com-  
 munity at large, and the Young Men's  
 Christian association hall should be  
 packed each Sunday afternoon.

Open meetings, for both sexes, we  
 would deem advisable for time being.  
 There are many Christian ladies in East  
 Liverpool who desire to attend these  
 afternoon meetings, but are fearful of  
 being considered intruders. Let the  
 doors be thrown wide open, if possible,  
 Secretary Platts, and make the associa-  
 tion rooms such an attraction as cannot  
 be resisted. God speed the good work.

Secretary Platts is a sweet singer, and  
 he knows full well the power of music,  
 vocal and instrumental. The Master  
 should have the very best music in this  
 city given unto His cause, and we be-  
 lieve that an earnest effort in this di-  
 rection will result in the accomplish-  
 ment of much good.

 delivered an interesting address on Sun-  
 day night in the First M. E. church, in  
 the presence of a large audience. The  
 lady spoke of the habits of the Chinese,  
 of the pitiable condition of the women,  
 of the destruction of female infants, of  
 the efforts being made to Christianize  
 China, of the difficulty the male minis-  
 ters had in carrying the gospel to the  
 Flowery Kingdom, and of the great  
 success attending the efforts of the  
 noble women teachers sent over from  
 the United States. Miss Donahue re-  
 lated a number of incidents connected  
 with her work in that far off land, in  
 order to illustrate the points she desired  
 to make. She is an interesting talker,  
 and received hearty congratulations at  
 the close of her address. We have a  
 noble band of Christian women in East  
 Liverpool engaged in aiding the society,  
 and we bespeak for them far more  
 liberal contributions than they have  
 been receiving in the past.

## A RICH TREAT.

You Missed a Gem by Not Being  
 Present.

Rev. Charles Swift, pastor of the  
 Methodist Protestant church of this  
 city, delivered a thrilling address at the  
 Young Men's Christian association hall  
 on Sunday afternoon, taking as his  
 topic the thought of directing the en-  
 tire talent given you by God for one  
 definite purpose. There was but a small  
 audience present; but a sufficient num-  
 ber was there, under the providence of  
 God, to pick up some of the rich seed,  
 freely scattered about, and cause it to  
 result in a harvest which will be  
 garnered safe and sure in the day of  
 final judgment.

On Sunday, December 4, the writer  
 had the pleasure of being at the Young  
 Men's Christian association hall when  
 Reverend Crawford, pastor of the First  
 M. E. church, this city, delivered an ad-  
 dress which was teeming with good  
 things, and out of which came an  
 abundant harvest of grain well fitted  
 for home consumption.

Such addresses or short sermons, full  
 of practical Christianity, dealing with  
 current events, happenings and wicked-  
 nesses in our midst, cannot but exercise  
 a healthy moral influence upon the com-  
 munity at large, and the Young Men's  
 Christian association hall should be  
 packed each Sunday afternoon.

Open meetings, for both sexes, we  
 would deem advisable for time being.  
 There are many Christian ladies in East  
 Liverpool who desire to attend these  
 afternoon meetings, but are fearful of  
 being considered intruders. Let the  
 doors be thrown wide open, if possible,  
 Secretary Platts, and make the associa-  
 tion rooms such an attraction as cannot  
 be resisted. God speed the good work.

Secretary Platts is a sweet singer, and  
 he knows full well the power of music,  
 vocal and instrumental. The Master  
 should have the very best music in this  
 city given unto His cause, and we be-  
 lieve that an earnest effort in this di-  
 rection will result in the accomplish-  
 ment of much good.

HE GOES TO INDIANA

Reverend Littell Announces His Future Abode.

HAD A NUMBER OF CALLS

But All Were Turned Down For a College Town Where the Church Over Which He Will Preside Is the Best In the Place--All the News of Wellsville.

At the close of the morning service, Sunday, Reverend W. A. Littell announced that he had accepted a call to the United Presbyterian church of Bloomington, Ind.

Bloomington is a city of 10,000 inhabitants and is the seat of the Indiana State University which has 1,000 students and over 60 professors. The city is 170 miles south of Indianapolis. The church is the leading church of that city. The president and vice president of the college and a number of the professors are members, and many of the students also attend. A coincidence in the case is that the very day and hour that the presbytery at Knoxville, December 6, dissolved the relationship between the Wellsville church and Reverend Littell, a unanimous and hearty call was being made out by the church in Bloomington.

This church last June gave their pastor, Reverend Lyons, to be the president of Monmouth college in Illinois. During the month of November a committee which had been elected by the church to select a pastor invited Reverend Littell to preach for them with a view to calling him as pastor, and during the same trip Reverend Littell also preached at the Park avenue church in Omaha, Neb., Elizabeth, Pa., and Portland, Ore., had both approached Reverend Littell by committees.

Reverend Littell will preach his farewell sermon Christmas day, and soon after will take his departure to his new field of labor. His new congregation have signified their willingness to give him a month or more of a vacation before he assumes his duties. Reverend Littell's friends outside of his own congregation are sorry to see him depart, but congratulate him on the pleasant field in which his labors will be.

A Practical Man Speaks His Mind on an Important Question.

There is a class in our midst, mostly well educated men, who decry or try to run down the business college and its course of training.

These would-be critics say that you should have a high school or collegiate course before you enter the commercial college, which is a mistake. They are enemies of the commercial college because they realize that the commercial course is doing more for the general welfare of the young people of East Liverpool than the high school course.

They realize that the high school gives less practical training and bread winning education in its four years' course than the Ohio Valley Business college gives in one year.

During the past year the superintendent, principal, board of education and teachers, have turned their Gattling guns on this college. The children are told they must not go to school at the Ohio Valley Business college as the law will not permit them, which we all know is a mistake, for the law does not say where a child shall attend school, nor can anyone dictate where a child shall get his education, for this is a free country, and a teacher or any one else cannot compel children to go to the public school if they attend business college or any other private school.

The board of education, elected to promote the educational interests of our city, forbid our local stationer to sell stationery to the students of this college.

Is this doing their duty? Is this what they are elected to do? Try to tear down the educational advantages of our city. Instead of these men lending the president of this institution a helping hand, they have tried to hinder the progress of this college.

But, thank goodness, we have one man in our midst who is not afraid to stand up for the practical education, and give our young people the kind of an education that moves the world. The reason business men take their children out of the high school and public schools and place them in this college, to have them educated, is because they realize it is the place to get a bread winning education, and we are glad to know that the Ohio Valley Business College has a larger and more prosperous school now than ever. Long may it flourish and prosper.

Rev. Mr. Lee Is Not Anxious to Have It.

THINKS JUSTICE WILL BE DONE

Right Here In Columbiana County—The Father of the Dead Colored Man Was Here Today In Conference With Prosecutor J. H. Brookes.

Benjamin H. Lee, father of Dudley Lee, the young colored man who met his death in this city several months ago, arrived in the city this morning from Allegheny. He went direct to the office of Attorney J. H. Brookes, and was closeted with that gentleman several hours. He left Wellsville at 12 o'clock for his former home in Cadiz.

When Mr. Lee alighted from the train he was met by a reporter for the News Review and in speaking of the case said: "No, I do not think the case will be taken to Jefferson county. I am very well satisfied with the manner in which the case is progressing, and I firmly believe that justice will be given here, and that nothing will influence the court when the facts are brought out."

THE GAS CAME ON

Endangering the Residence of W. W. Harker, Cook Street.

There came near being a disastrous blaze last evening at the residence of W. W. Harker, Cook street.

While the family were at church the gas came on and neighbors discovered the smoke issuing from the windows. The house was entered and the wood-work in the kitchen was found to be smoking and almost ready to burst into flame.

IMPROVEMENTS

Will Be Commenced Tomorrow at the Lower Pumping Station.

The water works force will tomorrow commence work at the lower pumping station tearing down one of the pumps in order that new rods may be inserted.

The work will require at least 15 days, but will not inconvenience the department to any great extent.

School Exercises Next Friday.

Next Friday afternoon literary programs will be given in all the rooms of the public schools in the city. The schools will close on that date and remain so for two weeks. A number of the teachers have made arrangements to go to Cleveland during the vacation and visit the schools of that city.

Examinations Began Today.

The winter examinations in all grades of the public schools began this morning, and will continue during the week. The questions were prepared Saturday by Superintendent Rayman, and this morning they were distributed by the principals in all the buildings.

Demand Attention.

The condition of Pink alley since the snow has melted is such as to demand the attention of the health officer and street commissioner. From Market street to Union the thoroughfare is in an unhealthy state and it should be cleaned at once.

Decided the Championship.

The East Pittsburg football team Saturday defeated the McDonalds by a score of 7 to 1. The game decided the championship of the league as the East Pittsburg club have now won enough games to make them safe.

Took a Horse to Wellsville.

The horse which Trimmer McCoy, of the light plant, used in making his rounds has been taken to Wellsville, and will not be used again until next spring. The animal is the property of Judge Smith.

Preparing For Christmas.

The officers of the First Presbyterian Sunday school will meet early this week for the purpose of arranging the details relative to the Christmas exercises. So far the matter has only been talked over, and no definite steps have been taken.

Council May Meet.

Council will endeavor to meet this evening at 7 o'clock to take some action on the bill of Harrison Rinehart. Whether they will succeed in getting together is another question as no one seems to want a meeting.

ATROCITIES BY FILIPINOS.

Alleged Ill Treatment of Ecclesiastics in the North of Luzon.

The City of Peking brings news to San Francisco of alleged terrible atrocities committed by the insurgents on a Spanish bishop and friars in the extreme north of the island of Luzon. According to the Manila correspondent of the Hongkong Daily Press of Oct. 15, who obtained his information from Spanish sources, General Leyba, who was sent to attack the cities and towns in the north of Luzon, reported to Aguinaldo that he had brought the district completely under the control of the insurgents. He mentioned the capture of 124 friars and lay brothers, many Spanish soldiers, with their arms and property, and silver and valuables to the amount of \$800,000.

It is in these operations that the atrocities are alleged to have been committed, but the allegations, of course, come from the Spanish side and are probably exaggerated. The inhabitants of the towns of Cagayan, Aparri and other places, in the absence of the Spanish troops, and relying upon the promise of the insurgent chiefs that the lives and property of persons of all classes would be respected, surrendered and received the invaders with music and the pealing of bells. The insurgents proved perfidious, however, stealing the money of Spanish civil officials and military officers and the more loyal natives, and sacking convents and churches.

A bishop was slapped in the face, beaten and subjected to the greatest insults, being despoiled even of his clerical robes, and the friars were subjected to almost incredible ill treatment, being beaten with sticks, kicked, hung up and placed in the sun for several hours in the time of greatest heat. The natives were forbidden to render them any assistance or to salute them. It is reported that two friars were savagely murdered. One, 60 years of age, was placed under a horse's saddle and jumped upon until blood poured from his mouth and nose. The other was obliged to put on a native rain coat, was carried in triumph for 200 yards, and then outged to death amid savage cries. The nuns of the girls' school were stripped of their habits and treated infamously.

The Tagalos say they will teach the Cagayanes to despise the Spanish priests, bishops, friars and all things ecclesiastic. Notices have been posted in all the towns proclaiming freedom of belief, civil burial and prohibiting the taking of the sacrament, religious processions and church observances.—Special New York Tribune.

SCANDALS OF SHOPPING.

Mrs. Henrotin Formulates Rules For Women at Christmas Time.

Mrs. Ellen M. Henrotin of Chicago, who was elected president of the Illinois Consumers' league, sent out a communication the other morning on what she calls "the scandal of Christmas shopping." This letter was addressed to

MRS. ELLEN M. HENROTIN.

all the clergymen in Chicago, with the request that it be read from their pulpits. It was also sent to all the presidents of women's clubs in the city.

In this communication five simple rules are recommended, which if faithfully observed by the feminine shopper will lessen the labor of employees in the stores, whether men, women or children. These rules are:

1. Shop early in the day.
2. Shop with a carefully classified list.
3. Do no unnecessary shopping before Christmas.
4. Do not ask to have goods delivered the same day.
5. Refuse to receive goods delivered after 7 o'clock at night.

"In my economic investigations for the government," said Mrs. Henrotin the other afternoon, "I discovered a distinct trend among women to form co-operative associations. The position of women in the industrial world resolves itself more and more into that of the consumer, and her education should be based on a thorough knowledge of social economics. Having this in view, I identified myself with the Illinois Consumers' league. The action of this league in sending a letter to Chicago clergymen is for the purpose of calling attention to the scandal of shopping, entailing as it does untold hardship on employer and employee, both of whom must minister to the demands of the consumer. As the consumer is usually a woman she is expected to profit, particularly at this Christmas time, by the rules set forth by the league."

HOLIDAY PRESENTS

Nicest in the City. MAKE YOUR FRIENDS HAPPY.

The origin of the necklace was the chain which marked slavery. In ancient days they honored a slave by giving him or her fetters of gold, and so the necklace grew to be an ornament. The necklace, as we sell it, is the most beautiful ornament a woman can wear.

In the line of optical goods we reign supreme in East Liverpool, and can furnish you with goods which cannot fail in giving you delight and fullest satisfaction. Our prices are very reasonable. In this department you will find very desirable presents for friends or relatives.

In watches, fancy clocks, rings, charms, novelties, gold, silver and plated ware we stand at the head and front. We will furnish you beautiful diamond rings and studs equal to any the market affords. See us before you make your purchases.

UNION LABELS.

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others? The Union Label in every industry is a guarantee of fair wages, decent working hours, and union labor employed.

PATRONIZE UNION CLERKS.

All members of the R. C. N. P. A. can show this card for it when making your purchases.

UNION MADE BOOTS AND SHOES.

The Boot and Shoe Workers' union is the national head of the trade, and is a combination of all the branches of boot and shoe workers. The above trade-mark when found on the sole or lining of a boot or shoe, is a guarantee that the same is made by union labor. Look for the above design stamped on the sole of every pair of boots or shoes you buy.

CUSTOM TAILORS' LABEL.

The Journeymen Tailor's Label is to be found in the inside breast pocket of the coat, on the under side of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen.

UNION MADE HATS.

This Label is about an inch and a half square, and is printed on bag-colored paper. It is placed on every union made hat before it leaves the workman's hands. If a dealer takes a label from one hat and places it on another, or has any detached labels in his store, do not buy from him, as his labels may be counterfeit, and his hats may be the product of scab or non-union labor.

UNION MADE CLOTHING.

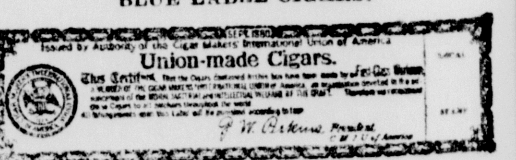

You will find the linen label attached to machine stitching to the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants.

BICYCLE LABEL.

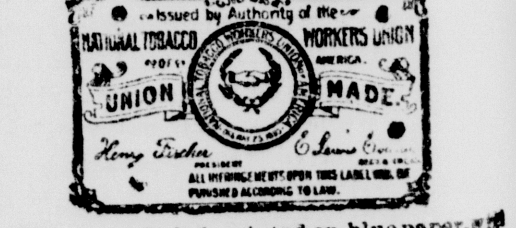

"Do unto others as ye would that others should do unto you." You will endorse the "Golden Rule" by buying and riding bicycles bearing this Label. The colors are as follows: The Union shield is in red, white and blue, on a background of pea green, bordered by gold. The Label will be placed on the upper front side of the saddle that receives the seat post.

BLUE LABEL CIGARS.

This label is printed in black ink on light blue paper, and is pasted on the cigar box. Don't mix it up with the U. S. revenue label on the box, as the latter is nearly of a similar color.

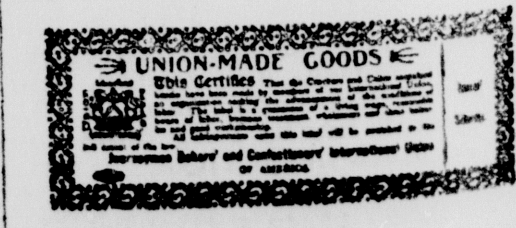

TOBACCO LABEL.

The above Label, printed on blue paper, will be found on all plug tobacco and on the wrappers of chewing tobacco manufactured in union tobacco factories.

UNION BREAD AND CRACKERS.

This is a full size, similar to the Label of the Bakers' and Confectioners' union. It is printed on fine white paper and is pasted on each loaf of union-made bread. It is evidence that the bread is made under fair and wholesome conditions and in clean and healthy bakeries. Following is the confectioners' and cracker Label:

Benjamin H. Lee, father of Dudley Lee, the young colored man who met his death in this city several months ago, arrived in the city this morning from Allegheny. He went direct to the office of Attorney J. H. Brookes, and was closeted with that gentleman several hours. He left Wellsville at 12 o'clock for his former home in Cadiz.

When Mr. Lee alighted from the train he was met by a reporter for the News Review and in speaking of the case said: "No, I do not think the case will be taken to Jefferson county. I am very well satisfied with the manner in which the case is progressing, and I firmly believe that justice will be given here, and that nothing will influence the court when the facts are brought out."

### THE GAS CAME ON

Endangering the Residence of W. W. Harker, Cook Street.

There came near being a disastrous blaze last evening at the residence of W. W. Harker, Cook street.

While the family were at church the gas came on and neighbors discovered the smoke issuing from the windows. The house was entered and the wood-work in the kitchen was found to be smoking and almost ready to burst into flame.

### IMPROVEMENTS

Will Be Commenced Tomorrow at the Lower Pumping Station.

The water works force will tomorrow commence work at the lower pumping station tearing down one of the pumps in order that new rods may be inserted.

The work will require at least 15 days, but will not inconvenience the department to any great extent.

School Exercises Next Friday.

Next Friday afternoon literary programs will be given in all the rooms of the public schools in the city. The schools will close on that date and remain so for two weeks. A number of the teachers have made arrangements to go to Cleveland during the vacation and visit the schools of that city.

Examinations Began Today.

The winter examinations in all grades of the public schools began this morning, and will continue during the week. The questions were prepared Saturday by Superintendent Rayman, and this morning they were distributed by the principals in all the buildings.

Demands Attention.

The condition of Pink alley since the snow has melted is such as to demand the attention of the health officer and street commissioner. From Market street to Union the thoroughfare is in an unhealthy state and it should be cleaned at once.

Decided the Championship.

The East Pittsburg football team Saturday defeated the McDonalds by a score of 7 to 1. The game decided the championship of the league as the East Pittsburg club have now won enough games to make them safe.

Took a Horse to Wellsville.

The horse which Trimmer McCoy, of the light plant, used in making his rounds has been taken to Wellsville, and will not be used again until next spring. The animal is the property of Judge Smith.

Preparing For Christmas.

## ATROCITIES BY FILIPINOS.

Alleged Ill Treatment of Ecclesiastics In the North of Luzon.

The City of Peking brings news to San Francisco of alleged terrible atrocities committed by the insurgents on a Spanish bishop and friars in the extreme north of the island of Luzon. According to the Manila correspondent of the Hongkong Daily Press of Oct. 15, who obtained his information from Spanish sources, General Leyba, who was sent to attack the cities and towns in the north of Luzon, reported to Aguinaldo that he had brought the district completely under the control of the insurgents. He mentioned the capture of 124 friars and lay brothers, many Spanish soldiers, with their arms and property, and silver and valuables to the amount of \$800,000.

It is in these operations that the atrocities are alleged to have been committed, but the allegations, of course, come from the Spanish side and are probably exaggerated. The inhabitants of the towns of Cagayan, Aparri and other places, in the absence of the Spanish troops, and relying upon the promise of the insurgent chiefs that the lives and property of persons of all classes would be respected, surrendered and received the invaders with music and the pealing of bells. The insurgents proved perfidious, however, stealing the money of Spanish civil officials and military officers and the more loyal natives, and sacking convents and churches.

A bishop was slapped in the face, beaten and subjected to the greatest insults, being despoiled even of his clerical robes, and the friars were subjected to almost incredible ill treatment, being beaten with sticks, kicked, hung up and placed in the sun for several hours in the time of greatest heat. The natives were forbidden to render them any assistance or to salute them. It is reported that two friars were savagely murdered. One, 60 years of age, was placed under a horse's saddle and jumped upon until blood poured from his mouth and nose. The other was obliged to put on a native rain coat, was carried in triumph for 200 yards, and then cudgeled to death amid savage cries. The nuns of the girls' school were stripped of their habits and treated infamously.

The Tagalos say they will teach the Cagayanes to despise the Spanish priests, bishops, friars and all things ecclesiastic. Notices have been posted in all the towns proclaiming freedom of belief, civil burial and prohibiting the taking of the sacrament, religious processions and church observances.—Special New York Tribune.

### SCANDALS OF SHOPPING.

Mrs. Henrotin Formulates Rules For Women at Christmas Time.

Mrs. Ellen M. Henrotin of Chicago, who was elected president of the Illinois Consumers' league, sent out a communication the other morning on what she calls "the scandal of Christmas shopping." This letter was addressed to

MRS. ELLEN M. HENROTIN.

all the clergymen in Chicago, with the request that it be read from their pulpits. It was also sent to all the presidents of women's clubs in the city.

In this communication five simple rules are recommended, which if faithfully observed by the feminine shopper will lessen the labor of employees in the stores, whether men, women or children. These rules are:

1. Shop early in the day.
2. Shop with a carefully classified list.
3. Do no unnecessary shopping before Christmas.
4. Do not ask to have goods delivered the same day.
5. Refuse to receive goods delivered after 7 o'clock at night.

"In my economic investigations for the government," said Mrs. Henrotin the other afternoon, "I discovered a distinct trend among women to form co-operative associations. The position of women in the industrial world resolves itself more and more into that of the consumer, and her education should be based on a thorough knowledge of social economics. Having this in view, I identified myself with the Illinois Consumers' league. The action of this league in sending a letter to Chicago clergymen is for the purpose of calling attention to the scandal of shopping, entailing as it does untold hardship on employer and employee, both of whom must minister to the demands of the consumer. As the consumer is usually a woman she is expected to profit, particularly at this Christmas time, by the rules set forth by the league."

## HOLIDAY PRESENTS

Nicest in the City.

MAKE YOUR FRIENDS HAPPY.

The origin of the necklace was the chain which marked slavery. In ancient days they honored a slave by giving him or her fetters of gold, and so the necklace grew to be an ornament. The necklace, as we sell it, is the most beautiful ornament a woman can wear.

In the line of optical goods we reign supreme in East Liverpool, and can furnish you with goods which cannot fail in giving you delight and fullest satisfaction. Our prices are very reasonable. In this department you will find very desirable presents for friends or relatives.

In watches, fancy clocks, rings, charms, novelties, gold, silver and plated ware we stand at the head and front. We will furnish you beautiful diamond rings and studs equal to any the market affords. See us before you make your purchases.

## UNION LABELS.

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others? The Union Label in every industry is a guarantee of fair wages, decent working hours, and union labor employed.

### PATRONIZE UNION CLERKS.

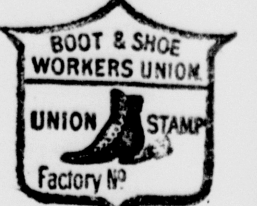

All members of the R. C. N. P. A. can show this card ask for it when making your purchases.

COLOR IS CHANGED EACH QUARTER.

### UNION MADE BOOTS AND SHOES.

The Boot and Shoe Workers' union is the national head of the trade, and is a new combination of all the branches of boot and shoe workers. The above trade-mark when found on the sole or lining of a boot or shoe, is a guarantee that the same is made by union labor. Look for the above design stamped on the sole of every pair of boots or shoes you buy.

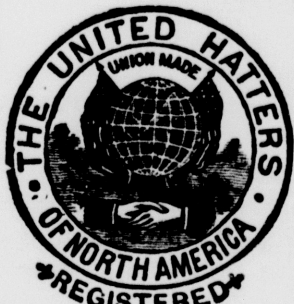

CUSTOM TAILORS' LABEL.

The Journeymen Tailors' Label is to be found in the inside breast pocket of the coat, on the under side of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen.

UNION MADE HATS.

This Label is about an inch and a half square, and is printed on colored paper. It is placed on every union made hat before it leaves the workman's hands. If a dealer takes a hat from one hat and places it in another or has any detached labels in his store, do not buy from him, as his labels may be counterfeit, and his hats may be the product of scab or non-union labor.

UNION MADE CLOTHES.

You will find the linen label attached by machine stitching to the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants.

BICYCLE LABEL.

"Do unto others as ye would that others should do unto you." You will endorse the "Golden Rule" by buying and riding bicycles bearing this Label. The colors are as follows: The Union shield is in red, white and blue, on a background of pea green, bordered by gold.

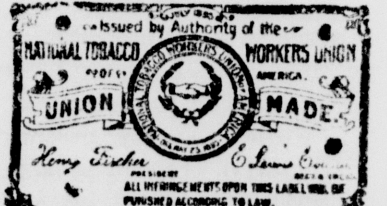

The Label will be placed on the upper front side of the seat that receives the seat post.

BLUE LABEL CIGARS.

This label is printed in black ink on light blue paper, and is pasted on the cigar box. Don't mix it up with the U. S. revenue label on the box, as the latter is nearly of a similar color.

TOBACCO LABEL.

The above Label, printed on blue paper, will be found on all plug tobacco and on the wrappers of chewing tobacco manufactured in union tobacco factories.

UNION BREAD AND CRACKERS.

This is a full size facsimile of the Label of the Bakers' and Confectioners' union. It is printed on fine white paper and is pasted on each loaf of union-made bread. It is evidence that the bread is made under fair and wholesome conditions.

and in clean and healthy bakeries. Following is the confectioners' and cracker Label:

## THEY VISITED MACON.

President and Party Spent a Few Hours There Today.

LATER THEY LEFT FOR AUGUSTA.

President McKinley and Some of the Members of His Party Attended Different Churches at Savannah on Sunday. President Visited a Colored School.

MACON, Ga., Dec. 19.—President McKinley and party arrived here this morning and remained a few hours, leaving later for Augusta.

SAVANNAH, Dec. 19.—On Sunday President McKinley attended church at the Westmore Memorial Methodist church. Mrs. McKinley did not accompany him. She is suffering from a slight cold, and remained at the hotel. Her indisposition, however, does not amount to real illness, and in the afternoon she was able to take a carriage ride about the city.

The president was met at the door of the church by leading members of the congregation, who escorted him to the pew reserved for him. As he entered the congregation arose and remained standing until he had taken his seat. The sermon was by Rev. John A. Thompson, D. D. There was no reference to the distinguished presence during the service, beyond an invocation by the preacher for divine guidance for the president during the crisis which now confronted the country.

Secretary Alger and General Shafter attended the first Presbyterian church, and after the service held an informal levee in the aisles, many persons crowding around them to shake hands and bid them welcome.

General Joseph Wheeler and Secretary Wilson worshipped at the First Baptist. After the service they shook hands with several hundred persons.

Secretary Long attended St. John's Episcopal church and Secretary Smith the Independent Presbyterian. They also were greeted by many members of the congregations.

After dinner the president visited the Georgia State Agricultural and Mechanical college (colored), where he delivered an address. The route to the college took the president through the camp of the seventh army corps, and going and coming he stopped at the camp for a brief inspection and to speak words of appreciation and encouragement to the men.

Secretary Alger and General Shafter also visited the camps. Secretary Alger paid more attention to the camp than any other member of the party. He went through several of the regimental villages, from headquarters to kitchen, and made a critical examination. He also visited the hospital of the first division, where he spoke kindly to the sick men and made inquiries into their wants and how they were supplied. After his trip he expressed himself as very much gratified with the camp and the work of the hospital corps.

Postmaster General Smith, General Shafter and the newspaper correspondents with the presidential party were the guests of the officers of the Third Battalion, Third Georgia regiment, at the camp in the afternoon. An oyster dinner was served. Postmaster General Smith made a short address, during the course of which he paid a high tribute to the press for its integrity.

General Shafter made an impromptu, conversational talk to the men assembled, which was full of suggestiveness, and at once placed the general in touch with all of his hearers. After the dinner the party made an inspection of the camps. Without exception the visitors pronounced the arrangements excellent.

The members of the visiting party spent the evening in the parlors of the hotel until the time came for them to depart for Macon, for which place their train left about midnight. On the way to the depot the president was greeted with hearty cheers, as indeed he has been every time he has come within sight during his visit here.

At one point in his speech, at the banquet at the Desoto hotel, Saturday night, President McKinley said:

"If, following the clear precepts of duty, territory falls to us and the welfare of an alien people require our guidance and protection, who will shrink from the responsibility, grave though it may be? Can we leave these people, who, by the fortunes of war and our own acts are helpless, without government, to chaos and anarchy, after we have destroyed the only government they have had?"

After destroying their government, it is the duty of the American government to provide for them a better one. Shall we distrust ourselves? Shall we proclaim to the world our inability to give kindly government to oppressed peoples, whose future, by the victories of war, is confided to us? We may wish it were otherwise, but who will question our duty now?"

It is not a question of keeping the islands of the east, but of leaving them. Dewey and Merritt took them and the country instantly and universally applauded. Could we have brought Dewey away without universal condemnation at any time from the 1st of May, the day of his brilliant victory which thrust the world with its boldness and heroism?"

Was it right to order Dewey to go to Manila and capture or destroy the Spanish fleet and dispatch Merritt and his army to reinforce him? If it were duty to send them there and duty required them to remain there, it was their clear duty to annihilate the fleet, take the city of Manila and destroy the Spanish sovereignty in the archipelago.

Having done all that in the line of duty, it was their duty to remain there and give

to the inhabitants protection and also our guidance to a better government which will secure to them peace and order and security in their life and property and in the pursuit of happiness? Are we unable to do this?"

Are we to sit down in our isolation and recognize no obligation to a struggling people whose present conditions we have contributed to make? I would rather have the confidence of the poet Bryant, when he exclaims: "Thou, my country, thou shalt never fail! Seas and stormy air Are the wide barriers of thy borders where, Among the gallant sons that guard thee well, Thou laughest at enemies. Who shall then declare The date of thy deep-founded strength, or tell How happy in thy lap the sons of men shall dwell?"

My fellow citizens, whatever covenants duty has made for us in the year 1898 we must keep.

## RIOTOUS CUBANS.

Wounded Street Car Passengers and Several Spanish Soldiers, Who Finally Fired Upon Them.

HAVANA, Dec. 19.—A crowd of Cubans of the lower class, firing shots into the air in celebration of the evacuation of Cerro, stopped street cars and compelled passengers to shout "Viva Cuba libre." Among the demonstrators were a number of butchers, who carried pistols and knives. Jose Gancedo and his cousin, Teodoro Huertas, who were on the curb, were wounded with knives. Gancedo died and Huertas will probably die.

Later the crowd met some engineers at the Esquina de Tejas and fired upon them, seriously wounding one. They returned the fire, wounding a street car conductor, a civilian, Osodoro Basols and John Leonard, a colored man.

The rioting continued, many shots being fired in front of the Casa de Socorro, where the wounded were assisted.

Spanish soldiers were ordered to the scene. While marching through Cerro they were fired upon by men concealed behind pillars. One Spanish soldier fell wounded and the battalion fired into the air to scare the rioters. On resuming their march they were again fired upon and another man was hit. The Spaniards then fired and dispersed the rioters.

Among the wounded was a colored woman, and it is also reported that there were several others.

## OUTLAWRY ABOUT SANTIAGO.

Man Murdered Not a Guerilla—Stabbings at Several Places.

SANTIAGO, Dec. 19.—It turned out that the man who was shot here Friday morning by a Cuban negro, after landing from a schooner hailing from Baracoa was not, as was at first supposed, Celesto Rodriguez, the guerilla, but a merchant from Baracoa, who had come here to purchase supplies. The assumption is that the crime was committed for the sake of robbery.

From Firmesa came a report that the alcalde has been attacked and stabbed with a machete and there has been another stabbing affray at Daiquiri. Although these affairs are probably mining camp rows, the authorities now feel compelled to police those places which heretofore has been unnecessary owing to the fact that a majority of the workmen were Spanish soldiers and under military discipline.

## U. S. CRUISER STRUCK A ROCK.

An Accident to the Cincinnati in Santiago Harbor.

SANTIAGO DE CUBA, Dec. 19.—While the United States cruiser Cincinnati was leaving port she ran full speed upon a rock clearly defined in the charts but not buoyed. Last September General Leonard Wood, considering that the absence of a buoy there might lead to some accident, anchored a small one, the first ever placed there, but the Bessie, on entering the harbor one night, carried it away, and since then there has been no buoy to mark the location of the rock.

The Cincinnati is probably not seriously damaged, as she is not making water. Attempts have been made to pull her off.

## HOBSON GOT HIS KISSES.

One Hundred and Sixty-Three Girls Bombarded Him at Chicago Auditorium.

CHICAGO, Dec. 19.—Lieutenant Hobson lectured on "The Sinking of the Merrimac" under the auspices of the Chicago Press club at the Auditorium, and after the lecture the members of the audience pressed forward for an impromptu reception.

There was much handshaking and applause, but more interesting than either were 163 kisses given the Merrimacher by as many girls. The lieutenant met the attack bravely and even seemed to encourage it.

Inspected by War Investigators.

NORFOLK, Va., Dec. 19.—Dr. P. S. Connor and General James A. Beaver of the war investigating commission came to Fort Monroe from Washington Sunday morning and returned there Sunday night. During the day they inspected the Josiah Simpson hospital and the Fort hospital and found everything satisfactory and in good shape.

## Envoys Homeward Bound.

LONDON, Dec. 19.—The American peace commissioners sailed for the United States Saturday afternoon on the steamer St. Louis.

## FUNERAL OF BRICE.

Services and Interment at Lima Today.

## THE PLACE IS IN MOURNING.

Many Railway Employees and Citizens Attended—President Thompson of Miami University Spoke of the Dead Man's Example, When Living, to Men.

LIMA, O., Dec. 19.—The funeral of the late Calvin S. Brice occurred here today.

The remains arrived Sunday morning, from New York. The special train bearing the body and the family pulled into the Chicago and Erie depot about 10:45 o'clock. Flags on all public buildings were at half mast in honor of the distinguished dead and many buildings were in mourning. There was a crowd of over 2,000 people at the depot when the train pulled in, and after the family were taken to the carriages, the procession moved with the G. A. R., U. V. U. and Lima lodge of Elks, which was the only secret order he belonged to, acting as escort.

The remains were taken to the Brice residence, where they remained until this morning, when they were taken to the Market Street Presbyterian church about 9 o'clock and lay in state until noon. The services occurred about 1 p. m. Rev. Dr. W. O. Thompson, president at Miami university, made a short address on the example set for young men by the deceased, and the pastor, Rev. R. B. Thompson, D. D., made the address. Rev. Hunt read the Scripture lesson and there were several selections by the choir. There was a suspension of business all over the city. Business houses closed at noon and all manufacturing establishments ran with as few hands as possible.

The Lake Erie and Western road, of which Mr. Brice was president, ran three special trains here for the accommodation of their employees, who wore badges of mourning. The floral tributes were most elaborate and represent an outlay of at least \$10,000. A carload arrived on the special train from New York city. Another carload came from Indianapolis and fully that many were from this city. The employees of this division of the Lake Erie and Western road presented an engine eight feet long, tender and two coaches ten feet long each made of white roses.

New York, Dec. 19.—The funeral of ex-senator Calvin S. Brice of Ohio took place Saturday in the Fifth Avenue Presbyterian church. The church was crowded and a large number of persons prominent in society and in public life were present.

The body, in a cloth-covered casket, wholly black, was taken in a hearse from the family home to the church. The Rev. Dr. Wallace Radcliffe of Washington was in the pulpit when the body was taken in and the choir, which was in waiting, began to sing "Sun of My Soul" as the casket was borne up the main aisle. It was rested on a bier and partly covered with lilies of the valley and carnation.

Dr. Radcliffe read from the Scriptures, after which the choir sang "Lead, Kindly Light."

At the close of the service the body was carried out before the congregation dispersed and while the choir sang "Abide With Me."

A large delegation of members of the Ohio society was present. Among the prominent persons in the church were Colonel Robert G. Ingersoll, Senator Mark Hanna, General C. H. T. Collis, General Anson G. McCook, H. H. Brockway, General Henry L. Burnett, George R. Sheldon, Colonel Arthur W. Soper and Richard Croker.

The body was taken to the Erie railroad terminus in Jersey City, where it was placed on a train for conveyance to Lima, O.

## BOY MURDERERS.

Two at Chillicothe, O., Found Guilty of Killing a Girl.

CHILlicothe, O., Dec. 19.—Two mere boys, Elmer and George Butler, aged respectively 20 and 13, were found guilty here of manslaughter and will serve a term in the penitentiary for the murder of Daisy Browner, a young girl. The crime was a heinous one, and in the trial it was proven that the girl had been shot from ambush for no cause whatever.

The defense made an attempt to prove that insanity ran in the Butler family, but the jury could not be convinced.

## New Castle Man Chosen.

CLEVELAND, Dec. 19.—The executive committee of the grand lodge of the Rod Mill Workers' association met here and accepted the resignation of Frank Pierce as president. Edward May of this city was elected to the vacancy and Fred F. Friedrichs of New Castle, Pa., was chosen first vice president, to succeed May, who was promoted. It was also decided to change the date of the annual meeting from the second Saturday of January to the third Saturday of June.

## Rockefeller Offers \$100,000.

NEWARK, O., Dec. 19.—John D. Rockefeller, the Standard oil magnate, offered

to give the endowment fund of the Denison university \$100,000 provided the trustees raise \$150,000 by the close of this century, one year hence. The trustees are already designing plans by which the friends of the school all over the country may be successfully appealed to.

## Edward G. Mason Dead.

CHICAGO, Dec. 19.—Edward G. Mason, one of Chicago's most prominent and successful lawyers, died at his home, aged 59, of Bright's disease, aggravated by an injury to the head received in a fall. Recently he has been frequently mentioned as the candidate of the western alumni to succeed Timothy Dwight as the president of Yale college.

## TAKEN SPAIN'S WAR.

General Shafter Said We Would Hear More of the Insurgents in Cuba.

SAVANNAH, Dec. 19.—At the collation of the officers of the Third Georgia regiment to Postmaster General Smith and the newspaper correspondents, General Shafter had some interesting things to say about Cuba and the Cubans. He did not make a speech, but in a conversational way expressed himself.

"It seems to me," said General Shafter, "that a great many persons have an erroneous idea respecting our relations with the Cubans. As I view it, we have taken Spain's war upon ourselves. We shall in all probability hear a good deal more of the 'insurgents.'"

"How about self-government for the Cubans?" General Shafter was asked.

"Self-government," the general repeated. "Why, those people are no more fit for self-government than gunpowder is for h—l."

In the same line General Shafter went on to tell why the United States would, in his opinion, be obliged to remain in the island for some time, and govern the territory by military force.

## KING OSCAR ILL.

Ruler of Sweden and Norway Suddenly Taken Sick and Confined to His Bed.

LONDON, Dec. 19.—The Copenhagen correspondent of The Daily Mail says that King Oscar II. of Sweden and Norway has been suddenly taken ill and is now confined to his bed.

King Oscar, who is the great grandson of Napoleon's famous General

KING OSCAR II.

Bernadotte, was born Jan. 21, 1829, and succeeded to the throne on April 18, 1872, on the death of Charles XV. He married in June, 1857, the Princess Sophia of Nassau, daughter of the late Duke Wilhelm of Nassau.

From this union there are four sons—Gustav, Duke of Wermland, born in June, 1858, now heir apparent to the throne; Oscar, Duke of Gottland, born in November, 1859, and who married Miss Libba Munck, daughter of Colonel Munck, renouncing at the time of his marriage all right to succeed to the throne; Carl, Duke of Westergottland, born in February, 1861, and Eugene, Duke of Nerike, born in August, 1865.

## GENERAL BROOKE ILL.

May Have to Stay in Savannah a Week, Where He Went to See the President.

SAVANNAH, Dec. 19.—Major General Brooke, who was appointed as military governor of Cuba, arrived in the city Sunday afternoon. He had a conference with the president and Secretary Alger last evening shortly after his arrival. After the conference Secretary Alger said General Brooke was on his way to Havana province and had come to Savannah upon telegraphic orders for a conference with the president and secretary relative to affairs on the island.

General Brooke is suffering from a cold and fever. It was said that the fever was high and that probably he would not be able to leave the city for a week.

## Brought Back Shipwrecked People.

NEW YORK, Dec. 19.—The British steamer Pawnee, which arrived from Mediterranean ports, brought ten shipwrecked people, eight men and two women, who were taken from the disabled schooner Deer Hall of St. John, N. B., in midocean.

## AGAINST EXPANSION.

Less Than 2,000 Signed Petitions to the Senate.

## THESE ARE FROM 21 STATES.

Senator Platt to Commence an Answer to Vest in the Senate Today—The Peace Treaty Likely to Be Ratified at This Session.

WASHINGTON, Dec. 19.—Senator Platt of Connecticut is expected to begin a reply today to the speech of Senator Vest on expansion, made last Monday, and as he has given very careful attention to the extension of our territorial area no little interest is manifested among senators in his presentation of the matter, and it is not improbable, unless the Nicaragua bill prevents, that the speech will precipitate a more or less general debate upon this question. Whether it does or not a number of speeches on the same subject will be made after the Christmas holidays preparatory to the consideration of the peace treaty.

It is hoped that the treaty will be taken up for discussion early in January. Already there is talk of the probability of disposing of the treaty during the present session, and the impression favorable to this result is growing. A few senators manifest a disposition to debate the treaty at length, and some profess unalterable opposition, but the feeling is so strong against an extra session and in favor of the postponement of the settlement of the disposition of the Philippines after they come into our possession, that it now seems that even the minority will consent to the treaty's ratification without material delay.

The friends of the treaty, who are giving attention to the closest details of opposition as they develop themselves, have taken the pains to have enumerated the names of the signers to the memorials against annexation which have reached the senate, and they find that there are fewer than 2,000 of them, distributed among the states as follows:

Massachusetts, 1,435; West Virginia, 101; Indiana, 74; Ohio, 50; Florida, 47; New York, 45; Virginia, 39; Vermont, 29; Maryland, 16; Pennsylvania and Illinois, 15 each; Rhode Island, 12; New Hampshire, 6; California and Missouri, 3 each; Wisconsin and Tennessee, 2 each, and Maine, Colorado, Iowa and Nevada, 1 each.

## Colonel Carlos Garcia Arrived.

NEW YORK, Dec. 19.—Colonel Carlos Garcia, eldest son of the late General Garcia, arrived here on the Ward line steamer Santiago. Colonel Garcia was in command of a division of the army in Santiago province at the time of his father's death. He will stay in this city for a day or two, and will then go to Washington and later to Thomasville, Ga., to visit his mother.

## TWO DRUNKS

Were Given the Usual Dose by Mayor Bough Today.

What has been termed as a hoodoo to the police has at last been broken, and several arrests on charges of intoxication were made Saturday night. The mayor has been unusually busy since Saturday, and business has become very brisk.

Saturday night James McGee, who lives near the power house, was arrested by Officer McMillan. He was taken to jail and a charge of intoxication was placed against him. He was released last evening by Chief Johnson by placing a forfeit of \$10 with the authorities, and this morning pleaded guilty to the charge and was fined \$9.60. This is the second time he has been before Mayor Bough, he being in last May.

William Farrish was seen in Sixth street at 2 o'clock this morning by Officer White and as he was very drunk was told to go home. Later the same officer found him sleeping near the china works, and as it was getting cold he was gathered in and taken to jail in the patrol. This morning he pleaded guilty to the charge and was fined \$5 and costs, amounting to \$9.60. He made arrangements to pay and was released.

Several women called on the mayor since Saturday night and all had tales of woe to tell. As a matter of fact the gentleman would not say anything about their visits. It is very probable that several arrests will be made during the week as a result of the visits.

FAVOR CZAR'S DISARMAMENT PLAN.

A Meeting Representing Various Religious Denominations Held in London.

LONDON, Dec. 19.—The venerable William MacDonald Sinclair, archdeacon of London and canon of St. Paul's cathedral, presided at a public conference at St. James' hall, convened by the heads of the various religious denominations in favor of an international demonstration on behalf of the czar's disarmament proposals.

A telegram expressing sympathy with the effort was received from Lord Rosebery. Among the letters read by the chairman from prominent people was one sent by Lord George Hamilton, secretary of state for India, who wrote advocating "an Anglo-Russian understanding of which the czar's rescript ought to be the foundation."

A resolution in accordance with the objects of the conveners of the conference was adopted unanimously.

ONE MAN KILLED.

Cars Smashed on a Trestle on an Indiana Railroad.

INDIANAPOLIS, Dec. 19.—On the Indiana, Decatur & Southwestern railroad, about 52 miles west of Indianapolis, near Guion station, the Indianapolis express southbound left the tracks west of a high trestle and passed over the trestle, which was 60 feet long, with seven coaches off the rails and bumping along the ties.

The rear car had just left the trestle when a spreading of the rails ahead of the baggage car piled the seven cars into a heap. The baggage car and smoker were ground almost into splinters and all of the cars were badly wrecked.

T. M. Wells, superintendent of the schools of Douglas county, Ill., who lived at Arcola, was killed. Eight people were injured.

May Sue For Old Sugar Taxes.

COLUMBUS, Dec. 19.—Suits will probably be commenced within a short time in every county in the state against the American Sugar Refining company of New York and the Franklin Sugar Refining company of Philadelphia, to collect back taxes for the five years preceding 1898. It is claimed that during these years the companies evaded taxation by refusing to sell their goods direct to the merchants, but by appointing them as agents. The amount may reach over \$8,000,000.

Dubbs Acquitted of Murder.

STREUBENVILLE, O., Dec. 19.—The Dubbs murder trial was given to the jury Saturday evening and a verdict of acquittal was given. Fifteen hundred people were in the courtroom when Prosecuting Attorney Lewis insisted upon his rights to close the argument. Judge Mansfield refused him permission until an apology was made to the court. After some quibbling it was made and accepted, and he closed the arguments. Strong pressure will be brought to have Dubbs confined in an imbecile asylum.

Manufacturers Would Not Settle.

MARLBORO, Mass., Dec. 19.—The joint council of the boot and shoe workers' union issued a statement in which it is stated that, at the suggestion made at the recent cerymen's meeting, a committee of employees of the shoe manufacturers waited upon the different firms with a view of adjusting the labor difficulties, but the manufacturers declared that they stood by their original notice.

Postmaster in Porto Rico.

CANTON, Dec. 19.—The appointment is announced here of Robert A. Miller of this city as postmaster at Ponce, Porto Rico. He will sail from New York Dec. 28. Mr. Miller is a son of Lewis Miller of Akron and has been prominent in Chautauqua affairs for a number of years. His family will join him in Porto Rico some time in January.

Monument to Russians Unveiled.

CONSTANTINOPLE, Dec. 19.—The Russian Grand Duke Nicholas, who arrived here on Friday on board a Russian steamer, unveiled Sunday, at Galatan, near San Steffano, where on March 3, 1878, was signed the treaty of peace that terminated the Russo-Turkish war, a monument to the Russian soldiers who fell in that conflict.

Fire in Georgia Fought.

SAVANNAH, Dec. 19.—Nearly the whole of the business part of the town of Tifton, in the center of the peach belt, was burned, an oil lamp in a boardinghouse having exploded. The Masonic hall and ten stores were destroyed and a hotel and large lumber mill were damaged.

Senator Kenney's Case.

WILMINGTON, Del., Dec. 19.—The jury in the Kenney case spent another day of fruitless discussion. Many rumors were abroad during the day, but from a well authenticated source it is learned that the jury stands ten to two for acquittal.

Will the State of Ohio Observe as Christmas and New Year.

The state of Ohio, its officers and all institutions, will observe Monday, Dec. 26 as Christmas, and Monday, Jan 2 as New Year.

The law deals specifically with the matter, chiefly upon negotiable paper and other financial and business documents, specially naming January 1, February 22, May 30, July 4 and December 25. Thus, paper dated as due on Sunday or Monday, at the holiday times named, would really be due Saturday, as the first preceding business day is regarded as the day of payment when an instrument falls due on Sunday, but the law names Monday.

MR. TAYLER OBJECTED

To Being Recorded as Voting Against Immigration Restriction.

When the immigration restriction bill was before congress last Wednesday, Hon. R. W. Tayler was reported in the Congressional Record as voting against the taking up the bill.

When the house convened the next day Mr. Tayler, immediately after the journal had been read, stated that he was present when the vote was cast and voted for the taking up of the bill on the first roll call. He asked to have the correction made in the Record, and Speaker Reed ordered it done.

BURNED HIS HAND

Because the Street Car Handle Was Heavily Charged.

There is a great deal of complaint because the handles of the new street cars are charged with electricity.

Saturday evening a young man attempted to get off a moving car at the corner of Fourth street, and the shock was so great when his foot touched the ground that he was thrown headlong and a blister was burned on his finger. An accident of like nature occurred last evening in Second street, and many other cases could be reported.

OF KEEPING A GAMBLING HOUSE

Samuel Conkle Was Arrested at the Home of His Father After Officers McMillan and White Had Entered What They Thought Was a Gambling Den.

Samuel Conkle was arrested at 4:45 Saturday afternoon at the home of his father at the corner of Third and Monroe streets by Officer McMillan on a charge of keeping a gambling house. The charge was filed against him by Officer McMillan.

During the afternoon Mayor Bough obtained information about a gambling room from a Lisbon contractor whom it is said had been playing in the room and lost \$20 as a result. Officers McMillan and White Saturday afternoon attempted to gain an entrance to the room through a stairway leading from the bar room to the cellar. They intended to raid the place, and as no one would take the lock from the door the officers were somewhat puzzled. They broke another door and upon entering the room found it unoccupied. They then went to Conkle's home and placed him under arrest. He was taken to jail and left a forfeit of \$125 for his appearance at 2 o'clock this afternoon. The room entered is under Morrow's saloon in Sixth street.

Owing to the brief time given the defendant it was thought this morning that a postponement would be asked.

## YOU CAN SUE THE CITY

If You Fall and Are Hurt on an Icy Sidewalk.

### SUPREME COURT HAS SO DECIDED

A Woman Living in Circleville Did It, and After a Hard Fight the Judgment of the Lower Court Was Affirmed—Reasons Given For the Decision.

Among the decisions recently handed down by the supreme court of Ohio is one in the case of the city of Circleville against Ella M. Sohn. She slipped on an icy sidewalk there and broke her ankle. The accident she attributed to a depression in the sidewalk, and sued the city for \$10,000 damages. What the court has to say with reference to the affirmation of the judgment is of more than passing interest to Ohio municipalities, at this time, when a reputation of the mishap that befell Miss Sohn is apt to occur elsewhere. The court holds:

"The duty enjoined by statute on municipal corporations to keep their public ways open, in repair, and free from nuisance, is ministerial and mandatory, and requires the removal from such ways of all dangerous defects and obstructions, from whatever cause arising, when brought to the notice of the corporation.

"The corporation is liable for injuries caused by a dangerous defect or obstruction in a street or sidewalk under its control, after reasonable notice of its unsafe condition, though it arose from the construction or alteration of the street or sidewalk in conformity with a plan adopted by the municipal authorities."

The judgment was affirmed.

Moore, of the Cleveland and Pittsburg detective force, Saturday afternoon arrested George Hammil, of Butler, Pa., for train jumping at Beaver, and took him before Squire Minor, who gave him 10 days to jail. Moore started over with his prisoner, and was within 150 feet of the jail when Hammil, who was not handcuffed, took to his heels, jumped over a high board fence and disappeared up an alley.

### A Balloon Club For Paris.

There is talk of founding a balloon club for Paris, as ballooning is becoming a popular sport. Among the society pioneers are Count Castillon de St. Victor and Count de la Vaux, who made with the professional aeronaut Maliet an ascent of 24 hours' duration. Rather in expensive sport, ballooning, but excitement is the one thing most ardently desired by the brave rich folks of today.—New York World.

MONDAY THIS YEAR

Will the State of Ohio Observe as Christ-  
mas and New Year.

The state of Ohio, its officers and all  
institutions, will observe Monday, Dec.  
26 as Christmas, and Monday, Jan 2 as  
New Year.

The law deals specifically with the  
matter, chiefly upon negotiable paper  
and other financial and business docu-  
ments, specially naming January 1,  
February 22, May 30, July 4 and Decem-  
ber 25. Thus, paper dated as due on  
Sunday or Monday, at the holiday times  
named, would really be due Saturday, as  
the first preceding business day is  
regarded as the day of payment when  
an instrument falls due on Sunday, but  
the law names Monday.

MR. TAYLER OBJECTED

To Being Recorded as Voting Against  
Immigration Restriction.

When the immigration restriction bill  
was before congress last Wednesday,  
Hon. R. W. Tayler was reported in the  
Congressional Record as voting against  
the taking up the bill.

When the house convened the next  
day Mr. Tayler, immediately after the  
journal had been read, stated that he  
was present when the vote was cast and  
voted for the taking up of the bill on the  
first roll call. He asked to have the  
correction made in the Record, and  
Speaker Reed ordered it done.

BURNED HIS HAND

Because the Street Car Handle Was  
Heavily Charged.

There is a great deal of complaint be-  
cause the handles of the new street cars  
are charged with electricity.

Saturday evening a young man at-  
tempted to get off a moving car at the  
corner of Fourth street, and the shock  
was so great when his foot touched the  
ground that he was thrown headlong  
and a blister was burned on his finger.  
An accident of like nature occurred last  
evening in Second street, and many  
other cases could be reported.

Visiting Buyer Ill.

H. S. Ramey, a crockery buyer from  
Louisville, Ky., is at the Thompson  
House. Shortly after Mr. Ramey ar-  
rived in the city he became suddenly ill,  
and is now threatened with typhoid  
fever. His condition today was some-  
what improved.

W. F. Crane, another buyer from the  
same city, is with Mr. Ramey.

Became Suddenly Ill.

William Wilson, of Chestnut street,  
while awaiting a prescription in a Sixth  
street drug store Saturday afternoon, be-  
came suddenly ill and was taken to his  
home in the patrol. Saturday morning  
Wilson was forbidden to leave his home  
by a physician and he did not heed the  
advice. Hence the result.

WANTS BALLOT REFORM

Suggestions Made by the Secretary of  
State of Pennsylvania.

HARRISBURG, Dec. 19.—David Martin,  
secretary of the commonwealth, has  
transmitted to Governor Hastings his  
biennial report for the past two fiscal  
years. During the two years ended  
Dec. 1 last the department received as  
fees for letters patent and for the filing  
of corporation papers, \$61,519, and from  
commissions and other miscellaneous  
sources, \$13,325.51. There was collected  
since the close of the last session of the  
legislature \$1,056,981.47 as bonus upon  
charters and increases in capital stock.  
There was a falling off in the corpora-  
tion receipts of the department during  
the period covered by the report and an  
increase in all other branches of the  
office.

Mr. Martin suggested that the legis-  
lature should pass an entirely new and  
complete ballot reform bill covering the  
whole subject and embodying the best  
results of ballot reform in other states.  
He thinks the Massachusetts law has  
much to commend it, but there are  
many places in which it could be im-  
proved. He believes the legislature  
should specifically define which columns  
are entitled to the circles and which are  
not and that such legislation will be en-  
acted on this question as to remove  
every obstacle in the way of the full  
exercise of the right of suffrage, render  
fraud impossible and provide a sim-  
ple and complete form of ballot.

Mr. Martin says the objection to du-  
plication of columns on the ballot  
could be largely removed by assembling  
all the candidates for each office to be  
filed in groups in a single column. He  
thinks there should be a legislative de-  
claration as to what constitutes a polit-  
ical party entitled to nominate a state  
ticket to appear on the ballot in all the  
counties.

GENERAL MERRITT BACK AGAIN.

Said the American Commission Did a  
Great Work.

NEW YORK, Dec. 19.—Major General  
Wesley Merritt, late commander of the  
United States military forces in the  
Philippine islands, from which post he  
was called to Paris to consult with the  
American peace commissioners, reached  
this city Saturday on board the steamer  
Lucania from Queenstown. With Gen-  
eral Merritt were his bride, her mother,  
Mrs. Norman Williams, and Norman  
Williams, Jr., of Chicago and Captain  
L. H. Strother, adie-de-camp on the  
staff of General Merritt. He said in  
part:

It is some time since I left the Philippine  
islands and all that I can say about the  
situation there when I left is contained in official  
reports which I made to the government and  
the peace commission, and there is no use of  
my going over those subjects again. I can say,  
however, that there is no foundation for the  
report that Admiral Dewey's health has  
broken down as a result of his wonderful  
work in Manila harbor on May 1 last. He was  
in fine physical condition when I left him and  
he was then over the strain of the naval fight.  
Talking with leading Filipinos I told them  
the United States had no promises to make,  
but they might be assured that the govern-  
ment and people of this country would treat  
them fairly. Purposely we did not give the  
insurgents notice of our attack on Manila, be-  
cause we did not need their co-operation and  
did not propose to have it. We feared they  
might loot and plunder, and Aguinaldo him-  
self wrote a complaining letter saying that  
the insurgents had been denied their share of  
the booty, whatever he may have meant by that.

The American peace commissioners had a  
hard task to make the Spaniards understand  
that the colonies were lost forever to Spain.  
They accomplished the job well and signed a  
treaty which is a credit to them.

General Merritt, when asked when he  
would report his return to the secretary  
of war, said: "I will wait until Presi-  
dent McKinley returns to Washington."

To Free a Soldier.

SAVANNAH, Dec. 19.—Prominent citi-  
zens have interested themselves in be-  
half of Moore, the Maine artilleryman  
who was the other day sentenced to pay  
a fine of \$500 or serve 60 days on the  
chain gang by Judge Norwood for at-  
tempting on the streets to hug the wife  
of a prominent citizen. A petition to  
the governor for pardon is being circu-  
lated.

Spanish Commission Reached Madrid.

MADRID, Dec. 19.—Senor Montero  
Rios and the other members of the  
Spanish peace commission, on reaching  
Madrid, were met by Senor Gamazo,  
leader of the dissenting Liberals, and  
by many other politicians and high offi-  
cials. Their arrival was not attended  
with special incident. The queen regent  
received Senor Montero Rios in audi-  
ence.

Accepted Abbott's Resignation.

NEW YORK, Dec. 19.—At a business  
meeting of the members of the Pay-  
mouth church, Brooklyn, the report of  
the advisory committee, recommending  
acceptance of the resignation of Rev.  
Dr. Lyman Abbott as pastor, was  
adopted with a few dissenting votes. A  
deputation of members called on Dr.  
Abbott's physician last week and were  
informed that they should not insist on  
his holding the pastorate. Dr. Abbott  
will continue to fill the pulpit at Ply-  
mouth church until May 1. He will,  
after that date, give his time exclu-  
sively to his editorial work.

To Make Locomotives.

PHILADELPHIA, Dec. 19.—The Bald-  
win Locomotive works has within the  
last few days received orders for 56 loco-  
motives, of which 16 are for the im-  
perial railway of China, making the  
second order received from that coun-  
try within ten months.

Weather Forecast.

For Western Pennsylvania—Increas-  
ing cloudiness and probably rain, or  
snow this afternoon; colder; fresh to  
brisk north winds.

turning into snow and colder in north-  
east portion; light variable winds be-  
coming northeast.

HOSPITAL SHIP SAILED.

Took 300 Tons of Medical Supplies and  
a Hospital Corps.

SAVANNAH, Dec. 19.—The hospital  
ship Missouri sailed for Havana with  
300 tons of medical supplies for the  
troops in the island, and carrying the  
hospital corps of the Second division of  
the Seventh army corps—the division  
which has already gone forward with  
General Lee.

The Missouri, after distributing her  
supplies, will take sick soldiers from  
Havana and vicinity and bring them to  
this country, either to New York, Nor-  
folk or Savannah.

FAVOR CZAR'S DISARMAMENT PLAN.

A Meeting Representing Various Reli-  
gious Denominations Held in London.

LONDON, Dec. 19.—The venerable  
William MacDonald Sinclair, archdeacon  
of London and canon of St. Paul's  
cathedral, presided at a public confer-  
ence at St. James' hall, convened by  
the heads of the various religious de-  
nominations in favor of an interna-  
tional demonstration on behalf of the  
czar's disarmament proposals.

A telegram expressing sympathy with  
the effort was received from Lord Rose-  
bery. Among the letters read by the  
chairman from prominent people was  
one sent by Lord George Hamilton, sec-  
retary of state for India, who wrote  
advocating "an Anglo-Russian under-  
standing of which the czar's rescript  
ought to be the foundation."

A resolution in accordance with the  
objects of the conveners of the confer-  
ence was adopted unanimously.

ONE MAN KILLED.

Cars Smashed on a Trestle on an Indi-  
ana Railroad.

INDIANAPOLIS, Dec. 19.—On the Indi-  
ana, Decatur & Southwestern railroad,  
about 52 miles west of Indianapolis,  
near Guion station, the Indianapolis ex-  
press southbound left the tracks west  
of a high trestle and passed over the  
trestle, which was 60 feet long, with  
seven coaches off the rails and bumping  
along the ties.

The rear car had just left the trestle  
when a spreading of the rails ahead of  
the baggage car piled the seven cars  
into a heap. The baggage car and  
smoker were ground almost into splin-  
ters and all of the cars were badly  
wrecked.

T. M. Wells, superintendent of the  
schools of Douglas county, Ills., who  
lived at Arcola, was killed.  
Eight people were injured.

May Sue For Old Sugar Taxes.

COLUMBUS, Dec. 19.—Suits will prob-  
ably be commenced within a short time  
in every county in the state against the  
American Sugar Refining company of  
New York and the Franklin Sugar Re-  
fining company of Philadelphia, to col-  
lect back taxes for the five years pre-  
ceding 1898. It is claimed that during  
these years the companies evaded taxa-  
tion by refusing to sell their goods di-  
rect to the merchants, but by appointing  
them as agents. The amount may  
reach over \$8,000,000.

Dubbs Accused of Murder.

STREUBENVILLE, O., Dec. 19.—The  
Dubbs murder trial was given to the  
jury Saturday evening and a verdict of  
acquittal was given. Fifteen hundred  
people were in the courtroom when  
Prosecuting Attorney Lewis insisted  
upon his rights to close the argument.  
Judge Mansfield refused him permission  
until an apology was made to the court.  
After some quibbling it was made and  
accepted, and he closed the arguments.  
Strong pressure will be brought to have  
Dubbs confined in an imbecile asylum.

Manufacturers Would Not Settle.

MARLBORO, Mass., Dec. 19.—The joint  
council of the boot and shoe workers'  
union issued a statement in which it is  
stated that, at the suggestion made at  
the recent ergymen's meeting, a com-  
mittee of employees of the shoe man-  
ufacturers waited upon the different  
firms with a view of adjusting the labor  
difficulties, but the manufacturers de-  
clared that they stood by their original  
notice.

Postmaster In Porto Rico.

CANTON, Dec. 19.—The appointment  
is announced here of Robert A. Miller  
of this city as postmaster at Ponce,  
Porto Rico. He will sail from New  
York Dec. 28. Mr. Miller is a son of  
Lewis Miller of Akron and has been  
prominent in Chautauqua affairs for a  
number of years. His family will join  
him in Porto Rico some time in Janu-  
ary.

Monument to Russians Unveiled.

CONSTANTINOPLE, Dec. 19.—The Rus-  
sian Grand Duke Nicholas, who arrived  
here on Friday on board a Russian  
steamer, unveiled Sunday, at Galatan,  
near San Steffano, where on March 3,  
1878, was signed the treaty of peace  
that terminated the Russo-Turkish war,  
a monument to the Russian soldiers  
who fell in that conflict.

Fire in Georgia Forest Sett.

SAVANNAH, Dec. 19.—Nearly the whole  
of the business part of the town of Tif-  
ton, in the center of the peach belt, was  
burned, an oil lamp in a boardinghouse  
having exploded. The Masonic hall  
and ten stores were destroyed and a  
hotel and large lumber mill were dam-  
aged.

Senator Kenney's Case.

WILMINGTON, Del., Dec. 19.—The  
jury in the Kenney case spent another  
day of fruitless discussion. Many ru-  
mors were abroad during the day, but  
from a well authenticated source it is  
learned that the jury stands ten to two  
for acquittal.

# YOU CAN SUE THE CITY

If You Fall and Are Hurt on an Icy Sidewalk.

## SUPREME COURT HAS SO DECIDED

A Woman Living in Circleville Did It, and After a Hard Fight the Judgment of the Lower Court Was Affirmed—Reasons Given For the Decision.

Among the decisions recently handed down by the supreme court of Ohio is one in the case of the city of Circleville against Ella M. Sohn. She slipped on an icy sidewalk there and broke her ankle. The accident she attributed to a depression in the sidewalk, and sued the city for \$10,000 damages. What the court has to say with reference to the affirmation of the judgment is of more than passing interest to Ohio municipalities, at this time, when a repetition of the mishap that befell Miss Sohn is apt to occur elsewhere. The court holds:

"The duty enjoined by statute on municipal corporations to keep their public ways open, in repair, and free from nuisance, is ministerial and mandatory, and requires the removal from such ways of all dangerous defects and obstructions, from whatever cause arising, when brought to the notice of the corporation.

"The corporation is liable for injuries caused by a dangerous defect or obstruction in a street or sidewalk under its control, after reasonable notice of its unsafe condition, though it arose from the construction or alteration of the street or sidewalk in conformity with a plan adopted by the municipal authorities."

The judgment was affirmed.

## LOST A PRISONER.

A Train Jumper Escaped From Detective Moore.

J. F. Moore, of the Cleveland and Pittsburg detective force, Saturday afternoon arrested George Hammil, of Butler, Pa., for train jumping at Beaver, and took him before Squire Minor, who gave him 10 days to jail. Moore started over with his prisoner, and was within 150 feet of the jail when Hammil, who was not handcuffed, took to his heels, jumped over a high board fence and disappeared up an alley.

## A Balloon Club For Paris.

There is talk of founding a balloon club for Paris, as ballooning is becoming a popular sport. Among the society pioneers are Count Castillon de St. Victor and Count de la Vaux, who made with the professional aeronaut Mallet an ascent of 24 hours' duration. Rather an expensive sport, ballooning, but excitement is the one thing most ardently desired by the blasé rich folks of today.—New York World.

## THE SPECIAL ADVANTAGES

Of Insuring in the Western and Southern Life Insurance Company Are:

It furnishes for the money paid larger benefits than any other similar company. It is located in Ohio, which is the only State requiring an official examination of its life companies to be made annually.

Its investments are required by law to be made only in government bonds, mortgages upon real estate worth double the amount loaned thereon, exclusive of buildings, and loans upon its own policies to the amount of the reserve value thereof. Companies of other States are allowed to loan upon a much wider and less safe class of securities.

It is required by State law to hold, for the protection of its policy holders, a reserve fund upon the basis of four per cent., the highest standard known in the United States.

Its policies are incontestable after three annual payments, except as to age or fraud.

Its stockholders, by State law are liable for double the amount of their stock.

Policies are issued upon either whole life or twenty years' endowment plan.

Policies issued by the Western and Southern are in immediate benefit, and provide for liberal paid-up values after having been in force five or more years.

Prompt payment of claims is absolutely guaranteed, \$100,000.00 being on deposit with the State Treasurer for the sole protection of policy holders.

EAST LIVERPOOL, O., MONDAY, DEC 19.

UNION PAPERS.

All Union papers of East Liverpool are  
known to the various craft and unions of  
the city by the printing of the above  
Union Labels at the head of their columns

The arguments against expansion are  
not new, but it cannot be said they im-  
prove with age.

BEFORE you make your Christmas  
purchases consult the advertising col-  
umns of the NEWS REVIEW. It will  
pay you.

SOME Democratic senators, the story  
goes, are preparing to talk long and  
loud against expansion, but what will  
it profit them? Their speeches may  
cause some little breeze among their  
constituents, but an American who  
took any part in the Spanish war, or he  
who watched the struggle from start to  
finish, will not be anxious to turn down  
the deeds of bravery of the boys in  
blue because a senator takes up a few  
hours making a speech against them.

AN Alliance girl who was tried for  
burglary and acquitted after a five  
hours' tussle with the case by the jury  
on the ground that she is a klepto-  
maniac, will be sent to the asylum.  
That is right. People who are so con-  
stituted as to be unable to distinguish  
right from wrong, should be kept from  
the general public. If they are criminal,  
Ohio has provided jails and a first-  
class penitentiary; if they are of the  
other class there are suitable institutions  
awaiting them.

THE Republicans of Ohio want to vote  
next year for a gubernatorial candidate  
who is in every sense of the word a  
Republican. They do not care a rap  
about factional feeling, and have no de-  
sire to uphold the claims of any num-  
ber of party leaders against any other  
number. They have seen enough of  
that in the past, and know it has  
been productive of no good. The can-  
didate before the convention who de-  
clares he is simply a Republican will  
receive the support of the rank and file.

## OPPOSING THE PRESIDENT.

The opposition developing in congress  
against President McKinley is no sur-  
prise. It was to be expected that his  
political enemies would make some  
move as soon as opportunity appeared.  
When there were no questions of mo-  
ment beyond the tariff and silver mat-  
ter they could do nothing, but with the  
war came the matters they had long  
sought. Perhaps they are honest in  
the belief that expansion is dangerous  
and the Republic is on the brink of de-  
struction; but they have as yet ad-  
vanced nothing to show they have the  
right side of the question. Experience,  
on the other hand, shows they are  
wrong. Their cry is one of calamity,  
differing only from what we heard be-  
fore the second election of Mr. Cleve-  
land in the fact that it is not so clearly  
developed. The mere fact that it has  
already connected with it the names of  
men who are seldom found on the right  
side goes to show how well the Pres-  
ident's opponents are started on the  
road to defeat. If their cause is just  
the display of selfish interest so often  
made by its exponents, in and out of  
congress, seems at this time premature,  
to say the least.

# TEN HORSES PERISHED

When Charles Forster's Stable  
Was Burned Last Night.

## NO CAUSE HAS BEEN FOUND

Flames Suddenly Burst From the Build-  
ing, and When Discovered by the Stable  
Boss the Fire Had Gained Such Headway  
That It Could Not Be Extinguished.

The stable, stock and fixtures belong-  
ing to Charles N. Forster, successor to  
the East Liverpool Coal company, were  
totally destroyed by fire last night. It  
involved a loss of at least \$10,000. The  
origin of the fire is unknown.

John R. McKinnon, residing at 111  
Washington street and employed as  
stable boss for Forster, was seen this  
morning and told the story of the fire:

"I was standing at the corner of Sec-  
ond street and happened to look toward  
the river and noticed a light in the  
northwest corner of the barn. I  
immediately turned in an alarm  
and the department soon arrived.  
Before their arrival I went to the stable  
thinking I could save the horses. I  
opened the door, but the flames blocked  
the way. A door in the east side of the  
building is opened from the inside and  
before this was opened by the firemen  
the horses were down, which made it  
impossible to save them. There were  
stored in the barn 10 tons of hay, five  
tons of straw, 1,100 pounds of chop, a  
lot of picks, shovels and scrapers. There  
were 10 horses and three dogs in the  
stable, and all were burned to death."

The department did effective work on  
the building, but the flames gained such  
headway before they arrived that the  
building is a total loss.

The exact loss cannot be given at  
present. The horses were valued at  
about \$250 a team, and the value  
on the building and feed was not  
placed today. A chest of fine tools and  
three dogs which were lost were owned  
by Mr. McKinnon. He placed his loss  
at \$250 with no insurance.

The stable of the East Liverpool Coal  
company was burned three years ago  
which caused a loss of \$3,000. All  
the stock was burned, and the stable was  
so damaged that it was rebuilt entirely.

was used to aid in paying her expenses.

ministrator of the estate of Christian  
Betz, Salem township; bond, \$11,020.  
Joshua Jenkins has been appointed

## IN THE CHURCHES.

Sermons Were Heard by Large Congrega-  
tions Yesterday.

Rev. Dr. Kane, who occupied the pul-  
pit at the First Presbyterian church  
yesterday, preached to large congrega-  
tions. He reduced his text in the even-  
ing to "Godliness is useful in this world  
of affairs, and the Godly man has ad-  
vantages over any other." The gentle-  
man delivered a strong sermon, showing  
that the man who puts trust in a power  
greater than himself is the successful  
man.

Services were held at the Christian  
church yesterday morning, Prof. O. S.  
Reed occupying the pulpit. Because  
the work of remodeling the structure  
has not yet been completed, no services  
were held in the evening.

At the after meeting in St. Stephen's  
last night Rev. Edwin Weary talked on  
"Our Young People," giving them ex-  
cellent advice.

Doctor Taggart preached last night at  
the First U. P. church on "The Use of  
the Law." The gentleman took occa-  
sion during his address to refer to the  
responsibility now resting on the nation  
in the matter of reaching out after new  
possessions.

"Hell and Duration of Punishment"  
was the subject of Reverend Swift's  
excellent sermon last night, it being an-  
other on the question of punishment.  
The church was crowded.

## VISITOR FROM CHINA

Delivered An Interesting Address on  
Sunday Night.

Miss Dr. Donahue, of the Woman's  
Foreign Missionary society, and who  
has been doing splendid service in  
China under the mercy of the Master,  
delivered an interesting address on Sun-  
day night in the First M. E. church, in  
the presence of a large audience. The  
lady spoke of the habits of the Chinese,  
of the pitiable condition of the women,  
of the destruction of female infants, of  
the efforts being made to Christianize  
China, of the difficulty the male minis-  
ters had in carrying the gospel to the  
Flowery Kingdom, and of the great  
success attending the efforts of the  
noble women teachers sent over from  
the United States. Miss Donahue re-  
lated a number of incidents connected  
with her work in that far off land, in  
order to illustrate the points she desired  
to make. She is an interesting talker,  
and received hearty congratulations at  
the close of her address. We have a  
noble band of Christian women in East  
Liverpool engaged in aiding the society,  
and we bespeak for them far more  
liberal contributions than they have  
been receiving in the past.

## A RICH TREAT.

You Missed a Gem by Not Being  
Present.

Rev. Charles Swift, pastor of the  
Methodist Protestant church of this  
city, delivered a thrilling address at the  
Young Men's Christian association hall  
on Sunday afternoon, taking as his  
topic the thought of directing the en-  
tire talent given you by God for one  
definite purpose. There was but a small  
audience present; but a sufficient num-  
ber was there, under the providence of  
God, to pick up some of the rich seed,  
freely scattered about, and cause it to  
result in a harvest which will be  
gathered safe and sure in the day of  
final judgment.

On Sunday, December 4, the writer  
had the pleasure of being at the Young  
Men's Christian association hall when  
Reverend Crawford, pastor of the First  
M. E. church, this city, delivered an ad-  
dress which was teeming with good  
things, and out of which came an  
abundant harvest of grain, well fitted  
for home consumption.

Such addresses or short sermons, full  
of practical Christianity, dealing with  
current events, happenings and wicked-  
nesses in our midst, cannot but exercise  
a healthy moral influence upon the com-  
munity at large, and the Young Men's  
Christian association hall should be  
packed each Sunday afternoon.

Open meetings, for both sexes, we  
would deem advisable for time being.  
There are many Christian ladies in East  
Liverpool who desire to attend these  
afternoon meetings, but are fearful of  
being considered intruders. Let the  
doors be thrown wide open, if possible,  
Secretary Platts, and make the associa-  
tion rooms such an attraction as cannot  
be resisted. God speed the good work.

Secretary Platts is a sweet singer, and  
he knows full well the power of music,  
vocal and instrumental. The Master  
should have the very best music in this  
city given unto His cause, and we be-  
lieve that an earnest effort in this di-  
rection will result in the accomplish-  
ment of much good.

# WELLSVILLE.

## HE GOES TO INDIANA

Reverend Littell Announces  
His Future Abode.

HAD A NUMBER OF CALLS

For All Were Turned Down For a College  
Town Where the Church Over Which He  
Will Preside Is the Best in the Place--All  
the News of Wellsville.

At the close of the morning service,  
Sunday, Reverend W. A. Littell an-  
nounced that he had accepted a call to  
the United Presbyterian church of  
Bloomington, Ind.

Bloomington is a city of 10,000 inhabi-  
tants and is the seat of the Indiana  
State University which has 1,000 stu-  
dents and over 60 professors. The city  
is 70 miles south of Indianapolis. The  
church is the leading church of that  
city. The president and vice president  
of the college and a number of the pro-  
fessors are members, and many of the  
students also attend. A coincidence in  
the case is that the very day and hour  
that the presbytery at Knoxville, De-  
cember 6, dissolved the relationship be-  
tween the Wellsville church and Re-  
verend Littell, a unanimous and hearty  
call was being made out by the church  
in Bloomington.

This church last June gave their pas-  
tor, Reverend Lyons, to be the presi-  
dent of Monmouth college in Illinois.  
During the month of November a com-  
mittee which had been elected by the  
church to select a pastor invited Rever-  
end Littell to preach for them with a  
view to calling him as pastor, and dur-  
ing the same trip Reverend Littell also  
preached at the Park avenue church in  
Omaha, Neb. Elizabeth, Pa., and Port-  
land, Ore., had both approached Rever-  
end Littell by committees.

Reverend Littell will preach his fare-  
well sermon Christmas day, and soon  
after will take his departure to his new  
field of labor. His new congregation  
have signified their willingness to give  
him a month or more of a vacation be-  
fore he assumes his duties. Reverend  
Littell's friends outside of his own con-  
gregation are sorry to see him depart,  
but congratulate him on the pleasant  
field in which his labors will be.

## CRITICS.

A Practical Man Speaks His Mind on an  
Important Question.

There is a class in our midst, mostly  
well educated men, who deery or try to  
run down the business college and its  
course of training.

These would-be critics say that you  
should have a high school or collegiate  
course before you enter the commercial  
college, which is a mistake. They are  
enemies of the commercial college be-  
cause they realize that the commercial  
course is doing more for the general  
welfare of the young people of East  
Liverpool than the high school course.

They realize that the high school gives  
less practical training and bread win-  
ning education in its four years' course  
than the Ohio Valley Business college  
gives in one year.

During the past year the superintend-  
ent, principal, board of education and  
teachers, have turned their Gattling  
guns on this college. The children are  
told they must not go to school at the  
Ohio Valley Business college as the  
law will not permit them, which we all  
know is a mistake, for the law does not  
say where a child shall attend school,  
nor can anyone dictate where a child  
shall get his education, for this is a free  
country, and a teacher or any one else  
cannot compel children to go to the  
public school if they attend business  
college or any other private school.

The board of education, elected to  
promote the educational interests of our  
city, forbid our local stationer to sell  
stationery to the students of this college.

Is this doing their duty? Is this what  
they are elected to do? Try to tear  
down the educational advantages of our  
city. Instead of these men lending the  
president of this institution a helping  
hand, they have tried to hinder the pro-  
gress of this college.

But, thank goodness, we have one  
man in our midst who is not afraid to  
stand up for the practical education, and  
give our young people the kind of an  
education that moves the world. The  
reason business men take their children  
out of the high school and public schools  
and place them in this college, to have  
them educated, is because they realize it  
is the place to get a bread winning edu-  
cation, and we are glad to know that  
the Ohio Valley Business College has a

Rev. Mr. Lee Is Not Anxious to Have It.

THINKS JUSTICE WILL BE DONE

Eight Here In Columbiana County—The Father of the Dead Colored Man Was Here Today In Conference With Prosecutor J. H. Brookes.

Benjamin H. Lee, father of Dudley Lee, the young colored man who met his death in this city several months ago, arrived in the city this morning from Allegheny. He went direct to the office of Attorney J. H. Brookes, and was closeted with that gentleman several hours. He left Wellsville at 12 o'clock for his former home in Cadiz.

When Mr. Lee alighted from the train he was met by a reporter for the News Review and in speaking of the case said: "No, I do not think the case will be taken to Jefferson county. I am very well satisfied with the manner in which the case is progressing, and I firmly believe that justice will be given here, and that nothing will influence the court when the facts are brought out."

## ATROCITIES BY FILIPINOS.

Alleged Ill Treatment of Ecclesiastics in the North of Luzon.

The City of Peking brings news to San Francisco of alleged terrible atrocities committed by the insurgents on a Spanish bishop and friars in the extreme north of the island of Luzon. According to the Manila correspondent of the Hongkong Daily Press of Oct. 15, who obtained his information from Spanish sources, General Leyba, who was sent to attack the cities and towns in the north of Luzon, reported to Aguinaldo that he had brought the district completely under the control of the insurgents. He mentioned the capture of 124 friars and lay brothers, many Spanish soldiers, with their arms and property, and silver and valuables to the amount of \$800,000.

It is in these operations that the atrocities are alleged to have been committed, but the allegations, of course, come from the Spanish side and are probably exaggerated. The inhabitants of the towns of Cagayan, Aparri and other places, in the absence of the Spanish troops, and relying upon the promise of the insurgent chiefs that the lives and property of persons of all classes would be respected, surrendered and received the invaders with music and the pealing of bells. The insurgents proved perfidious, however, stealing the money of Spanish civil officials and military officers and the more loyal natives, and sacking convents and churches.

A bishop was slapped in the face, beaten and subjected to the greatest insults, being despoiled even of his clerical robes, and the friars were subjected to almost incredible ill treatment, being beaten with sticks, kicked, hung up and placed in the sun for several hours in the time of greatest heat. The natives were forbidden to render them any assistance or to salute them. It is reported that two friars were savagely murdered. One, 60 years of age, was placed under a horse's saddle and jumped upon until blood poured from his mouth and nose. The other was obliged to put on a native rain coat, was carried in triumph for 200 yards, and then cudgeled to death amid savage cries. The nuns of the girls' school were stripped of their habits and treated infamously.

The Tagalos say they will teach the Cagayanes to despise the Spanish priests, bishops, friars and all things ecclesiastic. Notices have been posted in all the towns proclaiming freedom of belief, civil burial and prohibiting the taking of the sacrament, religious processions and church observances. — Special New York Tribune.

## SCANDALS OF SHOPPING.

Mrs. Henrotin Formulates Rules For Women at Christmas Time.

Mrs. Ellen M. Henrotin of Chicago, who was elected president of the Illinois Consumers' league, sent out a communication the other morning on what she calls "the scandal of Christmas shopping." This letter was addressed to

MRS. ELLEN M. HENROTTIN.

all the clergymen in Chicago, with the request that it be read from their pulpits. It was also sent to all the presidents of women's clubs in the city.

In this communication five simple rules are recommended, which if faithfully observed by the feminine shopper will lessen the labor of employees in the stores, whether men, women or children. These rules are:

1. Shop early in the day.
2. Shop with a carefully classified list.
3. Do no unnecessary shopping before Christmas.
4. Do not ask to have goods delivered the same day.
5. Refuse to receive goods delivered after 7 o'clock at night.

"In my economic investigations for the government," said Mrs. Henrotin the other afternoon, "I discovered a distinct trend among women to form co-operative associations. The position of women in the industrial world resolves itself more and more into that of the consumer, and her education should be based on a thorough knowledge of social economics. Having this in view, I identified myself with the Illinois Consumers' league. The action of this league in sending a letter to Chicago clergymen is for the purpose of calling attention to the scandal of shopping, entailing as it does untold hardship on employer and employee, both of whom must minister to the demands of the consumer. As the consumer is usually a woman she is expected to profit, particularly at this Christmas time, by the rules set forth by the league."

## UNION LABELS.

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others? The Union Label in every industry is a guarantee of fair wages, decent working hours, and union labor employed.

### PATRONIZE UNION CLERKS.

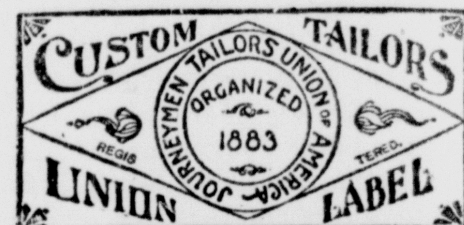

All members of the R. C. N. P. A. can show this card ask for it when making your purchases.  
Endorsed by the A. F. of L.

### UNION MADE BOOTS AND SHOES

The Boot and Shoe Workers' union is the national head of the trade, and is a new combination of all the branches of boot and shoe workers. The above trade-mark when found on the sole or lining of a boot or shoe, is a guarantee that the same is made by union labor. Look for the above design stamped on the sole of every pair of boots or shoes you buy.

### CUSTOM TAILORS' LABEL.

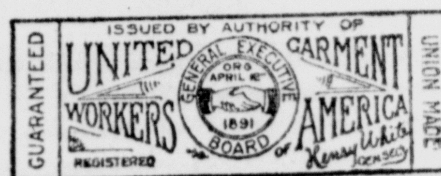

The Journeymen Tailor's Label is to be found in the inside breast pocket of the coat, on the under side of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen.

### UNION MADE HATS.

This Label is about an inch and a half square, and is printed on buff-colored paper. It is placed on every union made hat before it leaves the workman's hands. If a dealer takes a label from one hat and places it on another, or has any detached labels in his store, do not buy from him, as his labels may be counterfeit, and his hats may be the product of scab or non-union labor.

### UNION MADE CLOTHES.

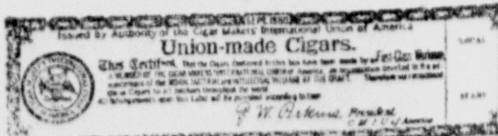

You will find the linen label attached by machine stitching to the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants.

### BICYCLE LABEL.

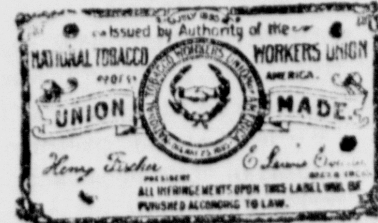

"Do unto others as ye would that others should do unto you." You will endorse the "Golden Rule" by buying and riding bicycles bearing this label. The colors are as follows: The Union shield is in red, white and blue, on a background of pea green, bordered by gold. The label will be placed on the upper front side of the wheel that receives the seat post.

### BLUE LABEL CIGARS.

This label is printed in black ink on light blue paper, and is pasted on the cigar box. Don't mix it up with the U. S. revenue label on the box, as the latter is nearly a similar color.

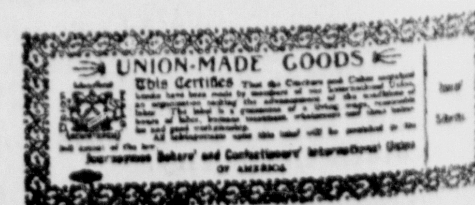

### TOBACCO LABEL.

The above label, printed on blue paper, will be found on all plug tobacco and on the wrappers of chewing tobacco manufactured in union tobacco factories.

### UNION BREAD AND CRACKERS.

This is a full size (resemble of the Bakers' and Confectioners' union) it is printed on fine white paper and is pasted on each loaf of union-made bread. It is evidence that the bread is made under fair and wholesome conditions, and in clean and healthy bakeries. Following is the confectioners' and cracker label:
